

consistent with our previous findings made for the total taking allowed under the SOCAL Range Complex regulations. Finally, the record supports NMFS' conclusion that the total number of marine mammals taken by the 2011 activities in the SOCAL Range Complex will have no more than a negligible impact on the affected species or stock of marine mammals and will not have an unmitigable adverse impact on the availability of these species or stocks for taking for subsistence uses. Accordingly, NMFS has issued a one-year LOA for Navy training exercises conducted in the SOCAL Range Complex from January 22, 2011, through January 21, 2012.
