or other use of equipment or facilities that are not governed by paragraph (a)(1)(iv) of this section. Such implementing policy and direction shall ensure compliance with applicable statutes and DoDDs requiring specific levels of approval with respect to particular dispositions.

(e) Funding—(1) General.
Reimbursement is required when equipment or services are provided to agencies outside the Department of Defense. The primary sources of reimbursement requirements are the Economy Act, title 31 U.S.C. 1535 for Federal agencies; the Robert T. Stafford Disaster Relief and Emergency Act of 1988, title 42, U.S.C. 5121–5207; and title 10, U.S.C. 377 and 2667, provide guidance regarding Secretary of Defense waivers of reimbursement for support to civilian law enforcement agencies. Other statutes may apply to particular types of assistance or assistance to specific civilian law enforcement entities.

(2) Procedural Requirements. (i) Defense support of civilian law enforcement agencies is normally an unprogrammed requirement for the Department of Defense. DoD 7000.14–R,14 prescribes procedures for financing and reporting costs. DoD Components shall comply with these procedures and shall consider the factors presented in paragraph (e)(1) of this section to determine or recommend whether financing is to be accomplished on a reimbursable or non-reimbursable basis.

(ii) The Commanders of USNORTHCOM and USPACOM shall serve as the financial managers responsible for DoD oversight of all operations executed in their areas of responsibility (§ 182.5(j)(1) of this part).

(iii) The Secretary of Defense may waive reimbursement for DoD support to civilian law enforcement agencies in accordance with title 10 U.S.C. 377, or support provided by National Guard personnel performing duty pursuant to title 32 U.S.C. 502(f) in accordance with title 10, U.S.C. 377 if such support:

(A) Is provided in the normal or incidental course of DoD training or operations; or

(B) Results in a benefit to the element of the Department of Defense or personnel of the National Guard providing the support that is substantially equivalent to what would otherwise be obtained from DoD operations or training.

(3) Personnel Duty Status. Funding for State active duty of National Guard personnel is the responsibility of the State involved.
