SECURITIES AND EXCHANGE COMMISSION

Proposed Collection; Comment Request

Upon Written Request, Copies Available

From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-0213.

Extension:

Rule 17a-3; SEC File No. 270-026; OMB Control No. 3235-0033.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 17a-3 (17 CFR 240.17a-3), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 17a-3 under the Securities Exchange Act of 1934 establishes minimum standards with respect to business records that broker-dealers registered with the Commission must make and keep current. These records are maintained by the broker-dealer (in accordance with a separate rule), so they can be used by the broker-dealer and reviewed by Commission examiners, as well as other regulatory authority examiners, during inspections of the broker-dealer.

The collections of information included in Rule 17a-3 is necessary to provide Commission, self-regulatory organization ("SRO") and state examiners to conduct effective and efficient examinations to determine whether broker-dealers are complying with relevant laws, rules, and regulations. If broker-dealers were not required to create these baseline, standardized records, Commission, SRO and state examiners could be unable to determine whether broker-dealers are in compliance with the Commission's antifraud and anti-manipulation rules, financial responsibility program, and other Commission, SRO, and State laws, rules, and regulations.

As of October 1, 2010 there were 5,057 broker-dealers registered with the Commission. The Commission estimates that these broker-dealer respondents incur a total burden of 2,723,970 hours per year to comply with Rule 17a-3. Approximately 1,464,777 of those hours are attributable to paragraph 17a-3(a)(17), and about 1,259,193 hours are attributable to the rest of Rule 17a-3. Paragraph 17a-3(a)(17) contains requirements to provide customers with account information (approximately 683,969 hours) and requirements to update customer account information (approximately 777,436 hours).

In addition, Rule 17a-3 contains ongoing operation and maintenance costs for broker-dealers including the cost of postage to provide customers with account information, and costs for equipment and systems development. The Commission estimates that under Rule 17a-3(a)(17), approximately 35,627,958 customers will need to be provided with information regarding their account on a yearly basis. The Commission estimates that the postage costs associated with providing those customers with copies of their account record information would be approximately \$10,688,387 per year (35,627,958 × \$0.30).¹ The staff estimates that the ongoing equipment and systems development costs relating to Rule 17a-3 for the industry would be about \$23,514,452 per year. Consequently, the total cost burden associated with Rule 17a-3 would be approximately \$34,202,839 per year.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Please direct your written comments to: Thomas Bayer, Chief Information Officer, Securities and Exchange Commission, c/o Remi Pavlik-Simon,

¹ Estimates of postage costs are derived from past conversations with industry representatives and have been adjusted to account for inflation and increases in postage costs.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63707; File No. SR-NYSEArca-2011-02]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NYSE Arca US LLC To Establish a \$5 Strike Price Program

January 12, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on January 11, 2011, NYSE Arca US LLC (the "Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to adopt Commentary .10 to NYSE Arca Rule 6.4 to allow the Exchange to list and trade series in intervals of \$5 or greater where the strike price is more than \$200 in up to five (5) option classes on individual stocks. The text of the proposed rule change is available at the principal office of the Exchange, on the Commission's Web site at <http://www.sec.gov>, at the Commission's Public Reference Room, and <http://www.nyse.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to adopt Commentary .10 to Rule 6.4 to allow the Exchange to list and trade series in intervals of \$5 or greater where the strike price is more than \$200 in up to five (5) option classes on individual stocks ("5 Strike Price Program") to provide investors and traders with additional opportunities and strategies to hedge high priced securities, based on a recently approved rule change of NASDAQ OMX PHLX ("Phlx").³ The Exchange also proposes to adopt a provision recently adopted for Phlx that permits the Exchange to list \$5 strike prices on any other option classes designated by other securities exchanges that employ a \$5 Strike Program.⁴

Currently, Rule 6.4(f) permits strike price intervals of \$10 or greater where the strike price is greater than \$200.⁵ The Exchange is proposing to add the proposed \$5 Strike Program as an exception to the \$10 or greater language in Rule 6.4(f). The proposal would allow the Exchange to list series in intervals of \$5 or greater where the strike price is more than \$200 in up to five (5) option classes on individual stocks. The Exchange specifically proposes to create new Commentary .10 to Rule 6.4 to provide:

The Exchange may list series in intervals of \$5 or greater where the strike price is more than \$200 in up to five (5) option classes on individual stocks. The Exchange may list \$5 strike prices above \$200 in any other option classes if those classes are specifically designated by other securities exchanges that employ a similar \$5 Strike Program under their respective rules.

The Exchange believes the \$5 Strike Price Program would offer investors a greater selection of strike prices at a lower cost. For example, if an investor wanted to purchase an option with an expiration of approximately one month, a \$5 strike interval could offer a wider choice of strike prices, which may result

in reduced outlays in order to purchase the option. By way of illustration, using Google, Inc. ("GOOG") as an example, if GOOG were trading at \$610⁶ with approximately one month remaining until expiration, the front month (one month remaining) at-the-money call option (the 610 strike) might trade at approximately \$17.50 and the next highest available strike (the 620 strike) might trade at approximately \$13.00. By offering a 615 strike an investor would be able to trade a GOOG front month call option at approximately \$15.25, thus providing an additional choice at a different price point.

