Alternatively, the Postal Service petitions the Commission to initiate a rulemaking to remove the requirement to report service performance measurement for First-Class Mail Flats at the District level from the Commission’s rules of practice and procedure. See 39 CFR 3055.45(a). Concomitantly, the Postal Service filed a provisional notice of withdrawal from a separate request for a temporary waiver of this reporting requirement.2 See Docket No. RM2011–1.

Specifically, the Postal Service requests that the Commission grant one of the following extraordinary remedies: (1) Allow a semi-permanent exception for quarterly, district-level reporting of First-Class Mail Flats under 39 CFR 3055.3(a)(1), on the basis of the undue burden that a $4 million measurement cost would impose on the Postal Service’s financial position; (2) allow a semi-permanent exception on an extraordinary basis, not under 39 CFR 3055.3(a)(1), for the same reason; or (3) amend 39 CFR 3055.45(a)(1) and (2) to delete the word “District.” Request at 7.

The Commission establishes Docket No. RM2011–4 for consideration of matters related to the proposed semi-permanent exception from periodic reporting of service performance measurement identified in the Postal Service’s Request.

Interested persons may submit comments on whether the Postal Service’s Request is consistent with the policies of 39 U.S.C. 3652(a)(2) and 39 CFR 3055.3. Comments are due no later than December 14, 2010. The Postal Service’s Request can be accessed via the Commission’s Web site (http://www.prc.gov).

The Commission appoints Emmett Rand Costich to serve as Public Representative in the captioned proceedings.

It is ordered:
1. The Commission establishes Docket No. RM2011–4 for consideration of matters raised by the Postal Service’s Request.
2. Comments by interested persons in these proceedings are due no later than December 14, 2010.
3. Pursuant to 39 U.S.C. 505, Emmett Rand Costich is appointed to serve as the officer of the Commission (Public Representative) to represent the interests of the general public in these proceedings.

Office of Ecosystem Protection, U.S. Environmental Protection Agency, EPA New England Regional Office, 5 Post Office Square, Suite 100, Boston, MA 02109–3912. Such deliveries are only accepted during the Regional Office’s normal hours of operation. The Regional Office’s official hours of business are Monday through Friday, 8:30 to 4:30, excluding legal holidays.

Instructions: Direct your comments to Docket ID No. EPA–R01–OAR–2010–0934. EPA’s policy is that all comments received will be included in the public docket without change and may be made available online at http://www.regulations.gov, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit through http://www.regulations.gov or e-mail, information that you consider to be CBI or otherwise protected. The http://www.regulations.gov Web site is an “anonymous access” system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through http://www.regulations.gov your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD–ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the electronic docket are listed in the http://www.regulations.gov index. Although listed in the index, some information is not publicly available, i.e., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically in http://www.regulations.gov or in hard copy at Office of Ecosystem Protection, U.S. Environmental Protection Agency, EPA New England Regional Office, 5 Post Office Square, Suite 100, Boston, MA 02109–3912.

5. Hand Delivery or Courier. Deliver your comments to: Anne Arnold, Manager, Air Quality Planning Unit, EPA Office of Ecosystem Protection, U.S. Environmental Protection Agency, EPA New England Regional Office, 5 Post Office Square, Suite 100, Boston, MA.

4. The Secretary shall arrange for publication of this order in the Federal Register.

By the Commission.

Shoshana M. Grove,
Secretary.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Approval and Promulgation of Air Quality Implementation Plans; New Hampshire; Determination of Attainment of the 1997 Ozone Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA is proposing to determine that the New Hampshire moderate 1997 8-hour ozone nonattainment area continues to attain the 1997 8-hour National Ambient Air Quality Standard (NAAQS) for ozone. This determination is based upon complete, quality-assured, certified ambient air monitoring data that show the area has monitored attainment of the 1997 8-hour ozone NAAQS for the 2007–2009 monitoring period. Preliminary data available through June 15, 2010 also are consistent with continued attainment. In addition, in accordance with the Clean Air Act, EPA is proposing to determine that this area has attained the 1997 ozone NAAQS as of June 15, 2010, its applicable attainment date.

DATES: Written comments must be received on or before January 5, 2011.

ADDRESSES: Submit your comments, identified by Docket ID Number EPA–R01–OAR–2010–0934 by one of the following methods:

2. E-mail: arnold.anne@epa.gov.

3. Fax: (617) 918–0047.

5. Hand Delivery or Courier. Deliver your comments to: Anne Arnold, Manager, Air Quality Planning Unit, Office of Ecosystem Protection, U.S. Environmental Protection Agency, EPA New England Regional Office, 5 Post Office Square, Suite 100, Boston, MA.

EPA requests that if at all possible, you contact the person listed in the FOR FURTHER INFORMATION CONTACT section to schedule your inspection. The Regional Office’s official hours of business are Monday through Friday, 8:30 to 4:30, excluding legal holidays.

FOR FURTHER INFORMATION CONTACT:
Richard P. Burkhart, Air Quality Planning Unit, U.S. Environmental Protection Agency, EPA New England Regional Office, 5 Post Office Square, Suite 100, Boston, MA 02109–3912, telephone number (617) 918–1664, fax number (617) 918–0664, e-mail Burkhart.Richard@epa.gov.

