

to 4:30 p.m., Monday through Friday, except holidays.

FOR FURTHER INFORMATION CONTACT: For information or to have your name added to the project mailing list, contact Vera-Lynn Harrison, Project Manager, at (307) 352-0259 or Vera_Harrison@blm.gov.

SUPPLEMENTARY INFORMATION: This document provides notice that the BLM RSFO intends to prepare an RMP with an associated EIS for the Rock Springs planning area, announces the beginning of the scoping process, and seeks public input on issues and planning criteria. The planning area includes portions of Lincoln, Sweetwater, Uinta, Sublette, and Fremont counties in southwestern Wyoming. The Rock Springs RMP decision area includes public lands administered by the BLM RSFO and encompasses approximately 3.6 million acres of surface land and 3.5 million acres of mineral estate. The decision area excludes private, State, tribal trust, or other Federal lands or subsurface mineral estates not administered by the BLM.

The purpose of the public scoping process is to identify issues that will influence the scope of the environmental analysis, including alternatives, and guide the planning process. Preliminary issues have been identified by BLM personnel through an interdisciplinary process and include, but are not limited to: cultural and historic resources, Native American concerns, energy and minerals development, renewable energy and associated transmission infrastructure, fire and fuels management, lands and realty actions, paleontological resources, recreation management, special designations, lands with wilderness characteristics and Wild Lands, vegetation management, livestock grazing/rangeland management, visual resources concerns, soil and water management, wildlife habitat management including protection of sensitive species habitat, healthy landscapes initiative, air quality and global climate change, wild horse and burro management, and the economic effects of BLM actions. Additional identified BLM management concerns include: drought management, forest resources, invasive species/noxious weeds, public safety, and the wildland-urban interface.

Preliminary planning criteria include: (1) The RSFO RMP revision will comply with FLPMA and all other applicable laws, regulations, and policies; (2) The RSFO RMP revision will analyze impacts from all alternatives in accordance with regulations at 43 CFR part 1610 and 40 CFR part 1500; (3)

Decisions in the RSFO plan revision will only apply to public lands and the mineral estate managed by the BLM; (4) The revision process will follow the Land Use Planning Handbook H-1601-1; (5) The planning process will include broad-based public participation; (6) The revision process will consider management of lands with wilderness characteristics and designation of Wild Lands; and (7) Revised RSFO planning decisions will consider and incorporate existing plans and policies of adjacent local, State, Federal, and tribal agencies to the extent consistent with Federal law and regulations applicable to public lands. Parties interested in leasing and developing Federal coal in the planning area should provide coal resource data for their area(s) of interest. Specifically, information is requested on the location, quality, and quantity of Federal coal with development potential, and on surface resource values related to the 20 coal unsuitability criteria described in 43 CFR part 3461. This information will be used for any necessary updating of coal screening determinations in the planning area. The coal screening process is described in 43 CFR 3420.1-4.

Proprietary data marked as confidential may be submitted in response to this call for coal information. Please submit all proprietary information submissions to the address listed above. The BLM will treat submissions marked as "Confidential" in accordance with applicable laws and regulations governing the confidentiality of such information. Public participation will be encouraged throughout the process. The BLM will collaborate and build relationships with tribes, State and local governments, Federal agencies, local stakeholders, and others within the community of interest for the RMP. You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section above. To be most helpful, you should submit comments by the close of the scoping period or within 30 days after the last public meeting, whichever is later. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to

do so. The minutes and list of attendees for each scoping meeting will be available to the public and open for 30 days after the meeting to any participant who wishes to clarify the views he or she expressed.

The BLM will evaluate identified issues to be addressed in the plan and will place them into one of three categories:

1. Issues to be resolved by the plan;
2. Issues to be resolved through policy or administrative action; or
3. Issues that are beyond the scope of this plan.

The BLM will explain in the RMP Draft EIS why issues are placed in categories two or three. The public is also encouraged to identify any management questions and concerns that should be addressed in the plan. The BLM will work collaboratively with the interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns.

The BLM will use an interdisciplinary approach to develop the plan in order to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in the planning process: Threatened and endangered species, wildlife, air resources, vegetation, riparian and wetlands, soils, invasive and noxious weeds, rangeland management, fire ecology and management, cultural resources and Native American concerns, hydrology, geology and minerals, lands and realty, recreation, visual resource management, public safety, law enforcement, and geographic information systems.

Authority: 40 CFR 1501.7 and 43 CFR 1610.2

Donald A. Simpson,
State Director.

INTERNATIONAL TRADE COMMISSION

[USITC SE-11-001]

Government in the Sunshine Act Meeting Notice

AGENCY HOLDING THE MEETING: United States International Trade Commission.

