SUPPLEMENTARY INFORMATION: This request for emergency processing is essential in order to implement the statutory changes to NAHASDA for fiscal year 2012. A standard PRA review would delay implementation of the revised IHP/APR until fiscal year 2013. The agency cannot reasonably comply with the normal clearance procedures under this part because the statutory changes accelerate the submission of the IHP. With implementation of the statutory changes, the IHP is due 75 days prior to the beginning of the grantee's fiscal year. For grantees with a fiscal year beginning October 1, 2011, the revised IHP will be due July 16, 2011, rather than July 1, 2012. The emergency clearance processing of the revised PRA is needed in order to provide IHBG recipients with sufficient time to complete the IHP prior to submission and provide training to all IHBG recipients on the revised form. Therefore, the use of the normal clearance procedures is reasonably likely to prevent or disrupt the collection of information and is reasonably likely to cause a statutory deadline to be missed.

Title of Proposal: Quality Control Requirements for Direct Endorsement Lenders.

OMB Control Number, if applicable: 2502-NEW.

Description of the need for the information and proposed use: As of January 1, 2011, mortgagees that were previously approved as loan correspondents will be able to participate as Third Party Originators (TPOs) in FHA-insured mortgage transactions only if the conditions outlined in 24 CFR 202.8 are met. Per 24 CFR 202.8 (3) DE lenders which sponsor TPOs are responsible to the Secretary for the actions of third party originators or mortgagees in originating loans or mortgages, unless applicable law or regulation requires specific knowledge on the part of the party to be held responsible. As a result, DE lenders will be responsible for conducting quality control on TPO originations of FHA-insured mortgage loans, and ensuring that their QC plan is expanded to contain this oversight provision. This will create an additional information collection burden on DE lenders, since these institutions must also conduct quality control on all loans they originate and underwrite.
