Maintenance: All Banks: 4890.
Total Annual Burden: Large Banks: 20 $480 + 20 \times 40 = 10,400$ hours. Small Banks: $4870 \times 80 + 4870 \times 40 = 389,600$ hours. Total: $594,800$ hours ($399,200$ hours for implementing policies and procedures is a one-time burden).

General Description of Collection: The Guidance would help ensure that incentive compensation policies at insured state non-member banks do not encourage excessive risk-taking and are consistent with the safety and soundness of the organization. Under the Guidance, banks would be required to: (i) Have policies and procedures that identify and describe the role(s) of the personnel and units authorized to be involved in incentive compensation arrangements, identify the source of significant risk-related inputs, establish appropriate controls governing these inputs to help ensure their integrity, and identify the individual(s) and unit(s) whose approval is necessary for the establishment or modification of incentive compensation arrangements; (ii) create and maintain sufficient documentation to permit an audit of the organization’s processes for incentive compensation arrangements; (iii) have any material exceptions or adjustments to the incentive compensation arrangements established for senior executives approved and documented by its board of directors; and (iv) have its board of directors receive and review, on an annual or more frequent basis, an assessment by management of the effectiveness of the design and operation of the organization’s incentive compensation system in providing risk-taking incentives that are consistent with the organization’s safety and soundness.
