specification requirements. Based on additional research by EPA’s consulting contractor (Cadmus) and to the best of the Region’s knowledge at this time, there does not appear to be any other manufacturers capable of meeting the City’s specifications.

Furthermore, the purpose of the ARRA provisions was to stimulate economic recovery by funding current infrastructure construction, not to delay projects that are already shovel ready by requiring entities, like the City, to revise their design and potentially choose a more costly and less effective project. The imposition of ARRA Buy American requirements on such projects eligible for DWSRF assistance would result in unreasonable delay and thus displace the “shovel ready” status for this project. To further delay construction is in direct conflict with the most fundamental economic purposes of ARRA: to create or retain jobs.

The Drinking Water Unit has reviewed this waiver request and has determined that the supporting documentation provided by the City is sufficient to meet the following criteria listed under Section 1605(b) and in the April 28, 2009, Implementation of Buy American provisions of Public Law 111–5, the “American Recovery and Reinvestment Act of 2009” Memorandum: Iron, steel, and the manufactured goods are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality.

The basis for this project waiver is the authorization provided in Section 1605(b)(2), due to the lack of production of this product in the United States in sufficient and reasonably available quantities and of a satisfactory quality in order to meet the City’s design specifications.

The March 31, 2009 Delegation of Authority Memorandum provided Regional Administrators with the authority to issue exceptions to Section 1605 of ARRA within the geographic boundaries of their respective regions and with respect to requests by individual grant recipients.

Having established both a proper basis to specify the particular good required for this project, and that this manufactured good was not available from a producer in the United States, the City is hereby granted a waiver from the Buy American requirements of Section 1605(a) of Public Law 111–5 for the purchase semi-rigid protection boards for a hot applied membrane waterproofing system (15,600 sheets each measuring 39½” × 80”) for a reservoir cover, manufactured in Surrey, British Columbia, specified in the City’s waiver request of November 10, 2010. This supplementary information constitutes the detailed written justification required by Section 1605(c) for waivers based on a finding under subsection (b).

Authority: Public Law 111–5, section 1605.

Issued on: Dated: January 31, 2011.

Dennis J. McLerran, Regional Administrator, EPA, Region 10.

BILLING CODE 6705–01–P

FEDERAL MARITIME COMMISSION

Notice of Inquiry; Solicitation of Views on the Impact of Slow Steaming

AGENCY: Federal Maritime Commission.

ACTION: Notice of Inquiry.

SUMMARY: The Federal Maritime Commission (“FMC” or “Commission”) is issuing this Notice of Inquiry (“NOI”) to solicit public comment on the impact of slow steaming on U.S. ocean liner commerce. Generally, the Commission seeks public comment as to how the practice of slow steaming has (1) impacted ocean liner carrier operations and shippers’ international supply chains; (2) affected the cost and/or price of ocean liner service; and (3) mitigated greenhouse gas emissions.

DATES: Responses are due on or before April 5, 2011.

ADDRESSES: Submit comments to: Karen V. Gregory, Secretary, Federal Maritime Commission, 800 North Capitol Street, NW., Room 1046, Washington, DC 20573–0001.

Or e-mail non-confidential comments to: secretary@fmc.gov (e-mail comments as attachments preferably in Microsoft Word or PDF).

FOR FURTHER INFORMATION CONTACT: Austin L. Schmitt, Director, Bureau of Trade Analysis, Federal Maritime Commission, 800 North Capitol Street, NW., Washington, DC 20573–0001. Telephone: (202) 523–5796, E-mail: aschmitt@fmc.gov.

SUPPLEMENTARY INFORMATION: Submit Comments: Non-confidential filings may be submitted in hard copy or by e-mail as an attachment (preferably in Microsoft Word or PDF) addressed to secretary@fmc.gov on or before April 5, 2011. Include in the subject line: “FMC Slow Steaming—Response to NOI”. Responses to this inquiry that seek confidential treatment must be submitted in hard copy by U.S. mail or courier. Confidential filings must be accompanied by a transmittal letter that identifies the filing as “confidential” and describes the nature and extent of the confidential treatment requested, e.g., commercially sensitive data. When submitting documents in response to the NOI that contain confidential information, the confidential copy of the filing must consist of the complete filing and be marked by the filer as
