LEGAL SERVICES CORPORATION

Notice and Request for Comments: LSC Elimination of the Nevada, South Dakota, and Wyoming Migrant Service Areas Beginning April 1, 2011

AGENCY: Legal Services Corporation.

ACTION: Notice and Request for Comments—LSC Elimination of the Nevada, South Dakota, and Wyoming Migrant Service Areas.

SUMMARY: The Legal Services Corporation will eliminate the Nevada, South Dakota, and Wyoming migrant service areas: MNV, MSD, and MWY, effective April 1, 2011, because any eligible migrant population in these states can be more effectively and efficiently served through the respective state’s basic field-general grant.

DATES: Written comments must be received on or before February 22, 2011.

ADDRESSES: Written comments may be submitted by mail or e-mail to Reginald J. Haley, Office of Program Performance, Legal Services Corporation, 3333 K St., NW., Washington, DC 20007; or haleyr@lsc.gov.

FOR FURTHER INFORMATION CONTACT: Reginald J. Haley, Office of Program Performance, Legal Services Corporation, 3333 K St., NW., Washington, DC 20007; or by email at haleyr@lsc.gov.

SUPPLEMENTARY INFORMATION: The Legal Services Corporation’s (LSC) mission is to promote equal access to justice and to provide for high-quality civil legal assistance to low-income persons. Pursuant to its statutory authority, LSC designates service areas in U.S. states, territories, possessions, and the District of Columbia for which it provides grants to legal aid programs to provide free civil legal services, primarily through “basic field-general” grants based on poverty populations.

In some regions, LSC designates migrant service areas for grants that are designed to specifically serve the legal needs of eligible migrant farmworker populations. The funding for migrant service areas is taken out of the funding for the basic field-general service areas also covering those populations based on the estimated number of eligible migrants as a portion of the total poverty population.

For many years LSC has designated migrant service areas in Nevada, South Dakota, and Wyoming. LSC has been informed that the eligible migrant populations in Nevada, South Dakota, and Wyoming are not sufficient in numbers to maintain a separate migrant service area in those states. LSC has reviewed this matter and determined that, based on the available information; it would be more effective and efficient to serve the legal needs of the eligible migrant populations in Nevada, South Dakota, and Wyoming through the basic field-general grants in those states rather than providing separate migrant grants.

LSC provides grants through a competitive bidding process, which is regulated by 45 CFR part 1634. In 2010, LSC implemented a competitive grants process for 2011 calendar year funding that included, inter alia, the Nevada, South Dakota, and Wyoming migrant service areas. LSC determines the term of grants after applications have been received. For 2011, LSC awarded a three-month migrant grant for Nevada to Nevada Legal Services, for South Dakota to Dakota Plains Legal Services and for Wyoming to Legal Aid of Wyoming. These grants are effective January 1, 2011, through March 31, 2011.

LSC intends to eliminate the Nevada, South Dakota, and Wyoming migrant service areas beginning April 1, 2011. Funding for the eligible migrant populations of Nevada, South Dakota, and Wyoming will be restored to those states’ basic field-general grants. LSC expects that the recipients of those grants, i.e., Nevada Legal Services, Dakota Plains Legal Services, and Legal Aid of Wyoming, will continue to provide services to the eligible migrant populations as part of their basic field-general grants.

LSC invites public comment on this decision. Interested parties may submit comments to LSC within a period of thirty (30) days from the date of publication of this notice. More information about LSC can be found at LSC’s Web site: http://www.lsc.gov.

NUCLEAR REGULATORY COMMISSION

[Docket No. 52–037; NRC–2008–0556]

Ameren Missouri; Combined License Application for Callaway Plant Unit 2; Exemption

1.0 Background

Union Electric Company, doing business as Ameren UE, submitted to the U.S. Nuclear Regulatory Commission (NRC) a Combined License (COL) Application for a single unit of AREVA NP’s U.S. EPR in accordance with the requirements of Title 10 of the Code of Federal Regulations (10 CFR), Subpart C of part 52, “Licenses, Certifications, and Approvals for Nuclear Power Plants.” This reactor is to be identified as Callaway Plant (Callaway), Unit 2, and located at the current Callaway County, Missouri site of the Callaway Power Plant. The Callaway, Unit 2, COL application is based upon and linked to the U.S. EPR reference COL (RCOL) application for UniStar’s Calvert Cliffs Nuclear Power Plant, Unit 3 (CCNPP3). The NRC docketed the Callaway, Unit 2, COL application on December 12, 2008. In its letter to the NRC dated April 28, 2009, Ameren informed that it was suspending its efforts to build a nuclear power plant in Missouri. Subsequently, by letter dated June 23, 2009, Ameren requested the NRC to suspend all review activities relating to the Callaway, Unit 2, COL application. The NRC informed Ameren by letter dated June 29, 2009, that it had suspended all review activities relating to the Callaway, Unit 2, COL application. The NRC is currently performing a detailed review of the CCNPP3 RCOL application, as well as AREVA NP’s application for design certification of the U.S. EPR.

2.0 Request/Action

The regulations specified in 10 CFR 50.71(o)(3)(iii) require that an applicant for a combined license under 10 CFR part 52 shall, during the period from docketing of a COL application until the Commission makes a finding under 10 CFR 52.103(g) pertaining to facility operation, submit an annual update to the application’s Final Safety Analysis Report (FSAR), which is a part of the application.

On February 25, 2009, Ameren submitted Revision 1 to the COL application, including updates to the FSAR. Pursuant to 10 CFR 50.71(o)(3)(iii), the next annual update would be due in December 2010. Union Electric Company, doing business as Ameren Missouri (Ameren) as of October 2, 2010, as noted in its letter to the NRC dated October 26, 2010, has requested a one-time exemption from the 10 CFR 50.71(o)(3)(iii) requirements to submit the scheduled 2010 and 2011 COL application FSAR updates, and proposed for approval of a new submittal deadline of December 31, 2012, for the next FSAR update.

In summary, the requested exemption is a one-time schedule change from the requirements of 10 CFR 50.71(o)(3)(iii). The exemption would allow Ameren to submit the next FSAR update at a later date, but still in advance of NRC’s reinstating its review of the application and in any event, by December 31, 2012. The current FSAR update schedule could not be changed, absent the exemption. Ameren requested the exemption by letter dated October 26, 2010 (Agencywide Documents Access and Management System (ADAMS) Accession Number ML103090556).

3.0 Discussion

Pursuant to 10 CFR 50.12, the NRC may, upon application by any interested person or upon its own initiative, grant exemptions from the requirements of 10 CFR Part 50, including Section 50.71(o)(3)(iii) when: (1) the exemptions are authorized by law, will not present an undue risk to public health or safety, and are consistent with the common defense and security; and (2) special circumstances are present. As relevant to the requested exemption, special circumstances exist if: (1) “Application of the regulation in the particular circumstances would not serve the underlying purpose of the rule or is not necessary to achieve the underlying purpose of the rule” (10 CFR 50.12(a)(2)(ii)); (2) “Compliance would result in undue hardship or other costs that are significantly in excess of those contemplated when the regulation was...
