### Background

**January 19, 2010 teleconference.** The chartered SAB will first conduct a quality review of a draft SAB panel report entitled "Review of the Effects of Mountaintop Mines and Valley Fills on Aquatic Ecosystems of the Central Appalachian Coalfields." This draft SAB panel report reviews EPA's assessment of the ecological impacts related to mountaintop mining and valley-fill operations. Background information about this advisory activity can be found on the SAB Web site at [http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr\\_activites/MTM-VF%20Assessment?OpenDocument](http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/MTM-VF%20Assessment?OpenDocument).

The SAB will also conduct a quality review of a draft SAB panel report entitled "Review of Field-Based Aquatic Life Benchmark for Conductivity in Central Appalachian Streams." This SAB panel report reviews EPA's draft chronic aquatic life conductivity benchmark to prevent the loss of 95% of native species in Appalachian streams exposed to mountaintop mining and valley fills. Background information about this advisory activity can be found on the SAB Web site at [http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr\\_activites/Water%20Quality%20Conductivity?OpenDocument](http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/Water%20Quality%20Conductivity?OpenDocument).

**January 20, 2010 Teleconference.** The chartered SAB will conduct a quality review of an SAB original study "Reactive Nitrogen in the United States; an Analysis of Inputs, Flows, Consequences, and Management Options." The SAB study analyzes the sources and fate of reactive nitrogen and provides advice to EPA on integrated nitrogen research and control strategies. Background information about this advisory activity can be found at [http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr\\_activites/Nitrogen%20Project?OpenDocument](http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/Nitrogen%20Project?OpenDocument).

**Availability of Meeting Materials:** The agenda and other materials in support of the teleconferences will be placed on the SAB Web site at <http://www.epa.gov/sab> in advance of the teleconferences.

*Procedures for Providing Public Input:* Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office.

Federal advisory committees and panels, including scientific advisory committees, provide independent advice to EPA. Members of the public can submit comments for a federal advisory committee to consider as it develops advice for EPA. They should send their comments directly to the Designated Federal Officer for the relevant advisory committee. *Oral Statements:* In general, individuals or groups requesting time to make an oral presentation at a public SAB teleconference will be limited to three minutes, with no more than one-half hour for all speakers. Those interested in being placed on the public speakers list for the January 19, 2011 teleconference should contact Dr. Armitage at the contact information provided above by January 14, 2011. Those interested in being placed on the public speakers list for the January 20, 2011 teleconference should contact Dr. Nugent at the contact information provided above by January 18, 2011. *Written Statements:* Written statements for the January 19, 2011 teleconference should be supplied to the DFO via e-mail to [armitage.thomas@epa.gov](mailto:armitage.thomas@epa.gov) by January 14, 2011. Written statements for the January 20, 2011 teleconference should be supplied to the DFO via e-mail to [nugent.angela@epa.gov](mailto:nugent.angela@epa.gov) by January 18, 2011. Written statements should be supplied in one of the following acceptable file format: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format). Submitters are asked to provide versions of each document submitted with and without signatures, because the SAB Staff Office does not publish documents with signatures on its Web sites.

*Accessibility:* For information on access or services for individuals with disabilities, please contact Dr. Armitage or Dr. Nugent, as appropriate at the contact information provided above. To request accommodation of a disability, please contact him preferably at least 10 days prior to the teleconference, to give EPA as much time as possible to process your request.
