of living adjustment is applied to the total benefit. In Variation 2, the federal cost of living adjustment is applied to the Federal Benefit Payment and the District cost of living adjustment is applied to the District benefit payment. A new federal percentage equal to the ratio of the Federal Benefit Payment to the total benefit is established after the adjustments.

**Retroactive Payment of Accrued Annuity Example**

**Example 15: Accrual of Federal Benefit Payment**

The Federal Benefit Payment begins to accrue on the annuity commencing date, regardless of whether the employee is added to the annuity roll in time for the regular payment cycle. If the employee is due a retroactive payment of accrued annuity, the portion of the retroactive payment that would have been a Federal Benefit Payment (if it were made in the regular payment cycle) is still a Federal Benefit Payment. In this example, a teacher retired effective September 11, 1998. She was added to the retirement rolls on the pay date November 1, 1998 (October 1 to October 31 accrual cycle). Her Federal Benefit Payment is $3000 per month and her total benefit payment is $3120 per month. Her initial check is $5200 because it includes a prorated payment for 20 days (September 11 to September 30). The Federal Benefit Payment is $5000 of the initial check ($3000 for the October cycle and $2000 for the September cycle).

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted, without change, to http://www.regulations.gov and will include any personal information you have provided.

Submitting Comments

If you submit a comment, please include the docket number for this rulemaking (USCG–2010–0972), indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online (http://www.regulations.gov), or by fax, mail or hand delivery, but please use only one of these means. If you submit a comment online via http://www.regulations.gov, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an e-mail address, or a phone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to http://www.regulations.gov, click on the “submit a comment” box, which will then become highlighted in blue. In the “Keyword” box insert “USCG–2010–0972,” click “Search,” and then click on the balloon shape in the “Actions” column. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying in an unbound format, no larger than a column. If you submit your comments electronically, please use only one of these methods. If you submit a comment online via http://www.regulations.gov, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an e-mail address, or a phone number in the body of your document so that we can contact you if we have questions regarding your submission.

Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, click on the “read comments” box, which will then become highlighted in blue. In the “Keyword” box insert “USCG–2010–0972” and click “Search.” Click the “Open Docket Folder” in the “Actions” column. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue, SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. We have an agreement with the Department of Transportation to use the Docket Management Facility.

Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the Federal Register (73 FR 3316).

Public Meeting

We do not now plan to hold a public meeting. But you may submit a request for one using one of the four methods specified under ADDRESSES. Please explain why one would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the Federal Register.

For information on facilities or services for individuals with disabilities or to request special assistance at the public meeting, contact Jim Wetherington at the telephone number or e-mail address indicated under the FOR FURTHER INFORMATION CONTACT section of this notice.

Basis and Purpose

Due to a lack of required openings requested by mariners, the bridge owner requested a modification of the regulation governing the operation of the S433 bridge over Bayou Liberty, mile 2.0, St. Tammany Parish, Slidell, LA. This change would allow for the bridge owner to open the bridge for the passage of vessels while minimizing his requirements to staff and maintain the bridge. The bridge has a vertical clearance of 7.59 feet (2.31m) above the 2% flowline, elevation 2.5 feet (0.76m) NAVD 1988 in the closed-to-navigation position and unlimited in the open-to-navigation position. In accordance with 33 CFR 469, the draw of the S433 Bridge, mile 2.0, at Slidell, shall open on signal, except that between 7 p.m. and 7 a.m., the draw shall open on signal if at least two hours notice is given.

Discussion of Proposed Rule

The owner is requesting a new regulation to open with two hours notice because this will reduce the time that the owner is required to maintain a bridge tender. After the study of the bridge logs, it was shown that there was an average of less than one opening per month which is a marked decrease from an average of 7 per month the previous year. This is because the bridge for which the regulation was in place (a pontoon bridge) no longer exists. With the completion of the new bridge (a swing bridge), there is enough vertical clearance to require very few bridge openings.

Regulatory Analyses

We developed this proposed rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

This proposed rule is not a “significant regulatory action” under section 3(f) of Executive Order 12866, Regulatory Planning and Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of that Order. The Office of Management and Budget has not reviewed it under that Order.

We expect the economic impact of this proposed rule to be so minimal that a full Regulatory Evaluation is unnecessary.

