Assistance to Individuals With Disabilities in Reviewing Comments

On request, we will supply an appropriate aid, such as a reader or print magnifier, to an individual with a disability who needs assistance to review the comments. If you want to schedule an appointment for this type of aid, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

Background

On December 21, 2006, the Assistant Secretary for Special Education and Rehabilitative Services (Assistant Secretary) issued a final program determination letter (PDL) seeking to recover from Oklahoma \$583,943.29 of Part B of the Individuals with Disabilities Education Act (IDEA-B) funds. These funds, based on a finding in a single audit of Oklahoma (Audit Control Number 06-04-58175), were determined by the Assistant Secretary to have been expended, during fiscal year 2003, in violation of the IDEA-B's maintenance of effort requirement set out in 34 CFR 300.230-300.233 (2003).¹ Specifically, the PDL identified 76 LEAs in Oklahoma that violated the maintenance of effort requirement and the amount of that violation for each of those LEAs.

Oklahoma filed an *Application for Review* of this PDL with the Office of Administrative Law Judges (OALJ) on February 26, 2007. On April 16, 2007, the OALJ granted the parties *Joint Motion to Conduct Voluntary Discovery, Engage in Settlement, Negotiations, and Suspend the Procedural Schedule (Joint Motion)*. Since this *Joint Motion* was granted, Oklahoma has presented the Department with extensive documentation and analysis, not available to the Department at the time the PDL was issued, to support its contention that the total level of the maintenance of effort violation was lower than set out in the PDL. On the basis of that documentation the Assistant Secretary, on November 22, 2010, filed a *Notice of Reduction of Claim* with the OALJ that reduced the claim in this matter from \$583,943.29 to \$289,501.76.

The Department proposes to compromise this remaining claim to \$217,126.32. Based on litigation risks and the costs of proceeding through the administrative and, possibly, court

process for this appeal, the Department has determined that it would not be practical or in the public interest to continue this proceeding. In addition, in light of corrective actions Oklahoma has taken, we do not anticipate recurrence of this maintenance of effort violation. As a result, under the authority in 20 U.S.C. 1234a(j), the Department has determined that compromise of this claim for \$217,126.32 is appropriate. The public is invited to comment on the Department's intent to compromise this claim. Additional information may be obtained by calling or writing to Ronald B. Petracca at the telephone number and address listed at the beginning of this notice.
