DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration****Agency Information Collection Activities: Proposed Collection; Comment Request**

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (240) 276–1243.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use

of automated collection techniques or other forms of information technology.

Proposed Project: Survey of Evidence-Based Practices for Mental Health and Substance Use Disorders in State Medicaid Plans: Coverage Structures, Access and Challenges—NEW

The Substance Abuse and Mental Health Services Administration (SAMHSA) is conducting a survey to gather information about current and planned State Medicaid activities and policies related to eight mental health/substance abuse evidence-based practices (EBPs). This survey is part of a five-year project to increase attention to and understanding of Medicaid mental health and substance abuse service issues among State Medicaid and Mental Health/Substance Abuse Directors, as well as improve the effectiveness of State Medicaid mental health services.

The purpose of the survey is to determine the overall management and delivery of mental health and substance abuse services within Medicaid and the use of eight specific evidence-based practices. The information provided through the survey will be vital to increasing awareness and understanding of Medicaid mental health/substance abuse evidence-based practice activities. This information will also be used to develop numerous products to help State Medicaid and Mental Health/Substance Abuse Directors adopt, deliver, and refine existing policies about mental health and substance abuse EBPs.

A survey will be sent to the director of each State Medicaid office in the 50 States and the District of Columbia, with responses expected over a four-week period. The survey contains a total of 114 questions on the overall management and delivery of mental health and substance abuse services within Medicaid and on the implementation of eight EBPs within the state Medicaid program. However, respondents will complete part or all of the survey, depending on how many of the eight EBPs are being implemented in their state. The survey will be sent electronically to State Medicaid Directors, and they may respond by email or facsimile. To reduce burden, prior to administering the survey several survey questions will be pre-completed based on existing information, as available.

Below is the table of the estimated total burden hours:

Respondent	Number of respondents	Number of responses per respondent	Average burden hour	Total burden hours
State Medicaid Directors	51	1	1	51

Send comments to Summer King, SAMHSA Reports Clearance Officer, Room 8-1099, One Choke Cherry Road, Rockville, MD 20857 and e-mail her a copy at summer.king@samhsa.hhs.gov. Written comments should be received within 60 days of this notice.

Dated: January 24, 2011.

Thomas Warnock, Program Specialist, Technological Hazards Division, National Preparedness Directorate, 703-605-1207 for additional information. You may contact the Records Management Division for copies of the proposed collection of information at facsimile number (202) 646-3347 or e-mail address: FEMA-Information-Collections-Management@dhs.gov.

SUPPLEMENTARY INFORMATION: The Chemical Stockpile Emergency Preparedness Program (CSEPP) is one facet of the multi-hazard readiness program in eight States that deal with hazardous material spills or releases. The program's goal is to improve preparedness to protect the people of these communities in the unlikely event of an accident. CSEPP, a cooperative effort between FEMA and the U.S.

Army, provides funding (grants), training, community outreach, guidance, technical support and expertise to State, local, and Tribal governments to improve their capabilities to prepare for and respond to this type of disaster. Since no preparedness program can be successful without the public's understanding and cooperation, input from the residents and businesses of immediate and/or surrounding areas is vital for program managers' ability to design custom-tailored strategies to educate and communicate risks and action plans at the local level. This survey, which was initiated six years ago, will continue as the assessment mechanism to document and quantify program achievements. There are two authorities supporting this information collection: (1) The Government Performance Results Act of 1993, which mandates Federal agencies to provide valid and reliable quantification of program achievements, and (2) Executive Order 12862, which requires agencies to survey customers to determine their level of satisfaction with existing services.

Collection of Information

Title: Chemical Stockpile Emergency Preparedness Program (CSEPP) Evaluation and Customer Satisfaction Survey.

Type of Information Collection: Revision of a currently approved information collection.

OMB Number: 1660-0057.

Form Titles and Numbers: FEMA Form 008-0-3, Pueblo EPZ Residential Survey; FEMA Form 008-0-4, Pueblo City Residential Survey; FEMA Form 008-0-5, Pueblo EPZ Business Survey; FEMA Form 008-0-6, Umatilla EPZ Residential Survey; FEMA Form 008-0-7, Blue Grass EPZ Residential Survey; FEMA Form 008-0-8, Deseret EPZ Residential Survey.

Abstract: To support the development of public outreach and education efforts that will improve the emergency preparedness, DHS/FEMA's Chemical Stockpile Emergency Preparedness Program (CSEPP) will collect data from the citizens living in the Immediate Response Zones (IRZ) and Protective Action Zones (PAZ) surrounding stockpile sites. Program managers use survey data findings to evaluate public awareness of protective actions at CSEPP sites, and identify outreach
