**SUPPLEMENTARY INFORMATION:** Somali pirates operate along a 2,300 mile coast and in 2.5 million square miles of ocean. Given the size and complexity of the affected area, a combination of domestic and international efforts is necessary to curb piratical activities. The combination of piracy and weak rule of law in the region offers a potential breeding ground for other transnational threats. Accordingly, the U.S. has used existing statutory authority to develop regulations designed to protect U.S.-flagged vessels and continues to work with international partners to prevent piracy.

On February 10, 2006, the Coast Guard announced the release of MARSEC Directive 104–6 (71 FR 7054) for those owners and operators of vessels subject to 33 CFR parts 101 and 104 to provide direction to U.S. flagged vessels operating in high risk areas where acts of piracy and armed robbery against ships are prevalent. That Directive has been superseded by four revisions updating the Directive. MARSEC Directive 104–6 (Rev. 1) provided an updated list of the high risk waters based on a biennial review of global piracy and terrorism threats. MARSEC Directive 104–6 (Rev. 2), issued on May 11, 2009, provided additional counter-piracy guidance to U.S. flagged vessels operating in high risk waters where acts of piracy and armed robbery against ships are prevalent. It also provided a listing of additional high risk waters, updated...
from the previous version of the Directive.

MARSEC Directive 104–6 (Rev. 3) encourages the use of industry best management practices that have proven to be successful in thwarting pirate attacks and incorporates lessons-learned since the issuance of Revision 2.

MARSEC Directive 104–6 (Rev. 4), the Directive that is the subject of this notice of availability, provides clarification for U.S. flagged vessels berthed or anchored in high risk waters. Vessels at anchor should operate in a manner consistent with vessels that transit through high risk waters.

Whether at anchor or underway, the vessels are subjected to the same type of threats from attacking pirates. Vessels berthed in high risk waters should implement enhanced security measures as required by the MARSEC Directive. With the issuance of (Rev. 4), MARSEC Directive 104–6 (Rev. 3) is no longer valid.

To support the issuance of MARSEC Directive 104–6 (series), we have developed piracy-related Port Security Advisories (PSAs) to provide further guidance and direction to U.S. flagged vessels operating in high risk waters to help facilitate compliance with this directive. The PSAs can be found at http://homeport.uscg.mil/piracy, including a non-SSI version of this MARSEC Directive.

Procedural:
COTP's and District Commanders can access all MARSEC Directives on Homeport by logging in and going to Missions > Maritime Security > Maritime Transportation Security Act (MTSA) > Policy. Owners and operators of U.S. flagged vessels that travel on international voyages must contact their local COTP or cognizant District Commander to acquire a copy of MARSEC Directive 104–6 (Rev. 4). COTP's or cognizant District Commanders may provide this MARSEC Directive to appropriate vessel owners and operators via mail or fax in accordance with SSI handling procedures.

Pursuant to 33 CFR 101.405, we consulted with the Department of State, Office of the Secretary of Defense, Joint Chiefs of Staff, Department of Transportation/Maritime Administration, Office of Naval Intelligence, Department of Commerce, Department of Justice, Military Sealift Command, Global Maritime Situational Awareness, Overseas Security Advisory Council, United States Agency for International Development, Naval Criminal Investigative Service, Customs and Border Protection, Transportation Security Administration, U.S. Africa Command, U.S. Central Command, and U.S. Transportation Command prior to issuing these Directives.

All MARSEC Directives issued pursuant to 33 CFR 101.405 are marked as SSI in accordance with 49 CFR Part 1520. COTP's and District Commanders will require individuals requesting a MARSEC Directive to prove that they meet the standards for a “covered person” under 49 CFR 1520.7, have a “need to know” the information, as defined in 49 CFR 1520.11, and that they will safeguard the SSI in MARSEC Directive 104–6 (Rev. 4) as required in 49 CFR 1520.9.

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Kathy Ezzell, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 708–1234; TTY number for the hearing- and speech-impaired (202) 708–2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 800–927–7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in National Coalition for the Homeless v. Veterans Administration, No. 88–2503–OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency’s needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Where property is described as “off-site use only” recipients of the property will be required to relocate the building to their own site at their own expense. Homeless assistance providers interested in such property should send a written expression of interest to HHS, addressed to Theresa Rita, Division of Property Management, Program Support Center, HHS, room 5B–17, 5600 Fishers Lane, Rockville, MD 20857; (301) 443–2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers
