Notice of Realty Action; Recreation and Public Purposes Act Classification for
Conveyance of Public Lands in San Juan County, UT
AGENCY: Bureau of Land Management, Interior.
ACTION: Notice of realty action.
SUMMARY: The Bureau of Land Management (BLM) has examined and
found suitable for classification for conveyance to San Juan County, under
the provisions of the Recreation and Public Purposes (R&PP) Act, as
amended, a 2.5 acre parcel of public land in San Juan County, Utah. San Juan
County proposes to maintain a multi-
purpose municipal building in Mexican Hat, Utah, to include fire and emergency
services facilities, office space, equipment yard, weatherization services,
and elections office.
DATES: Interested parties may submit comments regarding this
proposed classification for conveyance of public land until January 27, 2011.
ADDRESSES: Comments may be submitted to the Bureau of Land
Management Monticello Field Office, 365 North Main, or P.O. Box 7,
Monticello, Utah 84535.
FOR FURTHER INFORMATION CONTACT: Maxine Deeter, BLM Monticello Field Office, at 435–587–1522, or by e-mail to maxine_deeter@blm.gov.
SUPPLEMENTARY INFORMATION: The BLM has examined and found the following
described public land suitable for classification for conveyance under the
provisions of the R&PP Act, as amended (43 U.S.C. 869 et seq.), and 43 CFR
2740:
Salt Lake Meridian, Utah
T. 42 S., R. 19 E.,
Sec. 7, lot 47.
The area described contains 2.5 acres
in San Juan County.
The classification is consistent with the
Monticello Resource Management Plan, Lands and Realty Decisions LAR–3
and LAR–7, dated November 17, 2008, and is in the public interest. An
environmental assessment has been prepared that analyzes the San Juan
County application and proposed plans of development and management. A
conveyance would be subject to the
provisions of the R&PP Act, applicable
regulations of the Secretary of the
Interior, and will contain the following
reservations to the United States:
1. A right-of-way thereon for ditches or canals constructed by the authority of
the United States, Act of August 30, 1890 (43 U.S.C. 945);
2. All minerals, together with the right
to prospect for, mine, and remove such
deposits from the same under applicable
law and such regulations as the
Secretary of the Interior may prescribe.
3. An appropriate indemnification
clause protecting the United States from
claims arising out of the patentee’s use,
occupancy, or operations on patented
lands. A conveyance would also be subject
to valid existing rights.

Upon publication of this notice in the
Federal Register, the land described
above is segregated from all other forms of
appropriation under the public land
laws, including the general mining laws,
except for conveyance under the R&PP
Act and leasing under the mineral
leasing laws.
Classification Comments: Interested
parties may submit comments involving
the suitability of the land for a public
municipal building. Comments on the
classification are restricted to whether
the land is physically suited for the
proposal, whether the use will
maximize the future use or uses of the
land, whether the use is consistent with
local planning and zoning, or whether
the use is consistent with state and
Federal programs.
Application Comments: Interested
parties may submit comments regarding
the specific use proposed in the
application, whether the BLM followed
proper administrative procedures in
reaching the decision, or any other
factors directly related to the suitability
of the land for a public municipal
building.
Before including your address, phone
number, e-mail address, or other
personal identifying information in your
comment, you should be aware that
your entire comment—including your
personal identifying information—may
be made publicly available at any time.
While you can ask us in your comment
to withhold your personal identifying
information from public review, we
cannot guarantee that we will be able
to do so.
The BLM State Director will review
any adverse comments. In the absence
of any adverse comments, the
classification will become effective
February 11, 2011. The lands will not be
available for conveyance until after the
classification becomes effective.
