SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Extending the Operation of Its New Market Model Pilot Until the Earlier of Securities and Exchange Commission Approval To Make Such Pilot Permanent or August 1, 2011

December 29, 2010.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”) and Rule 19b–4 thereunder, notice is hereby given that on December 17, 2010, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the operation of its New Market Model Pilot, currently scheduled to expire on January 31, 2011, until the earlier of Securities and Exchange Commission (“SEC” or “Commission”) approval to make such pilot permanent or August 1, 2011. The text of the proposed rule change is available at the Exchange, the Commission’s Public Reference Room, and http://www.nyse.com.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to extend the operation of its New Market Model Pilot (“NMM Pilot”), currently scheduled to expire on January 31, 2011, until the earlier of Securities and Exchange Commission approval to make such pilot permanent or August 1, 2011. The Exchange notes that parallel changes are proposed to be made to the rules of the NYSE Amex LLC.

2. Background

In October 2008, the NYSE implemented significant changes to its market rules, execution technology and the rights and obligations of its market participants all of which were designed to improve execution quality on the Exchange. These changes are all elements of the Exchange’s enhanced market model. Certain of the enhanced market model changes were implemented through a pilot program.

As part of the NMM Pilot, NYSE eliminated the function of specialists on the Exchange creating a new category of market participant, the Designated Market Maker or DMM. The DMMs, like specialists, have affirmative obligations to make an orderly market, including continuous quoting requirements and obligations to re-enter the market when reaching across to execute against trading interest. Unlike specialists, DMMs have a minimum quoting requirement in their assigned securities and no longer have a negative obligation. DMMs are no longer agents for public customer orders.

In addition, the Exchange implemented a system change that allowed DMMs to create a schedule of additional non-displayed liquidity at various price points where the DMM is

willing to interact with interest and provide price improvement to orders in the Exchange’s system. This schedule is known as the DMM Capital Commitment Schedule (“CCS”).® CCS provides the Display Book® with the amount of shares that the DMM is willing to trade at price points outside, at and inside the Exchange Best Bid or Best Offer (“BBO”). CCS interest is separate and distinct from other DMM interest in that it serves as the interest of last resort. The NMM Pilot further modified the logic for allocating executed shares among market participants having trading interest at a price point upon execution of incoming orders. The modified logic rewards displayed orders that establish the Exchange’s BBO. During the operation of the NMM Pilot orders, or portions thereof, that establish priority until the orders, or portions thereof, that establish the Exchange’s BBO.

During the operation of the NMM Pilot until August 1, 2011, in order to allow the Exchange time to formally submit a filing to the Commission to convert the pilot rules to permanent rules.

2. Statutory Basis
The basis under the Securities Exchange Act of 1934 (the “Act”) for this proposed rule change is the requirement under Section 6(b)(5) that an exchange have rules that are designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest. The Exchange believes that the instant filing is consistent with these principles because the NMM Pilot provides its market participants with a trading venue that utilizes an enhanced market structure to encourage the addition of liquidity, facilitate the trading of larger orders more efficiently and operates to reward aggressive liquidity providers. Moreover, the instant filing requesting an extension of the NMM Pilot will permit adequate time for: (i) The Exchange to prepare and submit a filing to make the rules governing the NMM Pilot permanent; (ii) public notice and comment; and (iii) completion of the 19b–4 approval process.

B. Self-Regulatory Organization’s Statement on Burden on Competition
The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others
No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action
Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b–4(f)(6) thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
