[Docket No. USCG–2010–1110]

Shipboard Air Emission Reduction Technology Report

AGENCY: Coast Guard, DHS.

ACTION: Notice and request for comments.

SUMMARY: In Section 305 of the Coast Guard Authorization Act of 2010, Congress directs the Secretary of the Department in which the Coast Guard is operating to conduct a study, in conjunction with the Environmental Protection Agency, on Ship Emission Reduction Technology for cargo and passenger vessels that operate in United States waters and ports. For this study, the Coast Guard and the Environmental Protection Agency will survey new technology and new applications of existing technology for reducing air emissions from cargo and passenger vessels regulated under the Clean Air Act and the Act to Prevent Pollution from Ships, and identify the impediments, including any laws or regulations, to the implementation of this technology. Through this notice, the Coast Guard and the Environmental Protection Agency invite the public to provide information on the state of current and future air emission reduction technology, including specific comments on any impediments to this technology.

DATES: Comments and related material must either be submitted to our online docket via http://www.regulations.gov on or before January 18, 2011 or reach the Docket Management Facility by that date.

ADDRESSES: You may submit comments identified by docket number USCG–2010–1110 using any one of the following methods:

(2) Fax: 202–372–1925.
(4) Hand delivery: Same as mail address above, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202–366–9329.

To avoid duplication, please use only one of these four methods. See the “Public Participation and Request for Comments” portion of the SUPPLEMENTARY INFORMATION section below for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this notice, call or e-mail LT Nicholas Woessner, U.S. Coast Guard; telephone 202–372–1307, e-mail Nicholas.A.Woessner@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We encourage you to submit comments and related material to be incorporated into the Shipboard Air Emission Reduction Technology report to Congress. All comments received will be posted, without change, to http://www.regulations.gov and will include any personal information you have provided.

Submitting comments: If you submit a comment, please include the docket number for this notice (USCG–2010–1110) and provide a reason for each suggestion or recommendation. You may submit your comments and material online, or by fax, mail or hand delivery, but please use only one of these means. We recommend that you include your name and a mailing address, an e-mail address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to http://www.regulations.gov, click on the “submit a comment” box, which will then become highlighted in blue. In the “Document Type” drop down menu select “Notices” and insert “USCG–2010–1110” in the “Keyword” box. Click “Search” then click on the balloon shape in the “Actions” column. If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit them by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period.

Viewing the comments: To view the comments for the report to Congress on Ship Emission Reduction Technology, go to http://www.regulations.gov, click on the “read comments” box, which will then become highlighted in blue. In the “Keyword” box insert “USCG–2010–1110” and click “Search.” Click the
vessels subject to Title 40 of the Code of Federal Regulations and/or MARPOL Annex VI. It also seeks to identify impediments, including any laws or regulations, to implementing this technology.

We are particularly interested in information that includes details about:
—Data and analysis from the maritime community concerning the state of their air emission reduction technologies;
—The technology relating to after-treatment systems, alternative fuels, advanced engine design, auxiliary equipment, and other pertinent processes;
—The projected or measured percent reduction of air emissions achieved from specific equipment;
—Any adverse impacts, safety implications, or any system integration effects with other shipboard equipment;
—Potential capital and operating costs or savings of the equipment’s implementation.

Please consider the following questions when responding to this notice:

(A) What new technology exists for reducing air emissions from cargo or passenger ships?

(B) What is the availability of such technology?

(C) What methods or equipment are currently under development that may be able to meet the MARPOL Annex VI requirements?

(D) Are methods or equipment being applied for similar purposes in other transportation modes or industries (e.g., military, rail, over-the-road truck industries, manufacturing, power) that merit investigation for use aboard vessels?

Authority
This notice is issued under authority of 5 U.S.C. 552(a) and 14 U.S.C. 93(a)(4).

Dated: December 17, 2010.

J. G. Lantz,
Director of Commercial Regulations and Standards, U.S. Coast Guard.
