SUPPLEMENTARY INFORMATION: The OWCP, Division of Coal Mine Workers' Compensation (DCMWC), administers the Black Lung Benefits Act (30 U.S.C.

901 *et seq.*), which provides benefits to coal miners totally disabled due to pneumoconiosis, and their surviving dependents. When the DCMWC makes a preliminary analysis of a claimant's eligibility for benefits, and if a coal mine operator has been identified as potentially liable for payment of those benefits, the responsible operator is notified of the preliminary analysis. Regulations require that a coal mine operator be identified and notified of potential liability as early in the adjudication process as possible. Forms CM-2790 and CM-2970 are used for claims filed after January 19, 2001, and indicate that the coal mine operator will submit additional evidence or respond to the notice of claim.
