ENVIRONMENTAL PROTECTION AGENCY

[FRL-9237-6; Docket ID No. EPA-HQ-ORD-2007-0664]

Integrated Risk Information System (IRIS); Announcement of Availability of Literature Searches for IRIS Assessments

AGENCY: Environmental Protection Agency.

ACTION: Announcement of availability of literature searches for IRIS assessments; request for information.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is announcing the availability of literature searches for four IRIS assessments, acetaldehyde (CAS No. 75-07-0), hexachlorobutadiene (CAS No. 87-68-3), hexahydro-1,3,5-trinitro-1,3,5-triazine (RDX) (CAS No. 121-82-4), and naphthalene (CAS No. 91-20-3) and requesting scientific information on health effects that may result from exposure to these chemical substances. EPA's IRIS is a human health assessment program that evaluates quantitative and qualitative risk information on effects that may result from exposure to specific chemical substances found in the environment.

DATES: EPA will accept information related to the specific substances included herein as well as any other compounds being assessed by the IRIS Program. Please submit any information in accordance with the instructions provided below.

ADDRESSES: Please submit relevant scientific information identified by docket ID number EPA-HQ-ORD-2007-0664, online at <http://www.regulations.gov> (EPA's preferred method); by e-mail to ord.docket@epa.gov; mailed to Office of Environmental Information (OEI) Docket (Mail Code: 2822T), U.S. Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. Information on a disk or CD-ROM should be formatted in Word or as an ASCII file, avoiding the use of special characters and any form of encryption, and may be mailed to the mailing address above.

FOR FURTHER INFORMATION CONTACT: For information on the IRIS program, contact Karen Hammerstrom, IRIS Program Deputy Director, National Center for Environmental Assessment,

(mail code: 8601D), Office of Research and Development, U.S. Environmental Protection Agency, Washington, DC 20460; telephone: (703) 347-8642, facsimile: (703) 347-8689; or e-mail: FRNQuestions@epa.gov.

For general questions about access to IRIS, or the content of IRIS, please call the IRIS Hotline at (202) 566-1676 or send electronic mail inquiries to hotline.iris@epa.gov.

SUPPLEMENTARY INFORMATION:

Background

EPA's IRIS is a human health assessment program that evaluates quantitative and qualitative risk information on effects that may result from exposure to specific chemical substances found in the environment. Through the IRIS Program, EPA provides the highest quality science-based human health assessments to support the Agency's regulatory activities. The IRIS database contains information for more than 540 chemical substances that can be used to support the first two steps (hazard identification and dose-response evaluation) of the risk assessment process. When supported by available data, IRIS provides oral reference doses (RfDs) and inhalation reference concentrations (RfCs) for chronic noncancer health effects as well as assessments of potential carcinogenic effects resulting from chronic exposure. Combined with specific exposure information, government and private entities use IRIS to help characterize public health risks of chemical substances in a site-specific situation and thereby support risk management decisions designed to protect public health.

This data call-in is a step in the IRIS process. As literature searches are completed, the results will be posted on the IRIS Web site (<http://www.epa.gov/iris>). The public is invited to review the literature search results and submit additional information to EPA.

Request for Public Involvement in IRIS Assessments

EPA is soliciting public involvement in assessments on the IRIS agenda, including new assessments starting in 2011. While EPA conducts a thorough literature search for each chemical substance, there may be unpublished studies or other primary technical sources that are not available through the open literature. EPA would appreciate receiving scientific information from the public during the information gathering stage for the assessments listed in this notice or any other assessments on the IRIS agenda.

Interested persons may provide scientific analyses, studies, and other pertinent scientific information. While EPA is primarily soliciting information on new assessments, the public may submit information on any chemical substance at any time.

This notice provides (1) a list of new IRIS assessments for which literature searches have recently become available; and (2) instructions to the public for submitting scientific information to EPA pertinent to the development of assessments.

EPA is announcing the availability of additional literature searches on the IRIS Web site (<http://www.epa.gov/iris>). The public is invited to review the literature search results and submit additional information to EPA. Literature searches are now available for acetaldehyde (CAS No. 75-07-0), hexachlorobutadiene (CAS No. 87-68-3), hexahydro-1,3,5-trinitro-1,3,5-triazine (RDX) (CAS No. 121-82-4), and naphthalene (CAS No. 91-20-3) at <http://www.epa.gov/iris> under "IRIS Agenda and Literature Searches." Additional literature searches will be posted as they are completed. Availability will be announced in the **Federal Register**. Instructions on how to submit information are provided below under General Information.

Such deliveries are only accepted during the docket's normal hours of operation, and special arrangements should be made for deliveries of boxed information. If you provide information by mail or hand delivery, please submit one unbound original with pages numbered consecutively, and three copies of the comments. For

attachments, provide an index, number pages consecutively with the main text, and submit an unbound original and three copies.

Instructions: Direct your comments to Docket ID No. EPA-HQ-ORD-2007-0664. It is EPA's policy to include all comments it receives in the public docket without change and to make the comments available online at <http://www.regulations.gov>, including any personal information provided, unless a comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through <http://www.regulations.gov> or e-mail. The <http://www.regulations.gov> Web site is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through <http://www.regulations.gov>, your e-mail address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses. ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2008-0055; FRL-9233-9]

Notice Regarding National Pollutant Discharge Elimination System (NPDES); General Permit for Discharges Incidental to the Normal Operation of a Vessel

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of availability.

