Description: Antitrust.

Complaint

The United States of America, acting under the direction of the Attorney General of the United States, brings this civil antitrust action to obtain equitable relief against Defendant Lucasfilm Ltd. (“Lucasfilm”), alleging as follows:

Nature of the Action

This action challenges under Section 1 of the Sherman Act an agreement between Lucasfilm and Pixar that restrained competition between them for highly skilled digital animators. Lucasfilm and Pixar compete for highly skilled digital animators and solicit employees at other digital animation studios to fill employment openings. Lucasfilm and Pixar entered into an agreement not to cold call, not to make counteroffers under certain circumstances, and to provide notification when making employment offers to each other’s employees. This agreement reduced Lucasfilm’s and Pixar’s ability to compete for employees and disrupted the normal price-setting mechanisms that apply in the labor setting. This agreement is facially anticompetitive. It eliminated significant forms of competition to attract digital animators and, overall, substantially diminished competition to the detriment of the affected employees who likely were deprived of competitively important information and access to better job opportunities. Lucasfilm and Pixar’s agreement is a restraint of trade that is per se unlawful under Section 1 of the Sherman Act, 15 U.S.C. 1. The United States seeks an order prohibiting such an agreement.

Jurisdiction and Venue

Lucasfilm hires specialized digital animators throughout the United States, and sells completed digital animation
