

part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is January 11, 2011.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RM01-5-000]

Electronic Tariff Filings; Notice of Technical Conference

December 22, 2010.

Take notice that on January 21, 2011, from 9 a.m. to 12 noon (EST), a technical conference will be held to discuss issues relating to the electronic filing of tariff and tariff related materials pursuant to Order No. 714.¹ The technical conference will cover the following areas: (1) The addition to the Type of Filing CSV file of the FERC regulatory citation for each filing type as used by the Commission's eLibrary Description for eTariff filings; (2) an explanation and discussion of the eTariff Viewer's Export file format and data elements which is being developed; (3) a change in the description for Type Of Filing Codes 1120 and 1150 from "Market-Based Rate Request and Triennial Review" to "Market-Based Rate Triennial Review", to become effective January 24, 2011, in order to make clear that these filing codes should not be used for initial requests for market based rates; and (4) a discussion with FERC staff of lessons learned since the implementation of eTariff.

The technical conference is open to the public. The conference will be held at the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. In addition, the conference will be accessible via telephone. Staff will post documents it anticipates referencing during the conference on the eTariff Web site to make them accessible to those using the telephone.

FERC conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an e-mail to accessibility@ferc.gov or call toll free (866) 208-3372 (voice) or (202) 502-8659 (TTY), or send a fax to (202) 208-2106 with the required accommodations.

The telephone number for the conference will be posted on <http://www.ferc.gov/docs-filing/etariff.asp> and an RSS alert of the posting will be issued. No preregistration is required.

For more information, contact Keith Pierce, Office of Energy Market

Regulation at (202) 502-8525 or send an e-mail to ETariff@ferc.gov.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[OW-FRL-9245-6]

Beaches Environmental Assessment and Coastal Health Act

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Availability of 2011 BEACH Act Grants.

SUMMARY: Section 406(b) of the Clean Water Act (CWA) as amended by the Beaches Environmental Assessment and Coastal Health (BEACH) Act authorizes EPA to award program development and implementation grants to eligible states, territories, tribes, and local governments to support microbiological monitoring and public notification of the potential for exposure to disease-causing microorganisms in coastal recreation waters, including the Great Lakes. EPA encourages coastal and Great Lakes states and tribes that have received BEACH Act grants in the past to apply for 2011 BEACH Act grants to implement effective coastal recreation water monitoring and public notification programs ("implementation grants"). EPA also encourages eligible tribes that have not previously received BEACH Act grants to apply for 2011 BEACH Act grants to develop effective and comprehensive coastal recreation water monitoring and public notification programs ("development grants").

DATES: States, Erie County, Pennsylvania, and tribes that previously received BEACH Act grants must submit applications on or before February 28, 2011. Other eligible tribes should notify the relevant EPA Regional BEACH Act grant coordinator of their interest in applying for a grant on or before February 14, 2011. Upon receipt of a tribe's notice of interest, EPA will establish an appropriate application deadline.

ADDRESSES: You must send your application to the appropriate EPA Regional grant coordinator listed in this notice under Section VII, Grant Coordinators.

FOR FURTHER INFORMATION CONTACT: Lars Wilcut, 1200 Pennsylvania Ave., NW., (4305T), Washington, DC 20460.

¹ *Electronic Tariff Filings*, Order No. 714, 73 FR 57,515 (Oct. 3, 2008), 124 FERC ¶ 61,270, FERC Stats. & Regs [Regulations Preambles] ¶ 31,276 (2008) (Sept. 19, 2008).

Telephone: (202) 566–0447. E-mail: wilcut.lars@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

What is the BEACH Act?

The Beaches Environmental Assessment and Coastal Health (BEACH) Act of 2000 amends the Clean Water Act to better protect public health at our nation's beaches through improved water quality standards and beach monitoring and notification programs. The BEACH Act authorizes EPA to award grants to develop and implement monitoring and public notification programs for coastal recreation waters, consistent with EPA's required performance criteria. EPA published the required performance criteria for grants in its *National Beach Guidance and Required Performance Criteria for Grants* (EPA–823–B–02–004), on July 19, 2002. Currently, all 37 eligible states and tribes operate beach monitoring and notification programs using BEACH Act grant funds.

What is the statutory authority for BEACH Act grants?

