Availability of Meeting Materials: The EPA will post the final Policy Assessment at http://www.epa.gov/ttn/naaqs/standards/no2so2sec/cr_pa.html. Procedures for Providing Public Input: Public comment for consideration by EPA's Federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a Federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide

independent advice to EPA. Members of the public can submit comments for a Federal advisory committee to consider as it develops advice for EPA. They should send their comments directly to the Designated Federal Officer for the relevant advisory committee. **Oral Statements:** To be placed on the public speaker list for the meeting, interested parties should notify Dr. Stallworth, DFO, by e-mail no later than February 7, 2011. Individuals making oral statements will be limited to five minutes per speaker. **Written Statements:** Written statements for the meeting should be received in the SAB Staff Office by February 7, 2011 so that the information may be made available to the Panel for its consideration prior to this meeting. Written statements should be supplied to the DFO via e-mail (acceptable file format: Adobe Acrobat PDF, MS Word, WordPerfect, MS PowerPoint, or Rich Text files in IBM–PC/Windows 98/2000/XP format). **Accessibility:** For information on access or services for individuals with disabilities, please contact Dr. Stallworth at the phone number or e-mail address noted above, preferably at least ten days prior to the meeting, to give EPA as much time as possible to process your request.

Dated: January 13, 2011.

Anthony F. Maciorowski,
Deputy Director, EPA Science Advisory Board
Staff Office.
