

committees to perform the duties of Recreation RACs, in each State or region for Federal recreation lands and waters managed by the Forest Service or the BLM. These committees make recreation fee program recommendations on implementing or eliminating standard amenity fees; expanded amenity fees; and noncommercial, individual special recreation permit fees; expanding or limiting the recreation fee program; and fee-level changes.

The REA grants flexibility to Recreation RACs by stating that the Secretaries:

- May have as many additional Recreation RACs in a State or region as the Secretaries consider necessary;
- Shall not establish a Recreation RAC in a State if the Secretaries determine, in consultation with the Governor of the State, that sufficient interest does not exist to ensure that participation on the committee is balanced in terms of the points of view represented and the functions to be performed; or
- May use a resource advisory committee established pursuant to another provision of law and in accordance with that law.

The Secretaries have signed an Interagency Agreement that authorizes the Forest Service to use existing BLM RACs and the BLM to use Forest Service Recreation RACs for the purposes stated in REA.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the

Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Atlantic Highly Migratory Species Voluntary Release Reports.

OMB Control Number: None.

Form Number(s): NA.

Type of Request: Regular submission (request for approval of a new information collection).

Number of Respondents: 9,246.

Average Hours per Response: 5 minutes.

Burden Hours: 771.

Needs and Uses: This request is for approval of a new information collection.

Under the Magnuson-Stevens Fishery Conservation and Management Act (MSFMCA, 16 U.S.C. 1801 et seq.) the National Marine Fisheries Service (NMFS) is to ensure that conservation and management measures promote, to the extent practicable, implementation of scientific research programs that include the tagging and releasing of Atlantic highly migratory species (HMS). The proposed information collection would allow the public to submit volunteered geographic information relating to HMS releases in order to populate an interactive Web site mapping tool. This Web page could attract visitors who are interested in Atlantic HMS and would contain information and links to promote HMS tagging programs that the general public could support or in which they could become involved. All submissions would be voluntary. Information would be used to raise awareness for releasing Atlantic HMS and HMS tagging programs, and would not be used as representative results.

Affected Public: Individuals or households; business or other for-profit organizations; not-for-profit institutions; state, local or tribal government.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by

calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at *dHynek@doc.gov*).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to *OIRA_Submission@omb.eop.gov*.

Dated: January 20, 2011.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Economic Development Administration

Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

AGENCY: Economic Development Administration, Department of Commerce.

ACTION: Notice and Opportunity for Public Comment.

Pursuant to Section 251 of the Trade Act of 1974, as amended (19 U.S.C. 2341 et seq.), the Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

Foreign-Trade Zones Board

[Docket 6-2011]

Foreign-Trade Zone 153—San Diego, CA; Application for Manufacturing Authority; Abbott Cardiovascular Systems, Inc. (Cardiovascular Device Manufacturing); Riverside County, CA

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the City of San Diego, grantee of FTZ 153, requesting manufacturing authority on behalf of Abbott Cardiovascular Systems, Inc. (Abbott), located in Riverside County, California. The application was submitted pursuant to the provisions of the Foreign-Trade

Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on January 18, 2011.

The Abbott facilities (3,500 employees, up to 9 million units per year) are located within three sites of FTZ 153: *Site 11* (54.2 acres) is located at 26531 Ynez Road, Temecula; *Site 12* (8.3 acres) is located at 42301 Zevo Drive, Temecula; and, *Site 13* (4.4 acres) is located at 30590 Cochise Circle, Murrieta. The facilities are used for the production of cardiovascular devices including stents, catheters and guidewires. Components and materials sourced from abroad (representing 5% of the value of the finished product) include: resins, plastic tubing, stent components, plastic packaging, plastic clips, nickel tubing and tantalum tubing (duty rate ranges from 2 to 6.5%). The application also requests authority to include a broad range of inputs and finished cardiovascular devices that Abbott may produce under FTZ procedures in the future. New major activity involving these inputs/products would require review by the FTZ Board.

FTZ procedures could exempt Abbott from customs duty payments on the foreign components used in export production. The company anticipates that some 50 percent of the plants' shipments will be exported. On its domestic sales, Abbott would be able to choose the duty rate during customs entry procedures that applies to the finished cardiovascular devices (duty free) for the foreign inputs noted above. FTZ designation would further allow Abbott to realize logistical benefits through the use of weekly customs entry procedures. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The request indicates that the savings from FTZ procedures would help improve the facilities' international competitiveness.

In accordance with the Board's regulations, Diane Finver of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is March 28, 2011. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to April 11, 2011.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue, NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via <http://www.trade.gov/ftz>.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482-1367.

Dated: January 18, 2011.

Andrew McGilvray,
Executive Secretary.
