Nomination of Existing Marine Protected Areas to the National System of Marine Protected Areas

AGENCY: NOAA, Department of Commerce (DOC).

ACTION: Public notice and opportunity for comment on the list of nominations received from state and territorial marine protected area programs to join the National System of Marine Protected Areas.

SUMMARY: NOAA and the Department of the Interior (DOI) invited federal, state, commonwealth, and territorial marine protected area (MPA) programs with potentially eligible existing MPAs to nominate their sites to the National System of MPAs (national system). The national system and the nomination process are described in the *Framework for the National System of Marine Protected Areas of the United States* (Framework), developed in response to Executive Order 13158 on Marine Protected Areas. The final Framework was published on November 19, 2008, (73 FR 69608) and provides guidance for collaborative efforts among federal, state, commonwealth, territorial, tribal and local governments and stakeholders to develop an effective and well coordinated national system of MPAs that includes existing MPAs meeting national system criteria as well as new sites that may be established by

managing agencies to fill key conservation gaps in important ocean areas.

DATES: Comments on the nominations to the national system of MPAs are due February 10, 2011.

ADDRESSES: Comments should be sent to Lauren Wenzel, National Oceanic and Atmospheric Administration, National Marine Protected Areas Center, 1305 East West Highway, N/ORM, Silver Spring, MD 20910. Fax: (301) 713-3110. *E-mail: mpa.comments@noaa.gov.* Comments will be accepted in written form by mail, e-mail, or fax.

FOR FURTHER INFORMATION CONTACT: Lauren Wenzel, NOAA, at 301-713-3100, ext. 136 or via e-mail at *mpa.comments@noaa.gov.* An electronic copy of the list of nominated MPAs is available for download at <http://www.mpa.gov>.

SUPPLEMENTARY INFORMATION:

Background on National System

The national system of MPAs includes member MPA sites, networks and systems established and managed by federal, state, tribal and/or local governments that collectively enhance conservation of the nation's natural and cultural marine heritage and represent its diverse ecosystems and resources. Although participating sites continue to be managed independently, national system MPAs also work together at the regional and national levels to achieve common objectives for conserving the nation's important natural and cultural resources, with emphasis on achieving the priority conservation objectives of the Framework. Executive Order 13158 defines an MPA as: "any area of the marine environment that has been reserved by Federal, State, territorial, tribal, or local laws or regulations to provide lasting protection for part or all of the natural and cultural resources therein." As such, MPAs in the national system include sites with a wide range of protections, including multiple use areas that manage a broad spectrum of activities and no-take reserves where all extractive uses are prohibited. Although sites in the national system may include both terrestrial and marine components, the term MPA as defined in the Framework refers only to the marine portion of a site (below the mean high tide mark).

Benefits of joining the national system of MPAs, which are expected to increase over time as the system matures, include a facilitated means to work with other MPAs in the region, and nationally on issues of common conservation concern; fostering greater public and international recognition of

MPAs, MPA programs, and the resources they protect; priority in the receipt of available training and technical support, MPA partnership grants with the National Fish and Wildlife Foundation, cooperative project participation, and other support for cross-cutting needs; and the opportunity to influence federal and regional ocean conservation and management initiatives (such as integrated ocean observing systems, systematic monitoring and evaluation, targeted outreach to key user groups, and helping to identify and address MPA research needs). In addition, the national system provides a forum for coordinated regional planning about place-based conservation priorities that does not otherwise exist.

Joining the national system does not restrict or require changes affecting the designation process for new MPAs or management and modification of existing MPAs. It does not bring state, territorial or local sites under federal authority. It does not establish new regulatory authority or interfere with the exercise of existing agency authorities. The national system is a mechanism to foster greater collaboration among participating MPA sites and programs to enhance stewardship in the marine waters of the United States.