The general statutory authority for BEACH Act grants is section 406(b) of the Clean Water Act, as amended by the BEACH Act, Public Law 106–284, 114 Stat. 970 (2000). It provides that, “(T)he Administrator may make grants to States and local governments to develop and implement programs for monitoring and notification for coastal recreation waters adjacent to beaches or similar points of access that are used by the public.” CWA section 406(b)(2)(A), however, limits EPA's ability to award implementation grants only to those states and tribes that meet certain requirements (see Section II, Funding and Eligibility, below for information on specific requirements).

What activities are eligible for funding under the FY 2011 grants?

In fiscal year 2011, EPA intends to award grants authorized under CWA section 406(b) to eligible states and tribes to support the implementation of coastal recreation water monitoring and public notification programs that are consistent with EPA's required performance criteria for implementation grants. Also in fiscal year 2011, EPA intends to award development grants to eligible tribes to support the development of coastal recreation water monitoring and public notification programs that are consistent with EPA's performance criteria for grants. EPA published the required performance criteria for grants in its *National Beach*

Guidance and Required Performance Criteria for Grants (EPA–823–B–02–004), on July 19, 2002. This document can be found on EPA's Web site at http://water.epa.gov/grants_funding/beachgrants/guidance_index.cfm. Copies of the document may also be obtained by writing, calling, or e-mailing: Office of Water Resource Center, U.S. Environmental Protection Agency, Mail Code RC–4100T, 1200 Pennsylvania Avenue, NW., Washington, DC 20460. (Phone: 202–566–1731 or e-mail: center.water-resource@epa.gov).

II. Funding and Eligibility

Who is eligible to apply for BEACH Act grants?

Coastal and Great Lake states that meet the requirements of CWA section 406(b)(2)(A) are eligible for grants in fiscal year 2011 to implement monitoring and notification programs. The definition of the term “state” in CWA section 502 includes the District of Columbia, and current U.S. territories: the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands. Tribes may also be eligible for BEACH Act grants. In order to be eligible, a tribe must have coastal recreation waters adjacent to beaches or similar points of access that are used by the public, and the tribe must demonstrate that it meets the “treatment in the same manner as a state” criteria in CWA section 518(e) for the purposes of receiving a section 406 BEACH Act grant.

Are local governments eligible for funding?

CWA section 406(b)(2)(B) authorizes EPA to make a grant to a local government for implementation of a monitoring and notification program only if, after July 19, 2003, EPA determines that the state within which the local government has jurisdiction is not implementing a program that meets the requirements of CWA section 406(b), which includes a requirement that the program is consistent with the performance criteria in *National Beach Guidance and Required Performance Criteria for Grants*. EPA has awarded an implementation grant to Erie County, Pennsylvania, the local government implementing the beach monitoring and notification program for all of Pennsylvania's coastal recreation waters. Local governments may contact their EPA Regional Office for further information about BEACH Act grants.

How may tribes apply for BEACH Act development grants and how much funding is available for tribes?

Section 518(e) of the CWA authorizes EPA to treat eligible Indian tribes in the same manner as states for the purpose of receiving CWA section 406 grant funding. For fiscal year 2011, EPA will make \$100,000 available to eligible tribes. In order to be eligible for a CWA section 406 development grant, a tribe must have coastal recreation waters adjacent to beaches or similar points of access that are used by the public. The phrase “coastal recreation waters” is defined in CWA section 502(21) to mean the Great Lakes and marine coastal waters (including coastal estuaries) that are designated under CWA section 303(c) for use for swimming, bathing, surfing, or similar water contact activities. The statute explicitly excludes from the definition inland waters and waters upstream of the mouth of a river or stream having an unimpaired natural connection with the open sea. In addition, a tribe must demonstrate that it meets the “treatment in the same manner as a state” (TAS) criteria contained in CWA section 518(e) for purposes of receiving a CWA section 406 grant. To demonstrate TAS, the tribe must show that it: (1) Is federally recognized; (2) has a governing body carrying out substantial governmental duties and powers; (3) will be exercising functions pertaining to waters within the reservation; and (4) is reasonably expected to be capable of carrying out the functions consistent with the CWA and all applicable regulations. EPA encourages those tribes with coastal recreation waters to contact their EPA Regional BEACH Act grant coordinator for further information regarding the application process as soon as possible.

Are there any additional eligibility requirements and grant conditions applicable to states and tribes?

