Intergovernmental Review

This program is subject to Executive Order 12372 and the regulations in 34 CFR 79. One of the objectives of the Executive Order is to foster an intergovernmental partnership and a strengthened federalism. The Executive Order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance. This document provides early notification of our specific plans and actions for this program.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP10-492-000]

Columbia Gas Transmission, LLC; Notice of Availability of the Environmental Assessment for the Proposed Line 1278-Line K Expansion Project

January 7, 2011.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared this environmental assessment (EA) for the Line 1278-Line K Expansion Project proposed by Columbia Gas Transmission, LLC (Columbia) in the above-referenced docket. Columbia requests authorization to abandon and replace natural gas pipeline facilities in Pike County, Pennsylvania and Orange County, New York.

The EA assesses the potential environmental effects of the construction and operation of the Line 1278-Line K Expansion Project in accordance with the requirements of the National Environmental Policy Act of 1969 (NEPA). The FERC staff concludes that approval of the proposed project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Army Corps of Engineers elected to act as a cooperating agency in the preparation of this EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resource potentially affected by Columbia's proposal and participate in the NEPA analysis.

The proposed project would remove and replace approximately 17 miles of Columbia's existing pipelines and related facilities, mainly within the same ditch or right-of-way of the existing pipeline. Columbia's existing pipelines extend in a northeasterly direction towards Millennium Pipeline Company's existing Wagoner Compressor Station in Sparrowbush, New York.

The EA has been placed in the public files of the FERC and is available for public viewing on the FERC's Web site at <http://www.ferc.gov> using the eLibrary link. A limited number of copies of the EA are available for distribution and public inspection at: Federal Energy Regulatory Commission, Public Reference Room, 888 First Street, NE., Room 2A, Washington, DC 20426, (202) 502-8371.

Copies of the EA have been mailed to federal, state, and local government

representatives and agencies; elected officials; public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; newspapers and libraries in the project area; and parties to this proceeding.

Any person wishing to comment on the EA may do so. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to lessen or avoid environmental impacts. The more specific your comments, the more useful they will be. To ensure that your comments are properly recorded and considered prior to a Commission decision on the proposal, it is important that we receive your comments in Washington, DC on or before February 7, 2011.

For your convenience, there are three methods you can use to submit your comments to the Commission. In all instances, please reference the project docket number (CP10-492-000) with your submission. The Commission encourages electronic filing of comments and has dedicated eFiling expert staff available to assist you at 202-502-8258 or efiling@ferc.gov.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's Internet Web site at <http://www.ferc.gov> under the link to Documents and Filings. An eComment is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You may file your comments electronically by using the eFiling feature, which is located at <http://www.ferc.gov> under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making. A comment on a particular project is considered a "Comment on a Filing;" or

(3) You may file a paper copy of your comments at the following address:

Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Room 1A, Washington, DC 20426.

Although your comments will be considered by the Commission, simply filing comments will not serve to make the commentor a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR

385.214).¹ Interventions may also be filed electronically via the Internet in lieu of paper. See the previous discussion of filing comments electronically. Only intervenors have the right to seek rehearing of the Commission's decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your comments considered.

Additional information about the project is available from the Commission's Office of External Affairs at (866) 208-FERC or on the FERC Web site (<http://www.ferc.gov>) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number excluding the last three digits in the docket number field (*i.e.*, CP10-492). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notifications of these filings, document summaries, and direct links to the documents. [Docket No. CP10-477-000]

Southern LNG Company, LLC; Notice of Public Scoping Meeting for the Proposed LNG Truck Loading Project

January 7, 2011.

On February 2, 2011, the Office of Energy Projects staff will hold a public

scoping meeting to obtain public input related to the environmental analysis of Southern LNG Company, LLC's (Southern) LNG Truck Loading Project. We scheduled this meeting to provide stakeholders an opportunity to voice comments on the additional information Southern has submitted to the Commission since the scoping meeting held on September 29, 2010. The previous scoping meeting was noticed in our September 13, 2010 *Notice of Intent to Prepare an Environmental Assessment for the Proposed LNG Truck Loading Project and Request for Comments on Environmental Issues, and Notice of Public Scoping Meeting (NOI)*.

The public scoping meeting is scheduled as follows: LNG Truck Loading Project, February 2, 2011, 7 p.m., Savannah Civic Center Ball Room, 301 West Oglethorpe Avenue, Savannah, GA, Savannah, Georgia 31405.

This notice is being sent to the Commission's current environmental mailing list for this project. The NOI and additional information about the project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site at <http://www.ferc.gov> using the "eLibrary" link. Click on the eLibrary link, click on "General Search" and enter the docket number, excluding the last three digits in the Docket Number field (*i.e.*, CP10-477). BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-TRI-2010-1022; FRL-9251-2]

Request Facilities To Report Toxics Release Inventory Information Electronically or Complete Fill-and-Print Reporting Forms

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: With this document, the Environmental Protection Agency (EPA) strongly recommends facilities use the Toxics Release Inventory-Made Easy Web application (TRI-MEweb) to report and submit Toxics Release Information

(TRI) data to EPA. TRI-MEweb provides useful features to facilitate the submission process and validates data to help ensure accuracy. Recognizing that some facilities are still using paper forms rather than TRI-MEweb, EPA is providing a new electronically fillable version of Form R, Form R Schedule 1, and Form A to make it easier for respondents to complete these forms and for EPA to read and process the submitted forms. The use of TRI-MEweb (the preferred method) or, alternatively, the Fill-and-Print TRI Forms will help ensure data accuracy, while also reducing the amount of time it takes for EPA to process TRI submissions and make valuable toxic chemical release and other waste management data available to the public.

FOR FURTHER INFORMATION CONTACT: For general information on TRI, contact the Emergency Planning and Community Right-to-Know Hotline at (800) 424-9346 or (703) 412-9810, TDD (800) 553-7672, <http://www.epa.gov/epaoswer/hotline/>. For specific information on this notice, contact David Turk, Toxics Release Inventory Program Division, Mailcode 2844T, OEI, Environmental Protection Agency, Ariel Rios Building, 1200 Pennsylvania Ave., NW., Washington, DC 20460; *Telephone:* (202) 566-1527; *E-mail:* Turk.David@epa.gov.

A. Does this notice apply to me?

This notice applies to facilities that submit annual reports under section 313 of the Emergency Planning and Community Right-to-Know Act (EPCRA) and section 6607 of the Pollution Prevention Act (PPA). To determine whether your facility would be affected by this action, you should carefully examine the applicability criteria in part 372, subpart B, of Title 40 of the Code of Federal Regulations. Potentially affected categories and entities may include, but are not limited to:

¹ Interventions may also be filed electronically via the Internet in lieu of paper. See the previous discussion on filing comments electronically.
