DEPARTMENT OF DEFENSE
Department of the Navy

Meeting of the Independent Panel To Review the Judge Advocate Requirements of the Department of the Navy

AGENCY: Department of the Navy, DoD.

ACTION: Notice of open meetings.

SUMMARY: The Independent Panel to Review the Judge Advocate Requirements of the Department of the Navy (DoN) (hereinafter referred to as the Panel) will hold an open meeting. The Panel will meet in order to conduct deliberations and may hear witness testimony concerning the Judge advocate requirements of the DoN. The session will be open to the public, subject to the availability of space. In keeping with the spirit of the Federal Advisory Committee Act (FACA), the Panel welcomes written comments concerning its work from the public at any time.

Interested citizens are encouraged to attend the sessions.

DATES: The meeting will be held on Friday, January 7th, 2011, from 9 a.m. to 12 p.m.

ADDRESSES: The meeting will be held at the Residence Inn Arlington Pentagon City, 550 Army Navy Drive, Arlington, VA 22202.

FOR FURTHER INFORMATION CONTACT: Any member of the public wishing further information concerning these meetings or wishing to submit written comments may contact: Mr. Frank Putzu, Designated Federal Official, Department of the Navy, Office of the General Counsel, Naval Sea Systems Command, Office of Counsel, 1333 Isaac Hull Avenue, SE., Washington Navy Yard, Building 197, Room 4W–3153, Washington, DC 20376, via Telephone: 202–781–3097; Fax: 202–781–4628; or E-mail: frank.putzu@navy.mil.

DEPARTMENT OF ENERGY

[OE Docket No. EA–366]

Application to Export Electric Energy; Twin Rivers Paper Company Inc.

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of application.

SUMMARY: Twin Rivers Paper Company Inc. (Twin Rivers) has applied for authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act.

DATES: Comments, protests, or requests to intervene must be submitted to DOE and received on or before January 18, 2011.

ADDRESSES: Comments, protests, or requests to intervene should be addressed to: Christopher Lawrence, Office of Electricity Delivery and Energy Reliability, Mail Code: OE–20, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585–0350. Because of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by electronic mail to Christopher.Lawrence@hq.doe.gov, or by facsimile to 202–586–8008.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the Federal Power Act (16 U.S.C. 824a(e)).

On August 25, 2010, DOE received an application from Twin Rivers for authority to transmit electric energy from the United States to Canada over the existing international transmission facilities owned by Twin Rivers and authorized by Presidential permit No. PP–366. The international transmission facilities authorized by PP–366 consist of a three-phase, 6.6-kV line and a 138-kV line, operated at 69-kV, connect the integrated pulp and paper operations owned by Twin Rivers and its affiliate on either side of the international border. Twin Rivers has requested an export authorization in order to be able to supply emergency power as needed to Twin Rivers’ Canadian operations using the PP–366 facilities.

Procedural Matters: Any person desiring to become a party to these proceedings or to be heard by filing comments or protests to this application should file a petition to intervene, comment, or protest at the address provided above in accordance with §§ 385.211 or 385.214 of the Federal Energy Regulatory Commission’s Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with DOE and must be received on or before the date listed above.

Comments on the Twin Rivers application to export electric energy to Canada should be clearly marked with Docket No. EA–366. Additional copies (one each) are to be filed directly with Wayne Johnson, Vice President Finance, 707 Sable Oaks Drive, Suite 010, South Portland, Maine 04106 and Steven A. Hudson, ESQ, Preti, Flaherty, Beliveau & Pachios, LLP, P.O. Box 1058, Augusta, Maine 04330. A final decision will be made on this application after the environmental impacts have been
evaluated pursuant to DOE’s National Environmental Policy Act Implementing Procedures (10 CFR Part 1021) and after a determination is made by DOE that the proposed action will not adversely impact the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at http://www.oe.energy.gov/permits_pending.htm, or by e-mailing Odessa Hopkins at Odessa.Hopkins@hq.doe.gov.