The public would need to notify the bridge owner of a required opening two hours in advance rather than on signal.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this proposed rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit
organizations that are independently owned and operated and are not
dominant in their fields, and
governmental jurisdictions with
populations of less than 50,000.
The Coast Guard certifies under 5
U.S.C. 605(b) that this proposed rule
would not have a significant economic
impact on a substantial number of small
entities. This proposed rule would affect
the following entities, some of which
might be small entities: The owners or
operators of vessels needing to transit
the bridge with less than 14-days
advance notice. There have been no
requests for bridge openings in several
years so this proposed rule would not
affect a substantial number of small
entities. Vessels that can safely transit
under the bridge may do so at any time.
Before the effective period, we will
issue maritime advisories widely
available to users of the river.
If you think that your business,
organization, or governmental
jurisdiction qualifies as a small entity
and that this rule would have a
significant economic impact on it,
please submit a comment (see
ADDITIONAL ADDRESSES) explaining why you think it
qualifies and how and to what degree
this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small
Business Regulatory Enforcement
Fairness Act of 1996 (Pub. L. 104–121),
we want to assist small entities in
understanding this proposed rule so that
they can better evaluate its effects on
them and participate in the rulemaking.
If the rule would affect your small
business, organization, or governmental
jurisdiction and you have questions
concerning its provisions or options for
compliance, please call or e-mail Jim
Wetherington; Bridge Administration
Branch, Eighth Coast Guard District,
telephone 504–671–2128, e-mail
james.r.wetherington@uscg.mil. The
Coast Guard will not retaliate against
small entities that question or complain
about this proposed rule or any policy
or action of the Coast Guard.

Collection of Information

This proposed rule would call for no
new collection of information under the
Paperwork Reduction Act of 1995 (44

Federalism

A rule has implications for federalism
under Executive Order 13132.
Federalism, if it has a substantial direct
effect on State or local governments and
would either preempt State law or
impose a substantial direct cost of
compliance on them. We have analyzed
this proposed rule under that Order and
have determined that it does not have
implications for federalism.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of
1995 (2 U.S.C. 1531–1538) requires
Federal agencies to assess the effects of
their discretionary regulatory actions. In
particular, the Act addresses actions
that may result in the expenditure by a
State, local, or tribal government, in the
aggregate, or by the private sector of
$100,000,000 (adjusted for inflation) or
more in any one year. Though this
proposed rule will not result in such an
expenditure, we do discuss the effects of
this rule elsewhere in this preamble.

Taking of Private Property

This proposed rule would not cause a
taking of private property or otherwise
have taking implications under
Executive Order 12630, Governmental
Actions and Interference with
Constitutionally Protected Property
Rights.

Civil Justice Reform

This proposed rule meets applicable
standards in sections 3(a) and 3(b)(2) of
Executive Order 12988, Civil Justice
Reform, to minimize litigation,
eliminate ambiguity, and reduce
burden.

Protection of Children

We have analyzed this proposed rule
under Executive Order 13045,
Protection of Children from
Environmental Health Risks and Safety
Risks. This rule is not an economically
significant rule and would not create an
environmental risk to health or risk to
safety that might disproportionately
affect children.

Indian Tribal Governments

This proposed rule does not have
tribal implications under Executive
Order 13175, Consultation and
Coordination with Indian Tribal
Governments, because it would not have
a substantial direct effect on one or
more Indian tribes, on the relationship
between the Federal Government and
Indian tribes, or on the distribution of
power and responsibilities between the
Federal Government and Indian tribes.

Energy Effects

We have analyzed this proposed rule
under Executive Order 13211, Actions
Concerning Regulations That
Significantly Affect Energy Supply,
Distribution, or Use. We have
determined that it is not a “significant
energy action” under that order because
it is not a “significant regulatory action”
under Executive Order 12866 and is not
likely to have a significant adverse effect
on the supply, distribution, or use of
energy. The Administrator of the Office
of Information and Regulatory Affairs
has not designated it as a significant
energy action. Therefore, it does not
require a Statement of Energy Effects
under Executive Order 13211.

Technical Standards

The National Technology Transfer
and Advancement Act (NTTAA) (15
U.S.C. 272 note) directs agencies to use
voluntary consensus standards in their
regulatory activities unless the agency
provides Congress, through the Office
of Management and Budget, with an
explanation of why using these
standards would be inconsistent with
applicable law or otherwise impractical.
Voluntary consensus standards are
technical standards (e.g., specifications
of materials, performance, design, or
operation; test methods; sampling
procedures; and related management
systems practices) that are developed or
adopted by voluntary consensus
standards bodies.

