ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R06-OAR-2005-TX-0012; FRL-9243-1]

Approval and Promulgation of Implementation Plans; Texas; Emissions Banking and Trading of Allowances Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Withdrawal of direct final rule.

SUMMARY: On November 16, 2010 (75 FR 69884), EPA published a direct final rule approving portions of four revisions to the Texas State Implementation Plan (SIP) that create and amend the Emissions Banking and Trading of Allowances (EBTA) Program. The EBTA Program establishes a cap and trade program to reduce emissions of oxides of nitrogen (NO_x) and sulfur dioxide (SO₂) from participating electric generating facilities in Texas. The direct final action was published without prior proposal because EPA anticipated no adverse comments. EPA stated in the direct final rule that if we received relevant, adverse comments by December 16, 2010, EPA would publish a timely withdrawal in the **Federal Register**. EPA subsequently received timely adverse comments on the direct final rule. Therefore, EPA is withdrawing the direct final approval. EPA will address all relevant, adverse comments submitted by December 16, 2010, in a subsequent final action based on the parallel proposal also published on November 16, 2010 (75 FR 69909). As stated in the parallel proposal, EPA will not institute a second comment period on this action.

DATES: The direct final rule published on November 16, 2010 (75 FR 69884), is withdrawn as of December 28, 2010.

FOR FURTHER INFORMATION CONTACT: Ms. Adina Wiley (6PD-R), Air Permits

Section, Environmental Protection Agency, Region 6, 1445 Ross Avenue (6PD-R), Suite 1200, Dallas, TX 75202-2733. The telephone number is (214) 665-2115. Ms. Wiley can also be reached via electronic mail at wiley.adina@epa.gov.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: December 15, 2010.

Al Armendariz,
Regional Administrator, EPA Region 6.

■ Accordingly, the amendments to 40 CFR 52.2270 published in the **Federal Register** on November 16, 2010 (75 FR 69884), which were to become effective on January 18, 2011, are withdrawn.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 65

[Docket ID FEMA-2010-0003]

Changes in Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.
ACTION: Final rule.

SUMMARY: Modified Base (1% annual-chance) Flood Elevations (BFEs) are finalized for the communities listed below. These modified BFEs will be used to calculate flood insurance premium rates for new buildings and their contents.

DATES: The effective dates for these modified BFEs are indicated on the following table and revise the Flood Insurance Rate Maps (FIRMs) in effect

for the listed communities prior to this date.

ADDRESSES: The modified BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street, SW., Washington, DC 20472, (202) 646-4064, or (e-mail) luis.rodriquez1@dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below of the modified BFEs for each community listed. These modified BFEs have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Federal Insurance and Mitigation Administrator has resolved any appeals resulting from this notification.

The modified BFEs are not listed for each community in this notice. However, this final rule includes the address of the Chief Executive Officer of the community where the modified BFE determinations are available for inspection.

The modified BFEs are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65.

For rating purposes, the currently effective community number is shown and must be used for all new policies and renewals.

The modified BFEs are the basis for the floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to qualify or to remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified BFEs, together with the floodplain management criteria required by 44 CFR 60.3, are the

minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

These modified BFEs are used to meet the floodplain management requirements of the NFIP and also are used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in those buildings. The changes in BFEs are in accordance with 44 CFR 65.4.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part

10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132, Federalism.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 65

Flood insurance, Floodplains, Reporting and recordkeeping requirements.

■ Accordingly, 44 CFR part 65 is amended to read as follows:

PART 65—[AMENDED]

■ 1. The authority citation for part 65 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 65.4 [Amended]

BILLING CODE 9110-12-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Parts 1 and 63

[IB Docket No. 04-47; FCC 10-187]

Modification of the Rules and Procedures Governing the Provision of International Telecommunications Service

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Federal Communications Commission amends its rules to grant in part the Petition for Reconsideration filed by the North American Submarine Cable Association (NASCA) and otherwise affirm the Commission's Report and Order, Amendment of parts 1 and 63 of the Commission's Rules, IB Docket No. 04-47, Report and Order, FCC 07-118, 22 FCC Rcd 11398, 72 FR 54363 (2007) (Report and Order), establishing that the Coastal Zone Management Act of 1972 (CZMA) applies to cable landing licenses granted by the Commission. NASCA's Petition for Reconsideration argues that the Commission should rescind the rules adopted in that Report and Order. Although we decline to rescind the rules, we amend them to clarify the applicable licensing requirements and to ensure that the Commission's process for evaluating cable landing licenses complies with the CZMA review procedures established by the National Oceanic and Atmospheric Administration (NOAA).