Nomination Process

The Framework describes two major focal areas for building the national system of MPAs—a nomination process to allow existing MPAs that meet the entry criteria to become part of the system and a collaborative regional gap analysis process to identify areas of significance for natural or cultural resources that may merit additional protection through existing federal, state, commonwealth, territorial, tribal or local MPA authorities. This notice is for the fourth round of nominations to the national system. There are currently 254 federal, state and territorial MPAs within the national system.

There are four entry criteria for existing MPAs to join the national system, including one that applies only to cultural heritage. Sites that meet all pertinent criteria are eligible for the national system.

1. Meets the definition of an MPA as defined in the Framework.

2. Has a management plan (can be site-specific or part of a broader programmatic management plan; must have goals and objectives and call for monitoring or evaluation of those goals and objectives).

3. Contributes to at least one priority conservation objective as listed in the Framework.

4. Cultural heritage MPAs must also conform to criteria for the National Register for Historic Places.

The MPA Center used existing information contained in the MPA Inventory to determine which MPAs meet the first and second criteria. The inventory is online at http://www.mpa.gov/helpful_resources/inventory.html, and potentially eligible sites are posted online at <http://www.mpa.gov/pdf/national-system/nominationsummary810.pdf>.

As part of the nomination process, the managing entity for each potentially eligible site is asked to provide information on the third and fourth criteria.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Addition

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Addition to the Procurement List.

SUMMARY: This action adds a service to the Procurement List that will be provided by a nonprofit agency employing persons who are blind or have other severe disabilities.

DATES: *Effective Date:* 1/23/2011.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Jefferson Plaza 2, Suite 10800, 1421 Jefferson Davis Highway, Arlington, Virginia 22202-3259.

FOR FURTHER INFORMATION CONTACT: Barry S. Lineback, Telephone: (703) 603-7740, Fax: (703) 603-0655, or e-mail CMTEFedReg@AbilityOne.gov.

SUPPLEMENTARY INFORMATION:

Addition

On 10/1/2010 (75 FR 60739-60740), the Committee for Purchase From People Who Are Blind or Severely Disabled published a notice of proposed

addition to the Procurement List of Food Service Attendant, Pease Air National Guard Base, Newington, NH.

Comments on the proposed addition were received from representatives of the Blind Entrepreneurs Alliance (BEA), Randolph Sheppard Vendors of America (RSVA) and the National Association of Blind Merchants (NABM).

The Committee disputes any suggestion that all Department of Defense (DoD) contracts for mess hall services must be competitively bid and are subject to the Randolph-Sheppard Act. In this project, the DoD contracting activity specifically identified their requirement as "food attendant services." Therefore, the initial **Federal Register** Notice published by the Committee identifies the service as "Food Service Attendant" that includes "food preparation, service of food, cashing and housekeeping services and waste management." The Committee also confirmed with the contracting activity that the dining facility is under military management and operation which, in addition to the clearly defined Statement of Work, specifically limits the requirement of this project to food service attendant duties.

The Randolph-Sheppard Act provides entrepreneurial opportunities for blind vendors in operating and managing military dining facilities, whereas food service attendant opportunities supporting the operation of a military dining facility short of management responsibilities are considered to be suitable for addition to the Procurement List maintained by the Committee. Accordingly, the Committee determines that the information provided in the **Federal Register** Notice is sufficiently clear to identify the services sought and, furthermore, that this service is appropriate for the AbilityOne Program.

After consideration of the material presented to it concerning capability of a qualified nonprofit agency to provide the service and impact of the addition on the current or most recent contractors, the Committee has determined that the service listed below is suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small

organization that will provide the service to the Government.

2. The action will result in authorizing small entities to provide the service to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the service proposed for addition to the Procurement List.

End of Certification

Accordingly, the following service is added to the Procurement List:

Service

Service Type/Location: Food Service Attendant, Pease Air National Guard Base, Newington, NH.

NPA: CW Resources, Inc., New Britain, CT.

Contracting Activity: Dept. of the Army, XRAW7NN USPFO Activity NH ARNG, Concord, NH.

Director, Business Operations.