This proposed rule does not use
technical standards. Therefore, we did
not consider the use of voluntary
consensus standards.

Environment

We have analyzed this proposed rule
under Department of Homeland
Security Management Directive 023–01,
and Commandant Instruction
M16475.1D which guides the Coast
Guard in complying with the National
Environmental Policy Act of 1969
(NEPA) (42 U.S.C. 4321–4370f), and
have made a preliminary determination
that this action is one of a category of
actions which do not individually or
cumulatively have a significant effect on
the human environment because it
simply promulgates the operating
regulations or procedures for
drawbridges. We seek any comments or
information that may lead to the
discovery of a significant environmental
impact from this proposed rule.

List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the
preamble, the Coast Guard proposes to
amend 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE
OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 33 CFR 1.05–1;
Department of Homeland Security Delegation
No. D7101.
II. Summary of Errors

In the DATES section, we inadvertently requested that the Office of the Federal Register base the comment period closing date on the date the proposed rule will appear in the Federal Register instead of the date of filing for public inspection. Therefore, in section III. of this correction notice, we correct this error by inserting the date that the comment period closes, which is January 11, 2011.

III. Waiver of 60-Day Comment Period

We ordinarily permit a 60-day comment period on notices of proposed rulemaking in the Federal Register, as provided in section 1871(b)(1) of the Act. The change made by this correction notice does not constitute agency rulemaking, and therefore the 60-day comment period does not apply. This correction notice merely corrects a technical error in the proposed rule and does not make substantive changes to the proposed rule that would require additional time on which to comment. Instead, this correction notice is intended to ensure the accuracy of the proposed rule.

IV. Correction of Errors

In FR Doc. 2010–28774 filed November 10, 2010, make the following correction:

1. In the DATES section, the phrase “[OFR—insert date 60 days after date of publication in the Federal Register]” is corrected to read “January 11, 2011.”

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 25
[IB Docket No. 97–95; FCC 10–186]

Allocation and Designation of Spectrum for Fixed-Satellite Services in the 37.5–38.5 GHz, 40.5–41.5 GHz and 48.2–50.2 GHz Frequency Bands

AGENCY: Federal Communications Commission.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Federal Communications Commission (FCC) seeks comment on technical rules for the Fixed-Satellite Service in the 37.5–42.5 GHz band. The purpose of this proceeding is to ensure that satellite operators in this band can share the band with terrestrial fixed microwave services without causing harmful interference.

DATES: Comments are due on or before January 6, 2011 and reply comments are due on or before February 7, 2011.

ADDRESSES: You may submit comment, identified by WT Docket No. 07–293 and IB Docket No. 95–91, by any of the following methods:

Federal Communications Commission’s Web Site: http://www.fcc.gov/cgb/ecfs. Follow the instructions for submitting comments.

People with Disabilities: Contact the FCC to request reasonable accommodations (accessible format documents, sign language interpreters, CART, etc.) by e-mail: FCC504@fcc.gov, phone: 202–418–0530 or TTY: 202–418–0432. For detailed instructions for submitting comments and additional information on the rulemaking process, see the SUPPLEMENTARY INFORMATION section of this document.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission’s Third Notice of Proposed Rulemaking (Third Notice) in IB Docket No. 97–95, adopted October 29, 2010 and released on November 1, 2010. The full text of the Notice of Proposed Rulemaking is available for public inspection and copying during regular business hours at the FCC Reference Information Center, Portals II, 445 12th Street, SW., Room CY–A257, Washington, DC 20554. This document may also be purchased from the Commission’s duplicating contractor, Best Copy and Printing, Inc., Portals II, 445 12th Street, SW., Room CY–B402, Washington, DC 20554, telephone (202) 488–5300, facsimile (202) 488–5563, or via e-mail FCC@BCPIWEB.com.

The Third Notice contains proposed new or modified information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104–13. The Commission invites the general public and the Office of Management and Budget (OMB) to comment on the information collections contained in the Third Notice, as required by the Paperwork Reduction Act of 1995, Public Law 104–13. Public and agency comments are due at the same time as other comments on the Third Notice; OMB comments are due on January 6, 2011. Comments should address:
(a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission’s burden estimates; (c) ways to enhance...
