

necessary to meet water quality standards in the Bay. Other provisions of the CWA, as well as the jurisdictions' Watershed Implementation Plans (WIPs), were developed to implement the Bay TMDL. EPA worked with its partners, the Bay jurisdictions, to assist in their development of individual jurisdiction-specific WIPs, which collectively serve as part of the overall TMDL implementation framework. Those WIPs are not part of the Bay TMDL itself but are part of the TMDL record and help provide reasonable assurance that the necessary nitrogen, phosphorus and sediment reductions identified in the TMDL will be achieved. The WIPs identify specific nitrogen, phosphorus and sediment reduction targets by geographic location and sector to achieve allowable loadings, as well as a description and schedule of actions that the jurisdictions will take to achieve these reductions.

In accordance with Executive Order 13508, EPA and the jurisdictions also will provide the next set of two-year milestone commitments specifying what source controls will be taken to reduce nitrogen, phosphorus and sediment during that period. Any questions or comments regarding the substance of the individual WIPs, or the WIPs themselves should be addressed to the individual jurisdiction. Links to the WIPs are available at <http://www.epa.gov/chesapeakebaytmdl>.

Dated: December 29, 2010.

### **Second National Bed Bug Summit; Notice of Public Meeting**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** EPA is planning the second National Bed Bug Summit to be held February 1 and 2, 2011, on the topic of the bed bug resurgence in the United States. The goal of this meeting is to review the current bed bug problem and identify and prioritize further actions to address the problem. The objectives of the summit are to identify knowledge gaps and barriers to effective community-wide bed bug control; propose the next steps in addressing

knowledge gaps and eliminating barriers; and develop a framework for addressing the highest priority needs. The agenda for this meeting is under development and will be posted on our Web site and placed in the docket in advance of the meeting.

**DATES:** The meeting will be held on February 1 and 2, 2011, from 8:30 a.m. to 6 p.m. Requests to participate in the meeting must be received on or before January 24, 2011.

To request accommodation of a disability, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**, preferably at least 10 days prior to the meeting, to give EPA as much time as possible to process your request.

**ADDRESSES:** The meeting will be held at the Georgetown University Hotel and Conference Center at 3800 Reservoir Road, NW., Washington, DC 20057. For additional information on the location, please see the following Web page: <http://www.acc-guhotelandconferencecenter.com/>.

**FOR FURTHER INFORMATION CONTACT:** Angela Hollis, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 347-0216; fax number: (703) 308-0029; e-mail address: [hollis.angela@epa.gov](mailto:hollis.angela@epa.gov).

#### **SUPPLEMENTARY INFORMATION:**

##### **I. General Information**

###### *A. Does this action apply to me?*

This action is directed to the public in general. This action may, however, be of interest to persons who are concerned about bed bugs, persons who work in residential settings, housing owners and managers, pest management professionals, pesticide industry and trade associations, public health organizations, environmental and consumer groups, academia, State, local and Tribal governments, persons who are interested in implementation of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA); the Federal Food, Drug, and Cosmetic Act (FFDCA), and the amendments to both of these major pesticide laws by the Food Quality Protection Act (FQPA) of 1996. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

###### *B. How can I get copies of this document and other related information?*

EPA has established a docket for this action under docket ID number EPA-HQ-OPP-2009-0190. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

##### **II. Background**

The resurgence of the common bed bug continues to be affecting many areas of the country. As this resilient pest has become a nationwide problem affecting hotels, universities, and homes in the general population, it is important that the federal government assist in exploring means of effectively identifying challenges and ways to remedy this pest concern. EPA began discussions to share information on the topic of bed bugs at the first National Bed Bug Summit in April 2009. The first summit provided a venue to identify ideas and opinions on bed bug control and to develop recommendations. This second Bed Bug Summit will further these discussions by identifying knowledge gaps and barriers to effective community-wide bed bug control; proposing the next steps in addressing knowledge gaps and eliminating barriers; and developing a framework for addressing the highest priority needs. Potential participants for this forum include Federal, State, and local government agencies responsible for public health and public housing, researchers and academicians; health, housing and environmental advocacy organizations; the pest management industry; pesticide manufacturers; and other interested parties. All interested parties are encouraged to participate.

##### **III. How can I request to participate in this meeting?**

You may submit a request to participate in this meeting to [BedBugSummit2Registration@epa.gov](mailto:BedBugSummit2Registration@epa.gov). Requests to participate in the meeting should include name, affiliation, address, telephone number, and e-mail address. Do not submit any information in your request that is considered CBI. Requests to participate in the meeting must be received on or before January 24, 2011.