Yes, there are additional eligibility requirements and grant conditions. First, CWA section 406(b)(2)(A) identifies eligibility requirements for implementation grants and CWA section 406(c) identifies conditions of receipt of a monitoring and notification grant. These requirements are discussed in the *National Beach Guidance and Required Performance Criteria for Grants*.

In addition, there are special reporting requirements for BEACH Act grants. See Section VI below.

How much funding is available?

For fiscal year 2011, the total available for BEACH Act grants is

expected to be \$9,900,000. EPA expects to award all but \$100,000 to eligible states for implementation grants. EPA intends to award the remaining \$100,000 to eligible tribes. If EPA does not award any grants to eligible tribes, EPA will redistribute the money to eligible states using the base allocation formula described below.

How will the funding for states be allocated?

For fiscal year 2011, EPA expects to award grants to all eligible states who apply for funding based on a grant

allocation formula that combines the formula that the Agency originally developed in 2002 ("base allocation formula") with a supplemental allocation formula introduced with the fiscal year 2010 grants (see 75 FR 1373, January 11, 2010).

How does EPA expect to allocate 2011 BEACH Act grant funds?

For 2011, the total available for BEACH Act grants is expected to be \$9,900,000. Two tribes, the Grand Portage Band of Lake Superior Chippewa and the Makah Indian

Nation, are expected to receive grants of \$50,000 each (assuming no other grants are awarded to other eligible tribes), leaving \$9,800,000 for grants to states and territories, \$205,280 of which will be allocated using the supplemental allocation formula. Assuming all 35 states with coastal recreation waters apply and meet the statutory eligibility requirements for implementation grants (and have met the statutory grant conditions applicable to previously awarded section 406 grants), the allocation of the funds for year 2011 is expected to be:

For the state or territory of:	The year 2011 allocation is expected to be:	Portion of the total that is the supplemental allocation
Alabama	\$268,000	\$5,628
Alaska	154,000	4,183
American Samoa	306,000	4,183
California	524,000	9,888
Connecticut	228,000	4,260
Delaware	216,000	5,628
Florida	539,000	11,257
Georgia	293,000	6,997
Guam	307,000	4,183
Hawaii	331,000	8,443
Illinois	249,000	5,705
Indiana	209,000	2,814
Louisiana	325,000	2,814
Maine	260,000	5,628
Maryland	276,000	7,074
Massachusetts	263,000	8,443
Michigan	288,000	9,811
Minnesota	209,000	4,183
Mississippi	262,000	4,183
New Hampshire	209,000	4,260
New Jersey	285,000	7,074
New York	357,000	8,443
North Carolina	311,000	8,443
Northern Marianas	306,000	2,814
Ohio	228,000	4,260
Oregon	234,000	5,551
Pennsylvania	227,000	4,260
Puerto Rico	123,000	0
Rhode Island	220,000	6,997
South Carolina	305,000	8,443
Texas	392,000	8,443
U.S. Virgin Islands	306,000	2,814
Virginia	282,000	5,628
Washington	277,000	6,920
Wisconsin	231,000	5,628

What if a state does not apply or does not qualify for funding?

EPA expects that all 35 states and territories will apply for a grant. If fewer than 35 states apply for the allocated amount, or if any applicant fails to meet the statutory eligibility requirements (or the statutory conditions applicable to previously awarded section 406 grants), then EPA will distribute available grant funds to eligible states in the following order:

(1) States that meet the eligibility requirements for implementation grants

and that have met the statutory conditions applicable to previously awarded section 406 grants will be awarded the full amount of funds allocated to the state under the formula described above.

(2) EPA may award program implementation grants to local governments in states that the Agency determines have not met the requirements for implementation grants.

(3) Consistent with CWA section 406(h), EPA will use grant funds to conduct a beach monitoring and notification program in the case of a

state that has no program for monitoring and notification that is consistent with EPA's grant performance criteria.

What if a state or tribe cannot use all of its allocation?

If a state or tribe cannot use all of its allocation, the Regional Administrator may award the unused funds to any eligible coastal or Great Lake grant recipient in the Region for the continued development or implementation of its coastal recreation water monitoring and notification program. If, after re-allocation, there are

still unused funds within the Region, EPA Headquarters will redistribute these funds to any eligible coastal or Great Lake BEACH Act grant recipient according to the supplemental formula described in the **Federal Register** notice announcing the availability of the fiscal year 2010 grants (75 FR 1373, January 11, 2010).

