SUPPLEMENTARY INFORMATION:

I. Abstract

The Monthly Wholesale Trade Survey (MWTS) provides the only continuous measure of monthly sales, end-of-month inventories, and inventories/sales ratios in the United States by selected kinds of business for merchant wholesalers, excluding manufacturers' sales branches and offices. The Bureau of Economic Analysis uses this information to improve the inventory valuation adjustments applied to estimates of the Gross Domestic Product. The Bureau of Labor Statistics uses the data as input to their Producer Price Indexes and in developing productivity measurements.

Estimates produced from the MWTS are based on a probability sample and are published on the North American Industry Classification System (NAICS) basis. The sample design consists of small, medium, and large cases requested to report sales and inventories each month. The sample, consisting of about 4,500 wholesale businesses, is drawn from the Business Register, which contains all Employer Identification Numbers (EINs) and listed establishment locations. The sample is updated quarterly to reflect employer business "births" and "deaths"; adding new employer businesses identified in
