

deadlines for submission of surrogate values, rebuttal comments and case briefs.² The final results are currently due no later than January 13, 2011.

Extension of Time Limit for the Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("Act"), requires that the Department issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the deadline for the final results to a maximum of 180 days after the date on which the preliminary results are published.

Due to the voluminous surrogate value data on the record and the additional time provided to parties to review and submit rebuttal comments and case briefs, the Department finds that it is not practicable to review the surrogate value data and analyze the case brief comments within the scheduled time limit. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is fully extending the time for the completion of the final results of these reviews to March 14, 2011.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: December 17, 2010.

Gary Taverman,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Correction to Proposed Methodology for Respondent Selection in Antidumping Proceedings; Request for Comment

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Shauna Biby, Senior Import Policy Analyst, Office of Policy, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4267.

Correction and Clarification

On December 16, 2010, the Department of Commerce published in the Federal Register the following notice: *Proposed Methodology for Respondent Selection in Antidumping Proceedings; Request for Comment*, 75 FR 78678 (Dec. 16, 2010) (*Respondent Selection Notice*). After the publication of the *Respondent Selection Notice*, we identified an inadvertent error in this notice. Specifically, we inadvertently listed the deadline to file comments as both 30 days and 45 days following publication. The correct deadline for filing comments is 45 days after publication (*i.e.*, January 30, 2011). Because this date falls on a weekend, the deadline for filing comments is January 31, 2011.

Dated: December 17, 2010.

Ronald K. Lorentzen,

Deputy Assistant Secretary for Import Administration.

SUPPLEMENTARY INFORMATION: As part of the meeting schedule, public hearings will be held on Regulatory Amendment 9 to the Snapper Grouper FMP. The regulatory amendment includes alternatives for commercial trip limits for greater amberjack, vermilion snapper, black sea bass and gag. The amendment also includes management options for split season quotas and spawning season closures for black sea bass. A public hearing will also be held on the Comprehensive ACL Amendment. The amendment establishes ACLs and Accountability Measures for species managed by the Council that are not currently listed as undergoing overfishing as required by the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act). This includes species in the Snapper Grouper management complex as well as dolphin, wahoo, and golden crab. Public hearings will also be conducted for the Comprehensive Ecosystem-Based 2 that includes regulatory actions relative to the management of octocorals, and non-regulatory actions that update existing Essential Fish Habitat (EFH) information. The amendment also addresses modifying the management of South Carolina's Special Management

Zones (SMZs), amending the sea turtle release gear requirements for the snapper grouper fishery, and designating new EFH and Habitat Areas of Particular Concern (HAPC) areas for snapper grouper species, coral, and sargassum.

The public scoping meetings will address overlapping fisheries issues for the South Atlantic region. Items under consideration for public scoping include Amendment 21 to the Snapper Grouper FMP. This amendment addresses the possible use of catch share programs for snapper grouper species currently under management through quotas (except for snowy grouper), effort and participation reduction, and endorsement actions. The amendment will include options for the use of Individual Transferable Quotas (ITQs), cooperatives, regional and state by state quota analysis, and other components.

The Council will also hold scoping meetings on Amendment 22 to the Snapper Grouper FMP addressing options for long-term management measures for red snapper as the stock begins to rebuild; Amendment 24 to the Snapper Grouper FMP to end overfishing and rebuild the red grouper stock, according to the mandates of the Magnuson-Stevens Act; and Amendment 5 to the Golden Crab FMP with options to implement catch shares for the commercial golden crab fishery in the South Atlantic Region.
