[Release No. 34-63519; File No. SR-EDGA-2010-22]

**Self-Regulatory Organizations; EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Amendments to the EDGA Exchange, Inc. Fee Schedule**

December 10, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”) <sup>1</sup> and Rule 19b-4 thereunder, <sup>2</sup> notice is hereby given that on December 3, 2010, the EDGA Exchange, Inc. (the “Exchange” or the “EDGA”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange proposes to amend its fee schedule applicable to Members <sup>3</sup> and non-members of the Exchange pursuant to EDGA Rule 15.1(a) and (c). Pursuant to the proposed rule change, the Exchange will commence charging fees for Members and non-members for certain logical ports used to enter orders into the Exchange’s systems. The Exchange also proposes to amend its fees for physical ports. The text of the proposed rule change is available on the Exchange’s Internet Web site at <http://www.directedge.com>.

**II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

**A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change****1. Purpose**

The purpose of the proposed rule change is to begin charging a monthly fee for logical ports used to enter orders in the Exchange’s trading system. The Exchange recently began charging for “physical” ports, which are ports that are used by a Member or non-member to literally plug into the Exchange at the data centers where the Exchange’s servers are located (*i.e.*, either a cross-connection or an external telecommunication circuit). By contrast, a “logical” port (also commonly referred to as a TCP/IP port) represents a port established by the Exchange within the Exchange’s system for trading and billing purposes. Each logical port established is specific to a Member or non-member and grants that Member or non-member the ability to operate a specific application, such as FIX or High Performance API for order entry, or to receive market data. Multiple logical ports can be created and exist over a single physical port. The Exchange proposes to charge \$500 per month for any logical ports other than ports used to receive or request retransmission of market data. Thus, this proposed charge will apply to all Exchange FIX, High Performance API, and DROP ports for both accessing the Exchange directly (Direct) <sup>4</sup> or through the ECN Translator. <sup>5</sup> Members and non-members will receive the first ten (10) sessions free of charge for Direct Sessions only and thereafter be charged the \$500 fee per month. Free sessions will not apply to ECN Translator sessions to incent members and non-members to use Direct Sessions.

Based on the proposal, the change applies to Members that obtain ports for direct access to the Exchange and non-member service bureaus that act as conduit for orders entered by Exchange Members that are their customers. The Exchange believes that the imposition of logical port fees will help the Exchange to continue to maintain and improve its infrastructure, while also encouraging Exchange customers to request and enable only the ports that are necessary for their operations related to the Exchange.

<sup>4</sup> Direct Sessions will consist on one port at the Exchange’s primary data center and one port at the Exchange’s secondary data center.

<sup>5</sup> The ECN translator allows a Member or non-member who previously connected to Direct Edge’s ECN to be re-directed automatically to EDGA Exchange, Inc. It can only be accessed through a FIX port.

The Exchange notes that other market centers provide similar services to their Members and non-members.<sup>6</sup>

**Physical Ports**

The Exchange currently charges Members and non-members the following annual fees for physical ports based on the connectivity service type:

Connection service type	Annual fee per physical port
1 Gb Copper .....	\$5,000
1 Gb Fiber .....	7,500
10 Gb Fiber .....	10,000

Beginning January 1, 2011, the Exchange proposes to amend these physical port fees to offer Members and non-members the option of being charged month to month. The fees will be 20% higher on a monthly basis to offset increased administrative costs associated with processing monthly payments. The proposed monthly fees based on connectivity service type are as follows:

Connection service type	Monthly fee per physical port
1 Gb Copper .....	\$500
1 Gb Fiber .....	750
10 Gb Fiber .....	1,000

The Exchange will implement the proposed rule change on January 1, 2011.

**2. Statutory Basis**

The Exchange believes that the proposed rule change is consistent with the objectives of the Act,<sup>7</sup> in general, and furthers the objectives of Section 6(b)(4),<sup>8</sup> in particular, as it is designed to provide for the equitable allocation of reasonable dues, fees and other charges among its Members and other persons using its facilities. The Exchange believes that its proposed logical and physical port fees are reasonable in light

of the benefits to members of direct market access. In addition, the Exchange believes that its fees are equitably allocated among its constituents based upon the number of access ports that they require to submit orders to the Exchange. Furthermore, the fees associated with logical and physical ports will be equitably allocated to all constituents as the fees will be uniform in application to all Members and non-members. Finally, the Exchange believes that the fees obtained will enable it to cover its infrastructure costs associated with allowing Members and non-members to establish logical and physical ports to connect to the Exchange's systems and continue to maintain and improve its infrastructure, market technology, and services.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

#### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3) of the Act<sup>9</sup> and Rule 19b-4(f)(2)<sup>10</sup> thereunder. At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
