**Proposed Information Collection; Comment Request; Dam Owner Survey to Support Management of Gulf of Maine Distinct Population Segment (GOM DPS) of Atlantic Salmon**

**AGENCY:** National Oceanic and Atmospheric Administration, Commerce.

**ACTION:** Notice.

**SUMMARY:** The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

**DATES:** Written comments must be submitted on or before January 25, 2011.

**ADDRESSES:** Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at [dHynek@doc.gov](mailto:dHynek@doc.gov)).

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection instrument and instructions should be directed to Tara Trinko, 207-866-4238 or [Tara.Trinko@noaa.gov](mailto:Tara.Trinko@noaa.gov).

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

This is a request for a new information collection.

In 2009, Atlantic salmon populations from the Androscoggin River in South Central Maine to the Dennys River in Eastern Maine were listed as Endangered under the Federal Endangered Species Act (ESA) (74 FR 29344, June 19, 2009). Dams were identified in the listing as a significant threat to the species survival and recovery. In order for recovery to occur, Atlantic salmon must have access to sufficient adult spawning habitat and juvenile rearing habitat to support the continued existence of a recovered salmon population. In furtherance of recovery, the National Marine Fisheries Service (NMFS) proposes to conduct a survey of dam owners.

This survey will allow NMFS to identify owners of non-Federal Energy Regulatory Commission (FERC) regulated dams and present to them opportunities to participate in programs that will aid them in complying with

the ESA. Owners of non-FERC dams often do not have regulatory oversight by a Federal agency and therefore, may not be aware of the requirements of the ESA and what this means to them. This survey will identify opportunities for fish passage improvements or dam removal that may fit into existing funding programs directed towards improving fish passage for diadromous fish species. Information from this survey will also be collected to educate NOAA on the current use, anticipated use, and community interest in small dams. This type of information will aid NMFS in developing tools to communicate and work effectively with dam owners within the GOM DPS. Information will be collected on current uses of dams, anticipated uses of dams, important issues or concerns to dam owners, and owners' interest in creating fish passage or removing dams. Known associations or organizations with an interest in the dams will also be identified.

Respondents will represent members of state and local agencies, private individuals and corporations, and commercial businesses. Results will be used to assist NMFS in identifying dam owners who are interested in discussing potential enhancements to Atlantic salmon habitats.

## II. Method of Collection

The geographic spread of potential respondents is extensive and includes residents of Maine as well as nonresidents. Most respondents will be contacted via an initial letter and a follow-up telephone call. Personal interviews will be scheduled with a few respondents owning multiple (in excess of 5) dams and the information collected will be recorded electronically.

## III. Data

*OMB Control Number:* None.

*Form Number:* None.

*Type of Review:* Regular submission (new information collection).

*Affected Public:* Individuals or households, non-profit institutions; State, local, or tribal government; Federal government, business or other for-profit organizations.

*Estimated Time Per Response:* 7 minutes.

*Estimated Total Annual Burden Hours:* 36.

*Estimated Total Annual Cost to Public:* \$0 for record keeping/reporting.

## IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information

is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information;

(c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: November 22, 2010.

#### Wooden Bedroom Furniture From the People's Republic of China: Amended Final Results Pursuant to a Final Court Decision

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On September 17, 2010, the United States Court of International Trade (the "Court" or "CIT") sustained the U.S. Department of Commerce's (the "Department's") final results of redetermination pursuant to remand, wherein the Department determined to rescind the administrative review ("AR") with respect to Dongguan Bon Ten Furniture Co., Ltd. ("Bon Ten") pursuant to 19 CFR 351.214(j) and 19 CFR 351.213(d)(3).<sup>1</sup> The period of review ("POR") is January 1, 2007, through December 31, 2007. As the Court's decision is now final and conclusive, the Department is amending the final results of the 2007 AR of wooden bedroom furniture ("WBF") from the People's Republic of China ("PRC") to reflect the Department's redetermination

United States*, Slip Op. 2010-106 (September 17, 2010) ("*Bon Ten v. United States*").

to rescind the AR with respect to Bon Ten.<sup>2</sup>

**DATES:** *Effective Date:* November 26, 2010.

### SUPPLEMENTARY INFORMATION:

On August 17, 2009, the Department published its *Final Results*. In response to Bon Ten's arguments in its administrative case brief, the Department determined not to rescind the AR with respect to Bon Ten because Bon Ten had not demonstrated that it had no shipments during the 2007 AR POR outside of the single shipment reviewed during a new shipper review ("NSR")<sup>3</sup> that overlapped, in part, with the 2007 AR POR.<sup>4</sup> Additionally, because Bon Ten had not demonstrated its eligibility for a separate rate in the 2007 AR, the Department maintained its determination to treat Bon Ten as part of the PRC-wide entity.<sup>5</sup>

On August 14, 2009, Bon Ten submitted comments alleging that the Department made a ministerial error with respect to the *Final Results*. Bon Ten's ministerial error allegation focused on the Department's finding in the *Final Results* that Bon Ten had not provided any assertion prior to the submission of its case brief that it had no shipments during the 2007 AR POR outside of the shipment reviewed in the context of the NSR. Bon Ten argued that the Department did not consider its February 5, 2009, submission concerning its shipments during the 2007 AR POR in that finding.

In the *Amended Final Results*, the Department determined that, although it had inadvertently overlooked Bon Ten's February 5, 2009, submission for purposes of the *Final Results*, Bon Ten's allegation did not reflect a ministerial error. The Department reasoned that
