

committees to perform the duties of Recreation RACs, in each State or region for Federal recreation lands and waters managed by the Forest Service or the BLM. These committees make recreation fee program recommendations on implementing or eliminating standard amenity fees; expanded amenity fees; and noncommercial, individual special recreation permit fees; expanding or limiting the recreation fee program; and fee-level changes.

The REA grants flexibility to Recreation RACs by stating that the Secretaries:

- May have as many additional Recreation RACs in a State or region as the Secretaries consider necessary;
- Shall not establish a Recreation RAC in a State if the Secretaries determine, in consultation with the Governor of the State, that sufficient interest does not exist to ensure that participation on the committee is balanced in terms of the points of view represented and the functions to be performed; or
- May use a resource advisory committee established pursuant to another provision of law and in accordance with that law.

The Secretaries have signed an Interagency Agreement that authorizes the Forest Service to use existing BLM RACs and the BLM to use Forest Service Recreation RACs for the purposes stated in REA.