Issued in Washington, DC, on December 13, 2010.

Anthony J. Como,
Director, Permitting and Siting Office of Electricity Delivery and Energy Reliability.

Directors:

DEPARTMENT OF ENERGY

[OE Docket No. EA–280–B]

Application to Export Electric Energy; Direct Energy Marketing, Inc.

AGENCY: Office of Electricity Delivery and Energy Reliability, DOE.

ACTION: Notice of Application.

SUMMARY: Direct Energy Marketing, Inc. (DEMI) has applied to renew its authority to transmit electric energy from the United States to Canada pursuant to section 202(e) of the Federal Power Act (FPA).

DATES: Comments, protests, or requests to intervene must be submitted to DOE and received on or before January 3, 2011.

ADDRESSES: Comments, protests or requests to intervene should be addressed to: Christopher Lawrence, Office of Electricity Delivery and Energy Reliability, Mail Code: OE–20, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585–0350. Because of delays in handling conventional mail, it is recommended that documents be transmitted by overnight mail, by electronic mail to Christopher.Lawrence@hq.doe.gov, or by facsimile to 202–586–8008.

FOR FURTHER INFORMATION CONTACT: Christopher Lawrence (Program Office) 202–586–5260.

SUPPLEMENTARY INFORMATION: Exports of electricity from the United States to a foreign country are regulated by the Department of Energy (DOE) pursuant to sections 301(b) and 402(f) of the Department of Energy Organization Act (42 U.S.C. 7151(b), 7172(f)) and require authorization under section 202(e) of the FPA (16 U.S.C. 824a(e)).

DEMI has requested expedited treatment of their application. DEMI states that due to recent personnel changes, the impending termination of their current export authorization was only recently discovered. Because that authorization has expired, DEMI wishes to have expedited treatment of this application in order to minimize the disruption of its electric utility with Canadian interests. DEMI also indicated that it has not engaged in the export of electric utilities with its authorization expired and will not do so unless and until DEMI receives an Order granting renewal of its export authority in this proceeding. In response to DEMI’s request for expedited treatment, DOE has shortened the public comment period to 15 days.

The electric energy that DEMI proposes to export to Canada would be surplus energy purchased from electric utilities, Federal power marketing agencies, and other entities within the United States. The existing international transmission facilities to be utilized by DEMI have previously been authorized by Presidential permits issued pursuant to Executive Order 10485, as amended, and are appropriate for open access transmission by third parties.

Procedural Matters: Any person desiring to become a party to these proceedings or to be heard by filing comments or protests to this application should file a petition to intervene, comment, or protest at the address provided above in accordance with §§385.211 or 385.214 of the Federal Energy Regulatory Commission’s Rules of Practice and Procedures (18 CFR 385.211, 385.214). Fifteen copies of each petition and protest should be filed with and received by DOE on or before the date listed above.

Comments on the DEMI application to export electric energy to Canada should be clearly marked with Docket No. EA–280–B. Additional copies are to be filed directly with Judith Kim, FERC Attorney, Direct Energy, LP, 12 Greenway Plaza, Suite 600, Houston, Texas 77046 and Katherine Krause, Director, U.S. Compliance, Direct Energy, LP, 12 Greenway Plaza, Suite 600, Houston, Texas. A final decision will be made on this application after the environmental impacts have been evaluated pursuant to DOE’s National Environmental Policy Act Implementing Procedures (10 CFR Part 1021) and after a determination is made by DOE that the proposed action will not adversely impact the reliability of the U.S. electric power supply system.

Copies of this application will be made available, upon request, for public inspection and copying at the address provided above, by accessing the program Web site at http://www.oe.energy.gov/permits_pending.htm, or by e-mailing Odessa Hopkins at Odessa.Hopkins@hq.doe.gov.

Issued in Washington, DC, on December 13, 2010.
