

### Nature of Decision to be Made

The Regional Forester will decide whether or not to amend the Land and Resource Management Plan for the Huron-Manistee National Forests, through the closure of some or all of the Semiprimitive Nonmotorized Management Areas to firearm hunting and snowmobile use (subject to existing rights); and the Primitive Area (Nordhouse Dunes Wilderness) to firearm hunting (subject to existing rights).

### Preliminary Issues

We expect issues to include effects on game species and wildlife management, effects on vegetation, and changes to the recreational experience for visitors to the Semiprimitive Nonmotorized Management Areas and the Primitive Area (Nordhouse Dunes Wilderness), as well as the possible effects of the project on tourism in the counties affected.

### Permits and Licenses Required

The Forest Service is not required to obtain any permits or licenses in order to implement this proposal.

### Scoping Process

This Notice of Intent initiates the scoping process, which guides the development of the SEIS. The Forest Service plans to scope for information by contacting persons and organizations interested or potentially affected by the proposed action through mailings, public announcements, and personal contacts. Comments received on this notice will be used to identify the range of actions, alternatives and effects to be considered in the SEIS.

It is important that respondents provide their comments at such times and in such manner that they are useful to the agency's preparation of the SETS. Therefore, comments must be provided prior to the close of the comment period and should clearly articulate the respondent's concerns and contentions. The submission of timely and specific comments can affect a respondent's ability to participate in subsequent administrative appeal or judicial review.

Public meetings will be held to answer questions on our process and to accept written comments. The time and locations are as follows:

- 1/31/11—Hilton Inn Express of Birch Run, 12150 Dixie Hwy., Birch Run, MI, from 4–8 p.m.;

**SUPPLEMENTARY INFORMATION:** In accordance with Privacy Act requirements, agencies are to publish their amended systems in the **Federal Register** when there is a revision, change, or addition. OIG is proposing to delete the following three systems of records (SORN):

**PURPOSE:**

This system of records was maintained to facilitate the comparison of records to identify those Federal employees who may also be receiving SSI benefits concurrently with their Government salaries.

**REASON FOR DELETION:**

This system of records was a temporary matching file in effect when the Social Security Administration (SSA) was still part of the Department, and when OIG was tasked with verifying that current employees were not also receiving disability payments. This system of records references office locations that have not been valid for over 15 years and predate the creation of the separate Department of Education in 1980.

**3. SORN 09-90-0102**

**SYSTEM NAME:**

Federal Personnel/HHS-Funded Benefit and Loan Program Temporary Matching File, HHS/OS/OIG.

**PURPOSE:**

This system of records was maintained to facilitate the comparison of records to identify those Federal employees, Federal retirees, or their survivors who also received assistance under an HHS or HHS-funded benefit or loan program. **REASON FOR DELETION:**

This system of records was a temporary matching file for fraud detection investigation several years ago. No current files or records of this type currently exist within OIG.

Accordingly, OIG proposes to delete the following systems of records:

**DEPARTMENT OF COMMERCE**

**Economic Development Administration**

**Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance**

**AGENCY:** Economic Development Administration, Department of Commerce.

**ACTION:** Notice and opportunity for public comment.

Pursuant to Section 251 of the Trade Act of 1974, as amended (19 U.S.C. 2341

*et seq.*), the Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.