SUPPLEMENTARY INFORMATION:
Throughout this document whenever "we," "us," or "our" is used, we mean EPA.
Organization of this document. The following outline is provided to aid in locating information in this preamble.
I. What actions is EPA taking?
II. What is the effect of these actions?
III. What is the background for these actions?
IV. What is EPA’s analysis of the relevant air quality data?
V. Proposed Actions
VI. Statutory and Executive Order Reviews

I. What actions is EPA taking?

EPA is proposing to determine that the Boston-Manchester-Portsmouth (SE), New Hampshire moderate 8-hour ozone nonattainment area continues to attain the 1997 8-hour NAAQS for ozone. This determination is based upon complete, quality-assured and certified ambient air monitoring data that show the area has monitored attainment of the 1997 ozone NAAQS for the 2007–2009 monitoring period. Data available through June 15, 2010, in the EPA Air Quality System (AQS) database, for the Boston-Manchester-Portsmouth (SE), New Hampshire area, from 2007 through 2009. On the basis of its review, EPA proposes to conclude that the area attained the 1997 8-hour ozone standard at the end of the 2009 ozone season, based on 3 years of complete, quality-assured and State-certified 2007–2009 ozone data. Preliminary data available in the EPA Air Quality System, through June 15, 2010 are also consistent with continued attainment.

Under EPA regulations at 40 CFR part 50, the 1997 8-hour ozone standard is attained at a site when the 3-year average of the annual fourth-highest daily maximum 8-hour average ozone concentrations at an ozone monitor is less than or equal to 0.08 parts per million (ppm) (i.e., 0.084 ppm, based on the rounding convention in 40 CFR part 50, appendix I). This 3-year average is referred to as the design value. When the value is less than or equal to 0.084 ppm at each monitoring site within the area, then the area is meeting the NAAQS. Also, the data completeness requirement is met when the average percent of days with valid ambient monitoring data is greater than 90%, and no single year has less than 75% data completeness as determined in Appendix I of 40 CFR part 50.

Table 1 shows the fourth-highest daily maximum 8-hour average ozone concentrations for the Boston-Manchester-Portsmouth (SE), New Hampshire nonattainment area monitors for the years 2007–2009, and the ozone design values for these same monitors based on 2007–2009.

</tbody>
</table>
EPA’s review of these data indicates that the Boston-Manchester-Portsmouth (SE), New Hampshire ozone nonattainment area has met the 1997 8-hour ozone NAAQS, based on 2007–2009 data. EPA believes these data, coupled with preliminary data available through June 15, 2010, indicate that the Boston-Manchester-Portsmouth (SE), New Hampshire area has also attained the standard as of its applicable attainment date of June 15, 2010. Thus, in accordance with CAA section 181(b)(2), EPA is also proposing to determine that the Boston-Manchester-Portsmouth (SE), New Hampshire area has attained the standard by its applicable attainment date.

EPA is soliciting public comment on the issues discussed in this notice or on other relevant matters pertaining to this rulemaking action. These comments will be considered before EPA takes final action. Interested parties may participate in the Federal rulemaking procedure by submitting written comments to the EPA New England Regional Office listed in the ADDRESSES section of this Federal Register.

V. Proposed Actions

EPA is proposing to determine that the Boston-Manchester-Portsmouth (SE), New Hampshire 1997 8-hour ozone moderate nonattainment area continues to attain the 1997 8-hour ozone standard, based on complete, quality-assured data from 2007 through 2009. Data for 2010 that are available in AQS through June 30, 2010 are consistent with continued attainment. As provided in 40 CFR Section 51.918, if EPA finalizes this determination, the requirements for New Hampshire to submit planning SIPs related to attainment of the 1997 8-hour ozone NAAQS for this area remain suspended, for so long as the area continues to attain the standard. In addition, under section 181(b)(2)(A) of the Clean Air Act and the provisions of EPA’s ozone implementation rule (see 40 CFR 51.902(a)), EPA is proposing to determine that this area has attained the 1997 ozone NAAQS by its applicable attainment date of June 15, 2010.

VI. Statutory and Executive Order Reviews

These actions propose to make determinations of attainment based on air quality, and would, if finalized, result in the continued suspension of certain Federal requirements, and would not impose additional requirements beyond those imposed by State law. For that reason, these proposed actions:

- Are not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51733, October 4, 1993);
- Do not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.);
- Are certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.);
- Do not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Do not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Are not economically significant regulatory actions based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Are not subject to the requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Do not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have Tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on Tribal governments or preempt Tribal law.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Nitrogen dioxide, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Authority: 42 U.S.C. 7401 et seq.

Dated: November 24, 2010.

Ira W. Leighton,
Acting Regional Administrator, EPA New England.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Approval and Promulgation of Implementation Plans; Alaska: Prevention of Significant Deterioration; Greenhouse Gas Permitting Authority and Tailoring Rule Revision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve a draft revision to the State Implementation Plan (SIP), submitted by the Commissioner of the Alaska Department of Environmental Conservation (ADEC) to EPA on October 25, 2010, for parallel processing. The proposed SIP revision updates Alaska’s Prevention of Significant Deterioration (PSD) program to reflect changes to the Federal PSD program relating to the permitting of greenhouse gas (GHG) emissions. EPA is proposing in this action to approve those revisions if the final SIP revision submitted by Alaska to EPA is consistent with the draft SIP revision.

DATES: Comments must be received on or before January 5, 2011.
