FOR FURTHER INFORMATION CONTACT: Lieutenant Jaewon Choi, JAGC, U.S. Navy, Admiralty Attorney, (Admiralty and Maritime Law), Office of the Judge Advocate General, Department of the Navy, 1322 Patterson Ave., SE., Suite 3000, Washington Navy Yard, DC 20374-5066, telephone number: 202-685-5040.

SUPPLEMENTARY INFORMATION: Pursuant to the authority granted in 33 U.S.C. 1605, the DoN amends 32 CFR Part 706.

This amendment provides notice that the DAJAG (Admiralty and Maritime Law), under authority delegated by the Secretary of the Navy, has certified that USS ANTIETAM (CG 54) is a vessel of

the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provisions of 72 COLREGS without interfering with its special function as a naval ship: Annex I, paragraph 3(a), pertaining to the horizontal distance between the forward and after masthead lights. The DAJAG (Admiralty and Maritime Law) has also certified that the lights involved are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR Parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner differently from that prescribed herein will adversely affect the vessel's ability to perform its military functions.

POSTAL SERVICE

39 CFR Part 111

Express Mail Open and Distribute and Priority Mail Open and Distribute

AGENCY: Postal Service.™

ACTION: Final rule.

SUMMARY: The Postal Service is revising *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM®) 705.16 to require the use of a single-ply address label containing a service barcode with unique Service Type Code “723” or a “DB” prefix along with new Tag 257, Tag 267, or Label 257S, on all Express Mail® Open and Distribute containers. The Postal Service is also revising the service commitment for Express Mail Open and Distribute as a guaranteed end of day product; and adding a five-pound minimum weight requirement for Express Mail Open and Distribute and Priority Mail® Open and Distribute sacks.

DATES: *Effective Date:* January 2, 2011.

FOR FURTHER INFORMATION CONTACT: Jewelyn Harrington at 202-268-7648 or Garry Rodriguez at 202-268-7281.

SUPPLEMENTARY INFORMATION: On September 17, 2010, the Postal Service published a proposed rule in the *Federal Register* (75 FR 56920-56922)

to change the standards for Express Mail Open and Distribute. After reviewing the comments, and upon further consideration of the proposed revisions, the Postal Service has decided to adopt the proposed regulations with a minor revision.

Comments

The Postal Service received three comments and a request for clarification:

1. All three comments raised concerns about the five-pound minimum weight limit for Express Mail Open and Distribute and Priority Mail Open and Distribute sacks. As a result, the Postal Service is making a minor revision to allow an Open and Distribute sack to be less than 5 pounds if the sack contains mail in a qualifying tray.

2. One commenter also requested a clarification of the end of day service commitment for Express Mail Open and

Distribute shipments. The end of day (11:59 p.m.) service commitment guarantees delivery of the Express Mail Open and Distribute container to the designated entry Postal facility. Upon entry, the enclosed mail is processed for delivery according to the service standards for the product.

Summary

Express Mail

The Postal Service is requiring mailers to place a single-ply address label with a service barcode on all Express Mail Open and Distribute containers and to submit an electronic file. The service barcode is required to be a USS 128 or Code 39 barcode with a "DB" prefix, or Intelligent Mail package barcode (eVS[®] approved mailers) symbology with a unique Service Type Code (STC) "723". The text, "USPS SCAN ON ARRIVAL," must appear above the barcode. This requirement is in accordance with instructions for barcode specifications, electronic file format and testing, and the certification process in Publication 91, *Confirmation Services Technical Guide*.

The Postal Service is also replacing Tag 157 with Tag 257 (DDU), Tag 267 (SCF, NDC), and Label 257S (DDU) for all Express Mail Open and Distribute containers.

In addition, the Postal Service revises the service commitment to end of day (11:59 p.m.) for Express Mail Open and Distribute shipments.

Express Mail and Priority Mail

The Postal Service is establishing a five-pound minimum weight requirement for all Express Mail Open and Distribute and Priority Mail Open and Distribute sacks, except for sacks containing qualified trays (trays prepared under the standards for the applicable class of mail).

The Postal Service adopts the following changes to *Mailing Standards of the United States Postal Service*, Domestic Mail Manual (DMM), which is incorporated by reference in the Code of Federal Regulations. See 39 CFR 111.1.
