RIN 1010–AD71

Renewable Energy Alternate Uses of Existing Facilities on the Outer Continental Shelf—Acquire a Lease Noncompetitively

AGENCY: Bureau of Ocean Energy Management, Regulation and Enforcement (BOEMRE), Interior.

ACTION: Direct Final rule.

SUMMARY: BOEMRE is revising regulations that pertain to noncompetitive acquisition of an Outer Continental Shelf (OCS) renewable energy lease. We are taking this action because the current regulations covering noncompetitive leasing of an OCS renewable energy lease and an unsolicited request for an OCS renewable energy lease are inconsistent. This rulemaking will make the two processes consistent with each other by eliminating an extra step in the noncompetitive leasing process.

DATES: Effective Date: This rule becomes effective on January 23, 2011 unless BOEMRE publishes a notice withdrawing this rule before that date.

Comment Due Date: Submit comments on the direct final rule by December 27, 2010.