**List of Subjects**

Environmental protection.

**Pesticide Product Registrations; Conditional Approval**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This notice announces Agency approval of an application to register the pesticide products Spirotetramat Technical, Movento, BYI 8330 150 OD Insecticide, Ultor, and Spirotetramat 240 SC Greenhouse & Nursery Insecticide/Miticide containing an active ingredient not included in any previously registered products pursuant to the provisions of section 3(c)(7) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. Spirotetramat is a tetramic acid derivative (ketoenole), and is active against sucking insects in vegetables, citrus, pome fruit, stone fruit, grapes, cotton and other plants. It is systemic (xylem and phloem mobile) and can control hidden pests and protect new shoots.

**FOR FURTHER INFORMATION CONTACT:** Rita Kumar, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-8291; e-mail address: [kumar.rita@epa.gov](mailto:kumar.rita@epa.gov).

**SUPPLEMENTARY INFORMATION:****I. General Information***A. Does this action apply to me?*

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. Potentially affected entities may include, but are not limited to:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

This listing is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be affected by this action. Other types of entities not listed in this unit could also be affected. The North American Industrial Classification System (NAICS) codes have been provided to assist you and others in determining whether this action might apply to certain entities. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

*B. How can I get copies of this document and other related information?*

1. *Docket.* EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2010-0130. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the Office of Pesticide Programs (OPP) Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

In accordance with section 3(c)(2) of FIFRA, a copy of the approved labels, the list of data references, the data and other scientific information used to support registration, except for material specifically protected by section 10 of FIFRA, are also available for public inspection. Requests for data must be made in accordance with the provisions of the Freedom of Information Act and must be addressed to the Freedom of Information Office (A-101), 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001. Such requests should: Identify the product name and registration number and specify the data or information desired.

A paper copy of the fact sheet, which provides more detail on this registration, may be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Rd., Springfield, VA 22161.

**II. Did EPA conditionally approve the application?**

A conditional registration may be granted under section 3(c)(7)(C) of FIFRA for a new active ingredient where certain data are lacking, on condition that such data are received by the end of the conditional registration period and do not meet or exceed the risk criteria set forth in 40 CFR 154.7; that

use of the pesticide during the conditional registration period will not cause unreasonable adverse effects; and that use of the pesticide is in the public interest. The Agency has considered the available data on the risks associated with the proposed use of spirotetramat, and information on social, economic, and environmental benefits to be derived from such use. Specifically, the Agency has considered the nature and its pattern of use, application methods and rates, and level and extent of potential exposure. Based on these reviews, the Agency was able to make basic health and safety determinations which show that use of spirotetramat during the period of conditional registration will not cause any unreasonable adverse effect on the environment, and that use of the pesticide is in the public interest.

Consistent with section 3(c)(7)(C) of FIFRA, the Agency has determined that these conditional registrations are in the public interest. Use of the pesticides are of significance to the user community, and appropriate labeling, use directions, and other measures have been taken to ensure that use of the pesticides will not result in unreasonable adverse effects to man and the environment.

**III. Approved Applications**

EPA issued a notice, published in the **Federal Register** of February 26, 2010 (75 FR 8939) (FRL-8812-8), which announced that Bayer CropScience and Bayer Environmental Science had submitted applications to register the pesticide products, Spirotetramat Technical, Movento, BYI 8330 150 OD Insecticide, Ultor, and Spirotetramat 240 SC Greenhouse & Nursery Insecticide/Miticide, for control of insect pests, (EPA File Symbols 264-RNUO, 264-RNLN, 264-RNLR, 264-RNAL, and 432-RUTR), containing 97.37%, 22.4%, 15.3%, 14.5%, and 22.4% active ingredient respectively. These products were previously registered in 2008, but the registrations were vacated by court order on December 23, 2009, due to lack of publication of a notice of receipt of the registration applications in the **Federal Register** under section 3(c)(4) of FIFRA. As a result of the vacatur, EPA treated Bayer's earlier-filed applications for registration as then-pending before the Agency.

The applications were conditionally approved on October 15, 2010, as Spirotetramat Technical, Movento, BYI 8330 150 OD Insecticide, Ultor, and Spirotetramat 240 SC Greenhouse & Nursery Insecticide/Miticide (EPA Registration Numbers 264-1049, 264-1050, 264-1051, 264-1065, and 432-
