SUPPLEMENTARY INFORMATION:

Background

The correcting amendment that is the subject of this correction revised the Macadamia Nut Crop Insurance Provisions to specify the correct crop year to which it was applicable. It was published September 27, 2010 (75 FR 59057).

Need for Correction

As published, the Background of the correcting amendment contained an error which may prove to be misleading and which needs to be clarified. The sentence in the background stated "The 2011 contract change date for the Macadamia Nut Crop Insurance

Provisions is August 31, 2010, which is prior to April 30, 2011." This sentence should have stated "The 2011 contract change date for the Macadamia Nut Crop Insurance Provisions is August 31, 2009, which is prior to April 30, 2010."

Correction of Publication

In FR Doc. 2010-23884, on page 59057 in the issue of September 27, 2010, make the following correction, in the **SUPPLEMENTARY INFORMATION** section. On page 59057 in the second column, correct the third sentence of the second paragraph in the Background section under "Need for Correction" to read: "The 2011 contract change date for the Macadamia Nut Crop Insurance Provisions is August 31, 2009, which is prior to April 30, 2010."

Signed in Washington, DC, on January 14, 2011.

William J. Murphy,

Manager, Federal Crop Insurance Corporation.

Kiwifruit Grown in California; Order Amending Marketing Order No. 920; Correction

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Correcting amendment.

SUMMARY: This document contains a correction to the final rule that was published in the **Federal Register** on Tuesday, June 29, 2010 (75 FR 37288). The final rule amended Marketing Order No. 920 (order), which regulates the handling of kiwifruit grown in California. The amendments redefined the grower districts into which the production area is divided and reallocated committee membership among the districts. This rule corrects the final rule by removing order language regarding selection of members and alternates that was inadvertently kept in after the removal of the language as a conforming change was approved by growers in a referendum.

DATES: Effective January 25, 2011.

SUPPLEMENTARY INFORMATION: This document provides a correcting amendment to Marketing Order 920 (7 CFR part 920). Specifically, this rule removes language from § 920.21—"Term of Office" that refers to the selection of three committee members and alternates to represent the districts with the highest shipping volumes.

The Kiwifruit Administrative Committee (committee) is comprised of eleven grower members and eleven alternates, as well as one public member and alternate. Prior to the recent order amendment, the regulated production area was divided into eight grower districts. One grower member and one alternate were selected to represent each of the eight districts on the committee. Three members and alternates were selected to provide additional representation for the three districts with the highest shipping volume.

A final rule was published on June 29, 2010 (75 FR 37288) that amended section 920.12 of the order to provide for only three grower districts, with all eleven grower member and alternate seats allocated among the districts based on production history. A conforming change was necessary in section 920.21, to delete references to additional members and alternates for the districts with the highest shipping volume as this was no longer relevant under the modified district makeup. Although this conforming change was approved, along with the district changes to section 920.12, AMS inadvertently kept the language in 920.21 that was no longer relevant. This correcting amendment removes that language.
