SUPPLEMENTARY INFORMATION:**I. Abstract**

The BIE is seeking renewal of the approval for the information collection conducted under 25 CFR parts 30, 37, 39, 42, 44, and 47 under OMB Control Number 1076-0163. This information collection is necessary to implement Public Law 107-110, No Child Left Behind Act of 2001 (NCLB). The NCLB requires all schools, including Bureau-funded schools, to ensure that all

children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging academic achievement standards and assessments. The BIE has promulgated several regulations implementing the NCLB Act. This OMB Control Number addresses the information collected under the following regulations.

- 25 CFR part 30—Adequate Yearly Progress (AYP). Tribes/school boards may request an alternative to the established AYP definition or standards. Tribes/school boards may provide evidence that BIE made an error in identifying the school for improvement. Achievement, attendance and graduation rates are collected from schools to facilitate yearly calculation of AYP.

- 25 CFR part 37—Geographic Boundaries. This part establishes procedures for confirming, establishing, or revising attendance areas for each Bureau-funded school. Tribes and school boards must submit certain information to BIE to propose a change in geographic boundaries.

- 25 CFR part 39—Indian School Equalization Program (ISEP). This part provides for the uniform direct funding of Bureau-operated and tribally operated day schools, boarding schools, and dormitories. Auditors of schools, to ensure accountability in student counts and student transportation, must certify that they meet certain qualifications and have conducted a conflict of interest check. Schools must submit information to BIE to apply for funds in the event of an emergency or unforeseen contingency.

- 25 CFR part 42—Student Rights. The purpose of this part is to govern student rights and due process procedures in disciplinary proceedings in all Bureau-funded schools. This part requires the school to provide notice of disciplinary charges, provide a copy of the hearing of record, and provide a student handbook.

- 25 CFR part 44—Grants under the Tribally Controlled Schools Act. The purpose of this part is to establish who is eligible for a grant and requires tribes to submit information to BIE to retrocede a program to the Secretary.

- 25 CFR part 47—Uniform Direct Funding and Support for Bureau-operated Schools. This part contains the requirements for developing local educational financial plans in order to receive direct funding from the Bureau. This part requires school supervisors to submit quarterly reports to school boards; submit a notice of appeal to the BIE for a decision where agencies disagree over expenditures; make

certain certifications in financial plans; and send the plan and documentation to the BIE or submit a notice of appeal.

II. Request for Comments

The BIE requests that you send your comments on this collection to the location listed in the **ADDRESSES** section. Your comments should address: (a) The necessity of the information collection for the proper performance of the agencies, including whether the information will have practical utility; (b) the accuracy of our estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents, such as through the use of automated collection techniques or other forms of information technology.

Please note that an agency may not sponsor or conduct, and an individual need not respond to, a collection of information unless it has a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section during the hours of 9 a.m.–5 p.m., Eastern Time, Monday through Friday except for legal holidays. Before including your address, phone number, e-mail address or other personally identifiable information, be advised that your entire comment—including your personally identifiable information—may be made public at any time. While you may request that we withhold your personally identifiable information, we cannot guarantee that we will be able to do so.

Record of Decision

AGENCY: National Park Service, Interior.

ACTION: Notice of Availability of the Record of Decision on the Final Environmental Impact Statement/Cape Hatteras National Seashore Off-Road Vehicle Management Plan.

SUMMARY: Pursuant to the National Environmental Policy Act of 1969, 42 U.S.C. 4332(2)(C), and the Council on Environmental Quality regulations (40 CFR Parts 1500-1508), the Department of the Interior, National Park Service (NPS) has prepared and approved a Record of Decision (ROD) for the Final Environmental Impact Statement (Final EIS) for the Cape Hatteras National Seashore (Seashore) Off-Road Vehicle (ORV) Management Plan.

The ROD documents the decision by the NPS to implement Alternative F: NPS Preferred Alternative (the “selected action”).

The selected action is necessary to regulate ORV use at the Seashore in a manner that is consistent with applicable law, and appropriately addresses resource protection (including protected, threatened, or endangered species), potential conflicts among the various Seashore users, and visitor safety. The selected action provides the basis for a proposed special regulation for ORV use at the Seashore. Section 4.10(b) of the NPS regulations in Title 36 of the Code of Federal Regulations (CFR), which implements Executive Orders 11644 and 11989, prohibits ORV use except on routes and areas designated in a special regulation. The

ORV plan and special regulation are necessary to provide continued visitor access through the use of ORVs. The intended effects or objectives of this action are to:

- Minimize impacts from ORV use to soils and topographic features, for example, dunes, ocean beach, wetlands, tidal flats, and other features;
- Provide protection for threatened, endangered, and other protected species (e.g., state-listed species) and their habitats, and minimize impacts related to ORV and other uses as required by laws and policies, such as the Endangered Species Act, the Migratory Bird Treaty Act, and NPS laws and management policies;
- Minimize impacts to native plant species from ORV use;
- Minimize impacts to wildlife species and their habitats from ORV use;
- Protect cultural resources such as shipwrecks, archeological sites, and cultural landscapes from impacts related to ORV use;
- Ensure that ORV operators are informed about the rules and regulations regarding ORV use at the Seashore;
- Manage ORV use to allow for a variety of visitor use experiences;
- Minimize conflicts between ORV use and other uses;
- Ensure that ORV management promotes the safety of all visitors;
- Identify operational needs and costs to fully implement an ORV management plan;
- Identify potential sources of funding necessary to implement an ORV management plan;
- Provide consistent guidelines, according to site conditions, for ORV routes, ramps, and signage;
- Identify criteria to designate ORV use areas and routes;
- Establish ORV management practices and procedures that have the ability to adapt in response to changes in the Seashore’s dynamic physical and biological environment;
- Establish a civic engagement component for ORV management;
- Establish procedures for prompt and efficient public notification of beach access status, including any temporary ORV use restrictions, for such things as ramp maintenance, resource and public safety closures, storm events, etc;
- Build stewardship through public awareness and understanding of NPS resource management and visitor use policies and responsibilities as they pertain to the Seashore and ORV management.