DATES: Effective January 27, 2011, except for the amendment to § 1.767(k)(4), which contains information collection requirements that have not been approved by the Office of Management and Budget (OMB). The Federal Communications Commission will publish a document in the **Federal Register** announcing the effective date of these rules after it receives OMB approval for the information collection requirements.

Division, International Bureau, FCC, (202) 418-1460 or via the Internet at Kimberly.Cook@fcc.gov and David.Krech@fcc.gov.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Order on Reconsideration in IB Docket No. 04-47, FCC 10-187, adopted October 29, 2010, and released November 2, 2010. The full text of the Report and Order is available for inspection and copying during normal business hours in the FCC Reference Center, 445 12th Street, SW., Washington, DC 20554. The document also is available for download over the Internet at http://hraunfoss.fcc.gov/edocs_public/attachmatch/FCC-10-187A1.pdf. The complete text also may be purchased from the Commission's copy contractor, Best Copy and Printing, Inc. (BCPI), located in Room CY-B402, 445 12th Street, SW., Washington, DC 20554. Customers may contact BCPI at its Web site: <http://www.bcpweb.com> or call 1-800-378-3160.

Summary of Order on Reconsideration

1. In the Order on Reconsideration, the Commission amends parts 1 and 63 of its rules to grant in part the Petition for Reconsideration filed by the North American Submarine Cable Association (NASCA) and otherwise affirms the Commission's Report and Order, Amendment of parts 1 and 63 of the Commission's rules, IB Docket No. 04-47, Report and Order, FCC 07-118, 22 FCC Rcd 11398, 72 FR 54363 (2007) (Report and Order), establishing that the Coastal Zone Management Act of 1972 (CZMA) applies to cable landing licenses granted by the Commission. NASCA's Petition for Reconsideration argues that the Commission should rescind the rules adopted in that Report and Order. Although the Commission declines to rescind the rules, the Commission amends them to clarify the applicable licensing requirements and to ensure that the Commission's process for evaluating cable landing licenses complies with the CZMA review procedures established by the National Oceanic and Atmospheric Administration (NOAA).

2. *Applicability of CZMA to FCC Cable Landing Licenses:* The Commission reaffirms its finding the Report and Order that the CZMA applies to cable landing license applications. In a letter to the Commission, NOAA, the federal agency charged with implementation of CZMA, finds that an FCC license is a federal license or permit that could be reviewed by coastal states, pursuant to the CZMA. In deference to NOAA's statutory and regulatory authority and in furtherance

of the Commission's cable landing licensing authority under the Cable Landing License Act, as delegated to the Commission by Executive Order 10530, the FCC must ensure that its cable landing license rules and application procedures comport with the consistency review procedures specified in the CZMA.

3. The CZMA states that no federal agency may grant a license to conduct an activity affecting a coastal area until a state concurs or is presumed to concur with the applicant's certification that a proposed activity is consistent with the state's coastal management plan. See 16 U.S.C. 1456(c)(3)(A). If the state includes FCC cable landing licensing in its coastal management plan, FCC licensing is considered a "listed activity." See 15 CFR 930.53. As such, the state has six months to review and either concur with or object to the certification that is required if CZMA state consistency review is triggered by the filing of a cable landing license with the Commission. The state's concurrence is conclusively presumed if it does not act within six months after receiving the applicant's certification. See 16 U.S.C. 1456(c)(3)(A). At this time, no state has included FCC licensing in its coastal management plan. If the state does not include FCC licensing in its coastal management plan, such licensing is an "unlisted activity." For unlisted activities, NOAA rules require that the state notify the relevant federal agencies, applicants, and the Director of the Office of Ocean and Coastal Resource Management (OCRM) (within NOAA) of the state's request to review the activity within thirty days of notice of the license or permit application, or otherwise be deemed to have waived the right to review the unlisted activity. See 15 CFR 930.54.

4. *Certification Requirement:* The Order on Reconsideration amends the certification requirement of § 1.767 to clarify that the applicant need only certify that the proposed submarine cable will not be located in or impact any state that requires review of FCC cable landing applications as a listed activity in its coastal management plan.

5. *Constructive Notice to States:* The Order on Reconsideration clarifies that the thirty-day time period for a state to request NOAA approval for consistency review of the application as an unlisted activity will commence with the issuance of the Public Notice that the submarine cable landing license application has been accepted for filing. NOAA rules allow for constructive notice to a state of submission of an application for licenses for unlisted
