

of § 340.6 describe the form that a petition for a determination of nonregulated status must take and the information that must be included in the petition.

In a notice published in the **Federal Register** on June 27, 2005 (70 FR 36917–36919, Docket No. 04–085–3), APHIS advised the public of its determination, effective June 14, 2005, that the Monsanto and Forage Genetics International GE glyphosate-tolerant alfalfa lines designated as events J101 and J163 were no longer considered regulated articles under the regulations governing the introduction of certain GE organisms. That determination was subsequently challenged in the United States District Court for the Northern District of California by the Center for Food Safety, other associations, and several organic alfalfa growers. The lawsuit alleged that APHIS' decision to deregulate the GE alfalfa events J101 and J163 violated the National Environmental Policy Act (NEPA), the Endangered Species Act, and the Plant Protection Act.

On February 13, 2007, the court in that case issued its memorandum and order in which it determined that APHIS had violated NEPA by not preparing an EIS in connection with its deregulation determination. The court ruled that the environmental assessment prepared by APHIS for its deregulation determination failed to adequately consider certain environmental impacts in violation of NEPA. The deregulation determination was vacated and APHIS was directed by the court to prepare an EIS in connection with making a new determination on the regulated status of the GE alfalfa.

On December 18, 2009, the Environmental Protection Agency published a notice in the **Federal Register** (74 FR 67206–67207, Docket No. ER–FRL–8986–6) announcing the availability of a draft EIS in connection with making a determination on the regulated status of the GE alfalfa. Comments on the draft EIS were to have been received on or before February 16, 2010. APHIS subsequently published a notice¹ in the **Federal Register** on February 24, 2010 (75 FR 8299–8300, Docket No. APHIS–2007–0044), extending the comment period through March 3, 2010.

In December 2010, APHIS published and distributed the final EIS, which included discussion of the public

comments received on the draft EIS. On December 23, 2010, the Environmental Protection Agency published a notice in the **Federal Register** (75 FR 80807–80808, Docket No. ER–FRL–8994–3) announcing the availability of the final EIS. The NEPA implementing regulations in 40 CFR 1506.10 require a 30-day review period between the time a final EIS is published and the time an agency makes a decision on an action covered by the EIS. APHIS received more than 16,000 comments on the final EIS by the time this review period ended on January 24, 2011.

APHIS has reviewed the final EIS and has concluded that it has fully analyzed the issues covered by the draft EIS and those comments and suggestions submitted by commenters. APHIS has now prepared a record of decision based on the final EIS and is making that record available to the public. The record of decision and the final EIS on which the record of decision is based may be viewed on the Internet at <http://www.regulations.gov/fdmspublic/component/main?main=DocketDetail&d=APHIS-2007-0044>. Copies of those documents may also be obtained from the person listed under **FOR FURTHER INFORMATION CONTACT**.

The record of decision has been prepared in accordance with: (1) NEPA, (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

Done in Washington, DC, this January 27, 2011.

Acting Administrator, Animal and Plant Health Inspection Service.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Tag Recapture Card.

OMB Control Number: 0648-0259.

Form Number(s): NA.

Type of Request: Regular submission.

Number of Respondents: 240.

Average Hours per Response: 2 minutes.

Burden Hours: 8.

Needs and Uses: This request is for the renewal of a currently approved information collection.

The Cooperative Game Fish Tagging Program (CGFTP) was initiated in 1954 by Woods Hole Oceanographic Institution (WHOI). In 1973 the CGFTP became a cooperative effort between WHOI and the National Marine Fisheries (NMFS) as part of a comprehensive research program resulting from passage of the Migratory Game Fish Study Act of 1959 (Pub. L. 86-359) and other legislative acts under which the NMFS operates. In 1980 sole control of the CGFTP was handed over to the NMFS. The CGFTP was later renamed the Cooperative Tagging Center (CTC). The CTC attempts to determine the migratory patterns and other biological information of billfish, tunas, and swordfish by having fishermen tag and release their catch, so that fish can be subsequently recaptured.

The primary objectives of a tagging program are to obtain scientific information on fish growth and movements necessary to assist in stock assessment and management. This is accomplished by the random recapture of tagged fish by fishermen and the subsequent voluntary submission of the appropriate data.

Affected Public: Individuals or households.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer:

OIRA_Submission@omb.eop.gov.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 6616, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).
