II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The

Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ is proposing to modify Rule 7050 governing the fees assessed for options orders entered into NOM but routed to and executed on away markets (“Routing Fees”). Specifically, the Exchange is proposing to amend its current Routing Fees that are currently assessed on orders routed to the

International Securities Exchange LLC (“ISE”) in Select Symbols³ for orders of 100 or more contracts. ISE recently amended its fees and the amendments proposed herein reflect the proposed ISE amendments.⁴

The Exchange proposes to assess Customers a fee of \$0.18 per contract and Professionals a fee of \$0.34 per contract for orders routed to ISE in Select Symbols. The Routing Fees currently assessed on Firms and Market Makers will remain unchanged. Currently, the Exchange assesses the following fees to route to ISE in Select Symbols of 100 or more contracts: \$.26 per contract for Customers, \$0.55 per contract for Firms⁵ and Market Makers⁶ and \$0.31 per contract for Professionals.

¹⁴ 17 CFR 200.30-3(a)(12).

¹⁵ U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ Select Symbols refer to the symbols which are subject to ISE’s Rebates and Fees for Adding and

Removing Liquidity in Select Symbols in ISE’s Schedule of Fees.

⁴ See SR-ISE-2010-120.

⁵ Firm is an order that clears as “Firm” with the Options Clearing Corporation (“OCC”). This fee of \$0.55 is a fixed routing fee for routing orders for the account(s) of Firms.

⁶ This fee of \$0.55 is a fixed routing fee for routing orders for the account(s) of Market Makers. The Exchange notes that some other options exchanges include Market Maker transaction and clearing fees as “broker-dealer” fees.

All other orders that are routed to ISE, including orders that are less than 100 contracts, are assessed the rates labeled "ISE".

The Exchange also proposes to amend the title of the Routing Fees in ISE Select Symbols to state "ISE Select Symbols" rather than "ISE Select Symbols of 100 or more contracts" to reflect the recent amendments to ISE's fees which eliminate the fee differential between priority customers with 100 or more contracts and priority customers with less than 100 contracts.⁷ All other orders that are routed to ISE, which are not in the Select Symbols, would be assessed the rates labeled "ISE".

NASDAQ Options Services LLC ("NOS"), a member of the Exchange, is the Exchange's exclusive order router. Each time NOS routes to away markets NOS is charged a \$0.06 clearing fee and, in the case of certain exchanges, a transaction fee is also charged in certain symbols, which are passed through to the Exchange. Each destination market's transaction charge varies for each transaction incurred by the Exchange. The Exchange is proposing this amendment in order to recoup clearing and transaction charges incurred by the Exchange when orders are routed to ISE in the ISE Select Symbols.

2. Statutory Basis

NASDAQ believes that the proposed rule changes are consistent with the provisions of Section 6 of the Act,⁸ in general, and with Section 6(b)(4) of the Act,⁹ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls. The Exchange believes that these fees are reasonable because the Exchange is seeking to recoup costs that it incurs when routing orders to ISE in Select Symbols on behalf of its members. The Exchange believes that the proposed fee amendments are equitable because these amendments mirror recent proposed amendments to ISE's Schedule of Fees and are being uniformly applied to the Exchange's members.

NASDAQ is one of nine options markets in the national market system for standardized options. Joining NASDAQ and electing to trade options is entirely voluntary. Under these circumstances, NASDAQ's fees must be competitive and low in order for NASDAQ to attract order flow, execute orders, and grow as a market. NASDAQ

thus believes that its fees are fair and reasonable and consistent with the Exchange Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁰ and paragraph (f)(2) of Rule 19b-4¹¹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
