*Title:* Low Income Home Energy Assistance Program (LIHEAP) Grantee Survey.

*Description:* The LIHEAP Grantee Survey is an annual data collection

activity, which is sent to grantees of the 50 states and the District of Columbia administering the Low Income Home Energy Assistance Program (LIHEAP). The survey is mandatory in order that national estimates of the sources and uses of LIHEAP funds can be calculated in a timely manner; a range can be calculated of State average LIHEAP benefits; and maximum income cutoffs for four-person households can be obtained for estimating the number of low-income households that are income eligible for LIHEAP under the State income standards.

The need for the above information is to provide the Administration and Congress with fiscal estimates in time for hearings about LIHEAP appropriations and program performance. The information also is included in the Department's annual LIHEAP Report to Congress. Survey information also will be posted on the Office of Community Services' LIHEAP Web site for access by grantees and other interested parties.

*Respondents:* 50 States and the District of Columbia.