SUMMARY: EPA announced the final NPDES general permit for discharges incidental to the normal operation of vessels, also referred to as the Vessel General Permit (VGP), in the **Federal Register** on December 29, 2008 (73 FR 79473). The permit was finalized on December 18, 2008 and became effective on February 6, 2009. EPA noticed final issuance of the VGP for the states of Hawaii and Alaska, after receipt of a certification pursuant to section 401 of the Clean Water Act (CWA) from Hawaii and a final response on the national consistency determination required by section 307(c)(1) of the Coastal Zone Management Act (CZMA) from Alaska, which was signed on February 2, 2009, with an effective date of February 6, 2009. On March 11, 2009, a notice of availability in the **Federal Register** provided notice of EPA's deletion of State section 401 certification conditions from the VGP for the States of New Jersey, Illinois, and California (74 FR 10573). Today's notice of availability provides notice of EPA's deletion of specific State section 401 certification conditions from Part 6 of the VGP for the States of Pennsylvania and Iowa.

FOR FURTHER INFORMATION CONTACT: For further information on the final vessel NPDES general permit, contact Robin Danesi at EPA Headquarters, Office of Water, Office of Wastewater Management, Mail Code 4203M, 1200 Pennsylvania Ave., NW., Washington, DC 20460; or at tel. 202-564-1846; or Juhi Saxena at EPA Headquarters, Office of Water, Office of Wastewater Management, Mail Code 4203M, 1200 Pennsylvania Ave., NW., Washington, DC 20460; or at tel. 202-564-0719; or e-mail:

CommercialVesselPermit@epa.gov.

SUPPLEMENTARY INFORMATION:

A. General Information

Pursuant to Clean Water Act section 401(a) and EPA's implementing regulations, EPA may not issue a NPDES permit (including the VGP) until the appropriate State certifications have been granted or waived. 40 CFR 124.53(a). Through the certification process, States were given the opportunity, before the VGP was issued, to add conditions to the permit they believe are necessary to ensure that the permit complies with the Clean Water Act and other appropriate requirements of State law, including State water quality standards.

Pennsylvania Department of Environmental Protection issued its section 401 certification for the VGP on December 12, 2008, and modified its certification on October 1, 2010. This modification deleted certification conditions 1, 2, and 3. Iowa Department of Natural Resources issued its section 401 certification for the VGP on August 8, 2008, and modified its certification on July 8, 2009. This modification deleted certification conditions 3 and 11. Pursuant to EPA's implementing regulations at 40 CFR 124.55(b), EPA may, at the request of a permittee, modify the VGP based on a modified certification received after final agency action on the permit "only to the extent necessary to delete any conditions based on a condition in a certification invalidated by a court of competent jurisdiction or by an appropriate State board or agency." 40 CFR 124.55(b). In accordance with this provision, EPA has removed these deleted certification conditions from the VGP.¹ EPA's letters notifying the requesting permittees that their requests to delete the permit conditions were granted, and a copy of the VGP reflecting those deletions, can be found in the docket for the VGP (Docket ID No. EPA-HQ-OW-2008-0055).²

B. How can I get copies of these documents and other related information?

1. Docket. EPA has established an official public docket for this action under Docket ID No. EPA-HQ-OW-

¹ In order for EPA to remove these deleted conditions from the VGP, the regulations at 40 CFR 124.55(b) also require that EPA receive a request from a permittee asking that the deleted State certification conditions be removed from the permit. EPA received such requests to remove deleted conditions from The Vane Brothers Company in Pennsylvania on November 24, 2009 and from Alter Barge Line, Inc. in Iowa on December 31, 2009.

² In addition, the permit may be found at <http://www.epa.gov/npdes/vessels>.

2008-0055. The official public docket is the collection of materials, including the administrative record, for the final permit, required by 40 CFR 124.18. It is available for public viewing at the Water Docket in the EPA Docket Center, (EPA/DC) EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC 20460. Although all documents in the docket are listed in an index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Publicly available docket materials are available electronically through <http://www.regulations.gov> and in hard copy at the EPA Docket Center Public Reading Room, open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744 and the telephone number for the Water Docket is (202) 566-2426.

2. Electronic Access. You may access this **Federal Register** document electronically through the EPA Internet under the "**Federal Register**" listings at <http://www.epa.gov/fedrgstr/>. An electronic version of the public docket is available through the Federal Docket Management System (FDMS) found at <http://www.regulations.gov>. You may use the FDMS to view public comments, access the index listing of the contents of the official public docket, and to access those documents in the public docket that are available electronically. Once at the Web site, enter the appropriate Docket ID No. in the "Search" box to view the docket.

Certain types of information will not be placed in the EPA dockets. Information claimed as CBI and other information whose disclosure is restricted by statute, which is not included in the official public docket, will not be available for public viewing in EPA's electronic public docket. EPA policy is that copyrighted material will not be placed in EPA's electronic public docket but will be available only in printed, paper form in the official public docket. Although not all docket materials may be available electronically, you may still access any of the publicly available docket materials through the docket facility identified in Section B.1.