TIME AND DATE: February 7, 2011 at 11 a.m.

PLACE: Room 110, 500 E Street, SW., Washington, DC 20436, Telephone: (202) 205-2000.

STATUS: Open to the public.

MATTERS TO BE CONSIDERED:

1. Agenda for future meetings: none.
 2. Minutes.
 3. Ratification List.
 4. Vote in Inv. Nos. 701-TA-474 and 731-TA-1176 (Final) (Drill Pipe and Drill Collars from China). The Commission is currently scheduled to transmit its determinations and Commissioners' opinions to the Secretary of Commerce on or before February 17, 2011.

5. Outstanding action jackets: none.

In accordance with Commission policy, subject matter listed above, not disposed of at the scheduled meeting, may be carried over to the agenda of the following meeting.

By order of the Commission:

Issued: January 24, 2011.

William R. Bishop

Hearings and Meetings Coordinator.

BILLING CODE 7020-02-P

DEPARTMENT OF JUSTICE
Notice of Lodging of Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

Notice is hereby given that on January 24, 2011, a proposed Consent Decree ("Decree") in *United States v. The United Illuminating Company and The Fitchburg Gas and Electric Light Company*, Civil Action No. 11-cv-121, was lodged with the United States District Court for the District of Connecticut.

The Decree resolves claims of the United States against The United Illuminating Company ("United Illuminating") and The Fitchburg Gas and Electric Light Company ("FG&E") under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. 9601-9675, for recovery of costs incurred by the United States Environmental Protection Agency ("EPA") related to the East Main Street Disposal Area Site in New Haven County, Connecticut ("Site"). The Decree requires United Illuminating and FG&E to pay \$464,000 to the United States in reimbursement of costs incurred by EPA at the Site.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the Decree. Comments should be addressed to the Assistant Attorney General, Environmental and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to *United States v. The United Illuminating Company and The Fitchburg Gas and Electric Light Company*, Civil Action No. 11-cv-121 (D.Conn.) D.J. Ref. 90-11-3-09917.

The Decree may be examined at the Office of the United States Attorney, District of Connecticut, New Haven Office, 157 Church Street, Floor 23, New Haven, Connecticut 06510, and at U.S. EPA Region I, U.S. Environmental Protection Agency, 5 Post Office Square, Suite 100, Boston, Massachusetts 02109. During the public comment period, the Decree may also be examined on the following Department of Justice Web site http://www.usdoj.gov/enrd/Consent_Decrees.html. A copy of the Decree may also be obtained by mail from the Consent Decree Library, P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611 or by faxing or e-mailing a request to Tonia Fleetwood (tonia.fleetwood@usdoj.gov),

fax no. (202) 514-0097, phone confirmation number (202) 514-1547. In requesting a copy from the Consent Decree Library, please enclose a check in the amount of \$23.25 (25 cents per page reproduction cost) payable to the U.S. Treasury or, if by e-mail or fax, forward a check in that amount to the Consent Decree Library at the stated address.

Maureen Katz,

Assistant Chief, Environmental Enforcement Section, Environment and Natural Resources Division.

BILLING CODE 4410-15-P

DEPARTMENT OF JUSTICE
Notice of Proposed Consent Decree Under the Clean Air Act

Notice is hereby given that on January 26, 2011, a proposed Consent Decree was lodged with the District Court of the Virgin Islands, Division of St. Croix, in *United States et al. v. HOVENSA L.L.C.*, Civil Action No. 1:11-cv-6.

The Consent Decree in this Clean Air Act enforcement actions against HOVENSA L.L.C. resolves allegations by the Environmental Protection Agency, asserted in a complaint filed together with the Consent Decree, under section 113(b) of the Clean Air Act, 42 U.S.C. 7413(b), for alleged environmental violations at HOVENSA L.L.C.'s petroleum refinery in St. Croix, United States Virgin Islands. The proposed Consent Decree also resolves separate but related territorial law claims brought by co-plaintiff the United States Virgin Islands.

This is one of numerous national settlements reached as part of the EPA's Clean Air Act Petroleum Refinery Initiative. Consistent with the objectives of EPA's national initiative, in addition to the payment of civil penalties, the settlement requires HOVENSA L.L.C. to perform injunctive relief to reduce emissions of nitrogen oxides, sulfur dioxide, volatile organic compounds, and benzene.

The Department of Justice will receive comments relating to the proposed Consent Decrees for a period of thirty (30) days from the date of this publication. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and either e-mailed to pubcomment-ees.enrd@usdoj.gov or mailed to P.O. Box 7611, U.S. Department of Justice, Washington, DC 20044-7611, and should refer to the matters as *United States et al. v.*
