SUPPLEMENTARY INFORMATION:

Background
Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable FMVSS shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable FMVSS.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the Federal Register of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the Federal Register.

Masa Auto Wholesalers of Chandler, Arizona (Masa) (Registered Importer 94–018) has petitioned NHTSA to decide whether non-U.S. certified 2010 Harley Davidson FL series motorcycles are eligible for importation into the United States. The vehicles that Masa believes are substantially similar are 2010 Harley Davidson FL series motorcycles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable FMVSS.

The petitioner claims that it carefully compared non-U.S. certified 2010 Harley Davidson FL series motorcycles to their U.S. certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most FMVSS.

Masa submitted information with its petition intended to demonstrate that non-U.S. certified 2010 Harley Davidson FL series motorcycles, as originally manufactured, conform to many FMVSS in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards. Specifically, the petitioner claims that non-U.S. certified 2010 Harley Davidson FL series motorcycles are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 108 Brake Hoses, 111 Rearview Mirrors, 116 Brake Fluid, 119 New Pneumatic Tires for Vehicles other than Passenger Cars, and 122 Motorcycle Brake Systems.

The petitioner further contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated below:

Standard No. 108 Lamps, Reflective Devices and Associated Equipment: Installation of the following U.S.-certified components on vehicles not already so equipped: (a) Headlamp; (b) front and rear side-mounted reflex reflectors; (c) rear-mounted reflex reflector; (d) rear turn signal lamps; (e) stoplamp; (f) taillamp; and (g) license plate lamp.

Standard No. 120 Tire Selection and Rims for Vehicles other than Passenger
Cars: Installation of a tire information placard

Standard No. 123 Motorcycle Controls and Displays: Installation of a U.S.-model speedometer/odometer unit to meet the requirements of this standard.

Standard No. 205 Glazing Materials: Inspection of all vehicles, and removal of noncompliant glazing or replacement of the glazing with U.S.-certified components on vehicles that are not already so equipped.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above addresses both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the Federal Register pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: November 23, 2010.

Claude H. Harris,
Acting Associate Administrator for Enforcement.

Surface Transportation Board

Release of Waybill Data

The Surface Transportation Board has received a request from McCarthy, Sweeney & Harkaway, P.C. on behalf of the State of Montana (WB10–069(1)), for permission to use certain data from the Board’s 2006 through 2009 (when available) Carload Waybill Sample. This request was made pursuant to 49 CFR 1244.9(b)(4) because it is related to a proceeding before the Board, State of Montana v. BNSF Railway Company, NOR 42124. Because some of the waybill information requested is from entities not party to this proceeding (i.e., Union Pacific Railroad Company and Canadian Pacific Railroad Company), the Board is providing notice and an opportunity to comment on the request. (The Board’s regulations do not specifically require Federal Register notice for this category of request.) A copy of the request may be obtained from the Office of Economics. See the contact listed below.

The Board will follow its procedures set forth in 49 CFR 1244.9(d) for handling this waybill sample request. The waybill sample contains confidential railroad and shipper data; therefore, if any party objects to this request, it should file the objections with the Director of the Board’s Office of Economics within 14 calendar days of the publication of this notice. The rules for release of waybill data are codified at 49 CFR 1244.9.

Office of Financial Research; Statement on Legal Entity Identification for Financial Contracts

ACTION: Statement of policy with request for comment.

SUMMARY: The Dodd-Frank Wall Street Reform and Consumer Protection Act (the “DFA”), Public Law 111–203, establishes the Office of Financial Research (the “Office”) and provides it with the authority to collect data to support the Financial Stability Oversight Council (the “Council”) and to set standards for reporting such data. The statement of policy provides guidance on how the Office will evaluate whether a standard is adequate for adoption, including its attributes and method of implementation. The Office seeks comment on this statement of policy, including but not limited to the desired characteristics for a Legal Entity Identifier (“LEI”) and the institutional arrangements for issuing and maintaining identifiers and associated reference data.