How will the funding for tribes be allocated?

EPA expects to apportion the \$100,000 set aside for tribal grants evenly among all eligible tribes that apply for funding.

What is the expected duration of funding and projects?

The expected funding and project periods for implementation grants awarded in fiscal year 2011 is one year.

Does EPA require matching funds?

Recipients do not have to provide matching funds for BEACH Act grants. EPA retains the option to establish a match requirement in the future based on a review of state program activity and funding levels.

III. Eligible Activities

Recipients of implementation grants may use funds for activities to support implementing a beach monitoring and notification program that is consistent with the required performance criteria for grants specified in the document, *National Beach Guidance and Required Performance Criteria for Grants* (EPA-823-B-02-004). Recipients of development grants may use the funds to develop a beach monitoring and notification program consistent with the performance criteria. EPA expects that grantees will send a representative to EPA's National Beach Conference. Costs for attending this conference will be provided for in the grant agreement, if necessary, in accordance with 2 CFR part 225, Appendix B, Item 27.

IV. Selection Process

EPA Regional Offices will award CWA section 406 grants through a non-competitive process. EPA expects to award grants to all eligible state, tribal, and territorial applicants that meet the applicable requirements described in this notice.

Who has the authority to award BEACH Act grants?

The Administrator has delegated the authority to award BEACH Act grants to the Regional Administrators.

V. Application Procedure

What is the Catalog of Federal Domestic Assistance (CFDA) number for the BEACH Monitoring and Notification Program Implementation grants?

The number assigned to the BEACH Act grants is 66.472, Program Code CU.

Can BEACH Act grant funds be included in a Performance Partnership grant?

For fiscal year 2011, BEACH Act grants cannot be included in a Performance Partnership Grant.

What is the application process?

Your application package should contain completed:

- EPA SF-424 Application for Federal Assistance, and
- Program Summary.

In order for EPA to determine that a state or local government is eligible for an implementation grant, the applicant must submit documentation with its application to demonstrate that its program is consistent with the performance criteria. The Program Summary must contain sufficient technical detail for EPA to confirm that a program meets the statutory eligibility requirements and statutory grant conditions for previously awarded CWA section 406 grants referenced in Section II (Funding and Eligibility) of this notice. The Program Summary must also describe how the State or local government used BEACH Act grant funds to develop and implement the beach monitoring and notification program, and how the program is consistent with the nine performance criteria in *National Beach Guidance and Required Performance Criteria for Grants* (EPA-823-B-02-004) which is found at http://water.epa.gov/grants_funding/beachgrants/guidance_index.cfm.

The Program Summary should also describe the state or local program's objectives for the grant year and target dates and milestones for timely project completion.

States, Erie County, and tribes that have previously been awarded BEACH Act grants must submit application packages to the appropriate EPA Regional Office by February 28, 2011. EPA will make an award after the Agency reviews the documentation and confirms that the program meets the applicable requirements. The Office of Management and Budget has authorized EPA to collect this information (BEACH Act Grant Information Collection Request, OMB control number 2040-0244). Please contact the appropriate EPA Regional Office for a complete application package. See Section VII for

a list of EPA Regional Grant Coordinators or visit the EPA Beaches Web site at <http://water.epa.gov/type/oceb/beaches/contact.cfm>.

What should a tribe's Notice of Interest contain?

The Notice of Interest should include the tribe's name and the name and telephone number of a contact person.

Are Quality Assurance and Quality Control (QA/QC) required for applications?

Yes. Three specific QA/QC requirements must be met to comply with EPA's performance criteria for grants:

(1) Applicants must submit documentation that describes the quality system implemented by the state, territory, tribe, or local government. Documentation may be in the form of a Quality Management Plan or equivalent documentation.

(2) Applicants must submit a quality assurance project plan (QAPP) or equivalent documentation.

(3) Applicants are responsible for submitting documentation of the quality system and QAPP for review and approval by the EPA Quality Assurance Officer or his designee before they take primary or secondary environmental measurements. More information about the required QA/QC procedures is available in Chapter Four and Appendix H of *National Beach Guidance and Required Performance Criteria for Grants* (EPA-823-B-02-004).

VI. Reporting Requirements and Applicable Regulations

Are there reporting requirements?

