SUPPLEMENTARY INFORMATION:

Background

Section 673(2) of the Omnibus Budget Reconciliation Act (OBRA) of 1981 (42 U.S.C. 9902(2)) requires the Secretary of the Department of Health and Human Services to update the poverty guidelines at least annually, adjusting them on the basis of the Consumer Price Index for All Urban Consumers (CPI-U). The poverty guidelines are used as an eligibility criterion by the Community Services Block Grant program and a number of other Federal programs. The *poverty guidelines* issued here are a simplified version of the *poverty thresholds* that the Census Bureau uses to prepare its estimates of the number of individuals and families in poverty.

As required by law, this update is accomplished by increasing the latest published Census Bureau poverty thresholds by the relevant percentage change in the Consumer Price Index for All Urban Consumers (CPI-U). The guidelines in this 2011 notice reflect the 1.6 percent price increase between calendar years 2009 and 2010. After this inflation adjustment, the guidelines are rounded and adjusted to standardize the differences between family sizes. The same calculation procedure was used this year as in previous years (except for 2010, as discussed below).

Last year's poverty guidelines—the 2010 guidelines—were issued at an atypical time (August 3, 2010, rather than late January 2010) because legislation enacted in late 2009 (Pub. L. 111-118) and early 2010 (Pub. L. 111-144 and 111-157) ultimately prohibited publication of 2010 poverty guidelines before May 31, 2010. The details of the calculation of the 2010 guidelines were adjusted to take into account the period for which their publication was delayed, as described at 75 FR 45628. However, the level of the 2011 poverty guidelines presented here is not affected by the way in which the 2010 poverty guidelines were calculated because, in following the usual process for updating the poverty guidelines, the starting point for calculating the 2011 poverty guidelines is the 2009 Census Bureau poverty thresholds, and not the 2010 poverty guidelines.

The following guideline figures represent annual income.
