SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63432; File No. SR-BX-2010-082]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify Fees for the NASDAQ OMX BX Equities System

December 3, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 24, 2010, NASDAQ OMX BX, Inc. ("BX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by BX. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

BX proposes to modify pricing for BX members using the NASDAQ OMX BX Equities System by clarifying that partial trading days will not be counted in the calculation of average daily trading volume for purposes of determining a member's eligibility for recently adopted pricing tiers in BX's fee schedule. BX will implement the proposed change immediately [sic]. The text of the proposed rule change is available at <http://nasdaqomxbx.cchwallstreet.com>, at BX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, BX included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements

may be examined at the places specified in Item IV below. BX has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

BX recently modified its fees for trades that execute at prices at or above \$1.³ Effective November 1, 2010, BX introduced a tiered pricing structure for the fee that it charges to orders that add liquidity, under which members adding a daily average of more than 50 million shares of liquidity during a month are charged \$0.00025 per share executed, while members adding a daily average of 50 million or fewer shares during the month are charged \$0.0004 per share executed.

Through this proposed rule change, BX is adding language to BX Rule 7018 to clarify that any day that the market is not open for the entire trading day will be excluded from the calculation of a member's average daily volume. The change recognizes that many members may have extremely light trading volumes on days such as the day after Thanksgiving, when the markets are not open for an entire trading day. Accordingly, excluding this day from average daily volume calculations provides a more accurate assessment of the member's volume during the month. There have been no partial trading days during the month of November prior to the date of submission of this filing, so the filing is not retroactive in effect.

2. Statutory Basis

BX believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁴ in general, and with Section 6(b)(4) of the Act,⁵ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which BX operates or controls. The change will clarify the application of a recent pricing change by excluding partial trading days from average daily volume calculations, making it easier for members to achieve more favorable pricing tiers by excluding trading days when their volume is likely to be lower.

⁴ 15 U.S.C. 78f.

⁵ 15 U.S.C. 78f(b)(4).

B. Self-Regulatory Organization's Statement on Burden on Competition

BX does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁶ of the Act and subparagraph (f)(2) of Rule 19b-4⁷ thereunder, because it establishes a due, fee, or other charge imposed by BX on its members.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63426; File No. SR-CBOE-2010-107]

Self-Regulatory Organizations; Chicago Board Options Exchange, Incorporated: Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Amendment of the Hybrid Agency Liaison Step-Up Rebate

December 3, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(b)(1), notice is hereby given that on December 1, 2010, Chicago Board Options Exchange, Incorporated ("CBOE" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in

Items I and II below, which Items have been prepared by CBOE. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Chicago Board Options Exchange, Incorporated ("CBOE" or "Exchange") proposes to amend the Hybrid Agency Liaison ("HAL") step-up rebate. The text of the proposed rule change is available on the Exchange's Web site (<http://www.cboe.org/legal>), at the Exchange's Office of the Secretary and at the Commission.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, CBOE included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. CBOE has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, Proposed Rule Change

1. Purpose

In order to incent market makers to execute orders at CBOE versus routing orders to other exchanges pursuant to the Options Order Protection and Locked/Crossed Plan, the Exchange provides a rebate to market-makers that "step-up" and trade all or part of certain orders on the HAL system.¹ Specifically, the Exchange rebates to a market-maker \$.20 per contract against transaction fees generated from a transaction on the HAL system in a penny pilot class, provided that at least 60% of the market-maker's quotes in that class (excluding quotes in LEAPS series) in the prior calendar month were on one side of the national best bid or offer ("NBBO") price. Market-makers not meeting this 60% qualifying threshold are not eligible to receive a rebate. The Exchange proposes to reduce the amount of the rebate from \$.20 per contract to \$.15 per contract

¹ See CBOE Fees Schedule, Section 19. HAL is a system for automated handling of electronically received orders that are not automatically executed upon receipt by the Hybrid System. CBOE Rule 6.14A governs the operation of the HAL system under the Options Order Protection and Locked/Crossed Plan.

effective December 1, 2010. All other aspects of the rebate program would remain unchanged.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 ("Act"),² in general, and furthers the objectives of Section 6(b)(4)³ of the Act in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its trading permit holders. The Exchange believes the proposed rebate is reasonable because it provides an incentive for market-makers to compete better for order flow in the penny pilot classes. The Exchange believes the proposed rebate is equitable because it applies equally to all market makers that trade orders in penny pilot classes on the HAL system and that meet the qualifying quoting criteria.

B. Self-Regulatory Organization's Statement on Burden on Competition

CBOE does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁴ and subparagraph (f)(2) of Rule 19b-4⁵ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.