Recipients must submit annual performance reports and financial reports as required in 40 CFR 31.40 and 31.41. The annual performance report explains changes to the beach monitoring and notification program during the grant year. It also describes how the grant funds were used to implement the program to meet the performance criteria listed in *National Beach Guidance and Required Performance Criteria for Grants* (EPA-823-B-02-004). The annual performance report required under 40 CFR 31.40 is due no later than 90 days after the grant year ends.

There are also special reporting requirements for BEACH Act grants. First, state grant recipients must submit to EPA a report that describes (1) data collected as part of the program for monitoring and notification as described in section 406(c), and (2) actions taken to notify the public when water quality

standards are exceeded. (See CWA section 406(b)(3)(A) and the *National Beach Guidance and Required Performance Criteria for Grants*.) Grant recipients must submit to EPA the monitoring and notification reports for any beach season by January 31 of the year following the beach season (68 FR 15446, 15449 (March 31, 2003)). For the 2011 beach season, the deadline for states to submit complete and correct reports is January 31, 2012.

In addition, grant recipients must report to EPA, latitude, longitude and mileage data on (1) the extent of beaches and similar points of public access adjacent to coastal recreation waters, and (2) the extent of those beaches that are monitored. EPA first established this requirement in the **Federal Register** notice for the fiscal year 2003 grants (68 FR 15446, 15447 (March 31, 2003)). EPA is continuing this requirement in order to capture any changes states, tribes, and local governments may make to their beach monitoring and notification programs. States, tribes, and local governments must report to EPA any changes to either the extent of their beaches or similar points of access, or to the extent of their beaches that are monitored.

As new predictive tools and methods of measuring water quality become more widespread, the ability to provide timely information to the public will increase. Coupled with improvements to the data submission process, it will be easier for states and EPA to make notification and water quality data available to the public. Therefore, EPA is considering requiring states to report to EPA more frequently than annually in the future. The Agency intends to review state and federal agency capabilities, resource constraints, and the impact of more frequent reporting, and make any necessary changes to the appropriate section of the *National Beach Guidance and Performance Criteria*. Any such changes would not affect reporting for the 2011 beach season.

What regulations apply to the award and administration of these grants?

The regulations at 40 CFR part 31 govern the award and administration of grants to states, tribes, local governments, and territories under CWA section 406(b). Allowable costs will be determined according to the cost principles outlined in 2 CFR part 225.

ENVIRONMENTAL PROTECTION AGENCY

[ER–FRL–8994–4]

Environmental Impacts Statements; Notice of Availability

Responsible Agency: Office of Federal Activities, General Information (202) 564–1399 or <http://www.epa.gov/compliance/nepa/>.

Weekly receipt of Environmental Impact Statements Filed 12/20/2010 Through 12/23/2010

Pursuant to 40 CFR 1506.9.

Notice

In accordance with Section 309(a) of the Clean Air Act, EPA is required to make its comments on EISs issued by other Federal agencies public.

Historically, EPA met this mandate by publishing weekly notices of availability of EPA comments, which includes a brief summary of EPA's comment letters, in the **Federal Register**. Since February 2008, EPA has included its comment letters on EISs on its Web site at: <http://www.epa.gov/compliance/nepa/eisdata.html>. Including the entire EIS comment letters on the website satisfies the Section 309(a) requirement to make EPA's comments on EISs available to the public. Accordingly, on March 31, 2010, EPA discontinued the publication of the notice of availability of EPA comments in the **Federal Register**.

EIS No. 20100481, Draft EIS, FERC, CA, Eagle Mountain Pumped Storage Hydroelectric Project, Licensing Application for Eagle Mountain Mine, near the town of Desert Center, Riverside County, CA, Comment Period Ends: 02/14/2011, Contact: Kenneth Hogan 202–502–8434.

Amended Notices

EIS No. 20100449, Draft EIS, USFS, MT, Stillwater Mining Revised Water Management Plans and BOE Ranch LAD, Implementation, Stillwater and Nye Counties, MT, Comment Period Ends: 02/24/2011, Contact: Patrick Pierson 406–657–6200 Ext. 213.

Revision to FR Notice Published 11/26/2010: Extending Comment Period from 01/10/2011 to 02/24/2011.

Dated: December 27, 2010.

Ken Mittelholtz,
Deputy Director, NEPA Compliance Division, Office of Federal Activities.
