(See 35.017; see also 6.302 for procedures to follow where using other than full and open competition.) The nonsponsoring agency shall provide to the sponsoring agency necessary documentation that the requested work would not place the FFRDC in direct competition with domestic private industry.

#### SUPPLEMENTARY INFORMATION:

##### A. Background

This interim rule amends the FAR to allow subcontractors on Federal contracts to self-represent their status as SDBs to prime contractors. SBA published an interim final rule in the **Federal Register** at 73 FR 57490, October 3, 2008, to allow SDB subcontractors to provide written statements to prime contractors representing in good faith their status as an SDB concern for the purposes of subcontract awards under Federal prime contracts. Under SBA's previous regulation, only those firms that were certified by SBA as SDBs could participate as SDBs for Federal prime contract and subcontract opportunities. SBA stated that, effective October 3, 2008, it would no longer serve as a source for SDB certification for firms seeking to establish themselves as SDBs. The revision to SBA's regulation removed any uncertainty regarding SDB subcontractors' ability to self-represent themselves in good faith to prime contractors.

In order to maintain consistency between the SBA regulations and the FAR, the Councils are amending the FAR as outlined below:

- FAR 2.101, Definitions: The term “small disadvantaged business concern” is revised to be consistent with 13 CFR part 124, which continues to recognize small business concerns that have been certified by SBA, and to add language that allows small business concerns to self-represent their status as SDBs for subcontracts.

- FAR 19.301–1, Representations by the offeror: Amended to update citations.

- FAR 19.703, Eligibility requirements for participating in the

program: Amended to add language that allows the contractor to rely on small business concerns to self-represent their status as SDBs for subcontracts.

- FAR 52.219–8, Utilization of Small Business Concerns: Amended to include language that the small business concern can self-represent its SDB status in writing.

- FAR 52.219–25, Small Disadvantaged Business Participation Program—Disadvantaged Status and Reporting: Amended to allow the contractor to accept written self-representations of small disadvantaged status from subcontractors.

This is not a significant regulatory action and, therefore, was not subject to review under Section 6(b) of the Executive Order 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

**B. Regulatory Flexibility Act**

The Councils do not expect this interim rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because this revision removes a requirement for SDBs to obtain SBA SDB certification prior to award of a subcontract. This change will be beneficial to SDBs because they will no longer have to incur the cost associated with a formal certification process. Therefore, an Initial Regulatory Flexibility Analysis has not been performed. The Councils invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

The Councils will also consider comments from small entities concerning the existing regulations in parts affected by this rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAC 2005–47, FAR Case 2009–019) in all correspondence.

**C. Paperwork Reduction Act**

The Paperwork Reduction Act does not apply because the changes to the FAR do not impose information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. chapter 35, *et seq.*

**D. Determination To Issue an Interim Rule**

A determination has been made under the authority of the Secretary of Defense, the Administrator of General Services, and the Administrator of the

National Aeronautics and Space Administration that urgent and compelling reasons exist to promulgate this interim rule without prior opportunity for public comment. This action is necessary because the FAR currently prohibits small business concerns that are not certified by the SBA from participating as SDB concerns for subcontracting. This interim rule implements changes promulgated by the SBA and is necessary for the FAR to be consistent with SBA’s regulations pertaining to SDB certifications. However, pursuant to 41 U.S.C. 418b and FAR 1.501–3(b), the Councils will consider public comments received in response to this interim rule in the formation of the final rule.
