Farm Service Agency

Title: Emergency Conservation Program.

OMB Control Number: 0560-0082.

Summary of Collection: The Farm Service Agency (FSA), in cooperation with the Natural Resources Conservation Service, the Forest Service, and other agencies and organizations, provides eligible producers and landowners cost-share incentives and technical assistance through several conservation and environmental programs to help farmers, ranchers, and other eligible landowners and operators conserve soil, improve water quality, develop forests, and rehabilitate farmland severely damaged by natural disasters. The authorities to collect information for this collection are found under the Agricultural Credit Act of 1978 (16 U.S.C. 2201-2205), which provides emergency funds for sharing with agricultural producers the cost of rehabilitating farmland damaged by natural disaster, and for carrying out emergency water conservation measures during periods of severe drought.

Need and Use of the Information: FSA will collect information using several forms. The collected information will be used to determine if the person, land, and practices are eligible for participation in the respective program and to receive cost-share assistance. Without the information, FSA will not be able to make eligibility determinations and compute payments in a timely manner.

a valid Tax Identification Number to direct program benefits to. The AD-2047 will be used to document Core Customer Data changes and also to provide a method to identify who made applicable changes and when this was done.