Similarly, if an investor wanted to hedge exposure to an underlying stock position by selling call options, the investor may choose an option term with two months remaining until expiration. An additional \$5 strike interval could offer additional and varying yields to the investor. For example if Apple, Inc. ("AAPL") were trading at \$310⁷ with approximately two months remaining until expiration, the second month (two months remaining) at-the-money call option (the 310 strike) might trade at approximately \$14.50 and the next highest available strike (the 320) strike might trade at \$9.90. If at expiration the price of AAPL closed at \$310, the 310 strike call would have yielded a return of 4.67% and the 320 strike call would have yielded a return of 3.20% over the holding period. If the 315 strike call were available, that series might be priced at approximately \$12.10 (a yield of 3.93% over the holding period) and would have had a lower risk of having the underlying stock called away at expiration than that of the 310 strike call.

The Exchange is also proposing to adopt a provision that options may be listed and traded in series that are listed by other securities exchanges that employ a similar \$5 Strike Price Program, pursuant to the rules of the other securities exchange. Similar reciprocity currently is permitted with the Exchange's \$1 Strike Program, \$.50 Strike Program and \$2.50 Strike Price Program.⁸

With regard to the impact of this proposal on system capacity, the Exchange has analyzed its capacity and represents that it and the Options Price

Reporting Authority have the necessary systems capacity to handle the potential additional traffic associated with the listing and trading of classes on individual stocks \$5 Strike Price Program.

The proposed \$5 Strike Price Program would provide investors increased opportunities to improve returns and manage risk in the trading of equity options that overlie high priced stocks. In addition, the proposed \$5 Strike Price Program would allow investors to establish equity options positions that are better tailored to meet their investment, trading and risk management requirements.

2. Statutory Basis

The Exchange believes that this proposed rule change is consistent with Section 6(b) of the Securities Exchange Act of 1934 ("Act"),⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁰ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes the \$5 Strike Price Program proposal will provide the investing public and other market participants increased opportunities because a \$5 series in high priced stocks will provide market participants additional opportunities to hedge high priced securities. This will allow investors to better manage their risk exposure, and the Exchange believes the proposed \$5 Strike Price Program would benefit investors by giving them more flexibility to closely tailor their investment decisions in a greater number of securities. While the \$5 Strike Price Program will generate additional quote traffic, the Exchange does not believe that this increased traffic will become unmanageable since the proposal is limited to a fixed number of classes. Further, the Exchange does not believe that the proposal will result in a material proliferation of additional series because it is limited to a fixed number of classes and the Exchange does not believe that the additional price points will result in fractured liquidity.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose

⁴ See Securities Exchange Act Release No. 63658, (January 6, 2011) (notice of filing and immediate effectiveness of SR-Phlx-2011-02).

⁵ Commentary .05 permits strike intervals of \$2.50 or greater where the strike price is \$25 or less, and strike price intervals of \$5 or greater where the strike price is greater than \$25.

any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹²

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because the \$5 Strike Price Program is substantially similar to that of another exchange that is already effective and operative.¹³ Therefore, the Commission designates the proposal operative upon filing.¹⁴

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act.

Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NYSEArca-2011-02 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSEArca-2011-02. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE., Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-NYSEArca-2011-02 and should be submitted on or before February 10, 2011.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁵

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-63712; File No. SR-Phlx-2011-01]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to a Fee Cap on Dividend, Merger and Short Stock Interest Strategies

January 12, 2011.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that, on January 3, 2011, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the combined fee cap on equity option transaction charges on dividend,³ merger,⁴ and short stock interest⁵ strategies.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqtrader.com/micro.aspx?id=PHLXfilings>, at the principal office of the Exchange, at the Commission's Public Reference Room, and on the Commission's Web site at <http://www.sec.gov>.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ For purposes of this proposal, the Exchange defines a "dividend strategy" as transactions done to achieve a dividend arbitrage involving the purchase, sale and exercise of in-the-money options of the same class, executed prior to the date on which the underlying stock goes ex-dividend. See e.g., Securities Exchange Act Release No. 54174 (July 19, 2006), 71 FR 42156 (July 25, 2006) (SR-Phlx-2006-40).

⁴ For purposes of this proposal, the Exchange defines a "merger strategy" as transactions done to achieve a merger arbitrage involving the purchase, sale and exercise of options of the same class and expiration date, executed prior to the date on which shareholders of record are required to elect their respective form of consideration, i.e., cash or stock.

⁵ For purposes of this proposal, the Exchange defines a "short stock interest strategy" as transactions done to achieve a short stock interest arbitrage involving the purchase, sale and exercise of in-the-money options of the same class.

¹¹ 15 U.S.C. 78s(b)(3)(A).

¹² 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission has waived the five-day prefiling requirement in this case.

¹³ See *supra* notes 3 and 4.

¹⁴ For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
