ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 261

Hazardous Waste Management System; Identifying and Listing Hazardous Waste Exclusion

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The EPA (also, “the Agency” or “we” in this preamble) is granting a petition submitted by Owosso Graphic Arts Inc. (OGAI), in Owosso, Michigan to exclude (or “delist”) up to 244 cubic yards of wastewater treatment sludge per year from the list of hazardous wastes.

The Agency has decided to grant the petition based on an evaluation of waste-specific information provided by OGAI and a consideration of public comments received. This action conditionally excludes the petitioned waste from the requirements of hazardous waste regulations under the Resource Conservation and Recovery Act (RCRA) when disposed of in a Subtitle D landfill permitted, licensed, or registered by a State to manage industrial solid waste. The rule also imposes testing conditions for waste generated in the future to ensure that this waste continues to qualify for delisting.

DATES: This final rule is effective on January 27, 2011.
