Renewal of Approved Information Collection

AGENCY: Bureau of Land Management, Interior.

ACTION: 30-day notice and request for comments.

SUMMARY: The Bureau of Land Management (BLM) has submitted an information collection request to the Office of Management and Budget (OMB) for a 3-year extension of OMB Control Number 1004-0179 under the Paperwork Reduction Act. This control number includes paperwork requirements in regulations that provide the authority for the BLM to collect helium sales information from Federal agencies and helium suppliers of major

helium requirements, in order to balance crude helium purchases from the BLM with sales of helium to Federal agencies.

DATES: The OMB is required to respond to this information collection request within 60 days but may respond after 30 days. Therefore, written comments should be received on or before March 10, 2011 in order to be assured of consideration.

ADDRESSES: Please submit comments directly to the Desk Officer for the Department of the Interior (OMB #1004-0179), Office of Management and Budget, Office of Information and Regulatory Affairs, fax 202-395-5806, or by electronic mail at aira_docket@omb.eop.gov. Please provide a copy of your comments to the BLM via mail, fax, or electronic mail.

Mail: Bureau Information Collection Clearance Officer (WO-630), Department of the Interior, 1849 C Street, NW., Mail Stop 401 LS, Washington, DC 20240.

Fax: Jean Sonneman at 202-912-7102.

Electronic mail:

FOR FURTHER INFORMATION CONTACT: You may contact Libby Conner, at 806-356-1027. Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) on 1-800-877-8339. You may also contact Ms. Conner to obtain a copy, at no cost, of the regulations and forms that require this collection of information.

SUPPLEMENTARY INFORMATION: The following information is provided for the information collection:

Title: Helium Contracts (43 CFR 3195).

OMB Number: 1004-0179.

Type of Review: Extension of a currently approved information collection.

Abstract: This collection of information pertains to the Helium Privatization Act of 1996, which provides that only authorized contractors may sell helium to Federal agencies. The BLM uses this information to verify that authorized contractors are in compliance with the Helium Privatization Act. In order to become an authorized contractor, a helium supplier must enter into an In-Kind Crude Helium Sales Contract to purchase from the Secretary of Interior amounts of crude helium that are equivalent to amounts the supplier sells to agencies of the Federal Government. 50 U.S.C. 167d. In the past, the BLM provided Form 1422x-922 for

respondents to comply with some of these requirements, but the pertinent regulations do not require that they use the form. The respondents have demonstrated compliance with the Helium Privatization Act without using the form and the BLM has determined that the form is no longer necessary to collect information. As a result, the BLM has decided to eliminate Form 1422X-922, although the BLM will continue to require respondents to submit pertinent information through written or electronic means as required by 43 CFR part 3195. The BLM uses the information for reporting and recordkeeping. Responses are required to obtain a benefit.

Frequency of Collection: Quarterly and annually.

Annual Burden Hours: 32 responses with 3.25 hours per response totals 104 burden hours.

Annual Non-hour Burden Cost: There are no processing fees associated with this collection.

Comments: As required in 5 CFR 1320.8(d), the BLM published the 60-day notice in the **Federal Register** on June 14, 2010 (75 FR 33632) soliciting comments from the public and other interested parties. The comment period closed on August 13, 2010. The BLM did not receive any comments from the public in response to this notice, and did not receive any unsolicited comments.

The BLM now requests comments on the following subjects:

1. Whether the collection of information is necessary for the proper functioning of the BLM, including whether the information will have practical utility;
2. The accuracy of the BLM's estimate of the burden of collecting the information, including the validity of the methodology and assumptions used;
3. The quality, utility and clarity of the information to be collected; and
4. How to minimize the information collection burden on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other forms of information technology.

Please send comments to the addresses listed under **ADDRESSES**. Please refer to OMB Control Number 1004-0179 in your correspondence. Before including your address, phone number, e-mail address, or other personal identifying information in your comment, be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying

information from public review, we cannot guarantee that we will be able to do so.

Regardless of the form of your comments, please indicate “*Attention: 1004-NEW.*”

FOR FURTHER INFORMATION CONTACT: Chris Heppe, Arcata Field Office, at (707) 825-2351 (Commercial or FTS). Persons who use a telecommunication device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) on 1-800-877-8339, to contact Mr. Heppe. You may also contact Mr. Heppe to obtain a copy, at no cost, of the regulations that authorize this collection of information.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Bureau of Land Management (BLM) is proposing to sponsor visitor use surveys for the Headwaters Forest Reserve (Reserve) and the King Range National Conservation Area (KRNCA). The Secretary of the Interior acquired the Reserve under the authority of the 1998 Department of the Interior and Related Agencies Appropriations Act, Public Law 105-83 (codified at 16 USC 471j), and established the KRNCA under the authority of Public Law 91-476 (codified at 16 USC 460y-460y-9). The Reserve and the KRNCA are managed by the BLM Arcata Field Office in Northern California and are part of BLM’s National Landscape Conservation System.

The proposed visitor use surveys would contribute to the implementation of the Resource Management Plans (RMPs) for the Reserve and the KRNCA that the BLM approved in 2004 and 2005, respectively. In order to achieve resource protection and recreation goals set forth in the RMPs, BLM must gather accurate data regarding visitor use characteristics. Baseline studies of visitor use characteristics were conducted in the Reserve and the

KRNCA in 1999 and 2003, respectively. These past studies provided comprehensive information about visitors’ demographics and visitors’ views on facilities, conflicts, existing and proposed management actions, resource conditions, and desires for the area. Since those initial studies, several changes have occurred in each area, including the addition of new facilities, and implementation of new management actions, and increasing annual visitation. A new visitor use study is needed in each area to determine changes in visitor characteristics, including demographics, usage, user conflicts, and perspectives toward management programs and facilities. The IC methods will include conducting on-site interviews with visitors on a stratified random sampling basis and distributing mail-back questionnaires. The IC will take place during the summer season when visitation rates are highest. Data will be analyzed and a final report developed for both the Reserve and the KRNCA. This collection of information will enable the BLM to respond to problems, protect natural and cultural resources, and develop appropriate interpretive programs.

II. Data

OMB Control Number: 1004-NEW.

III. Request for Comments

OMB regulations at 5 CFR 1320, which implement provisions of the Paperwork Reduction Act (44 U.S.C. 3501-3521), require that interested members of the public and affected

agencies be provided an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d) and 1320.12(a)). The BLM will request that the OMB approve this

information collection activity for a 3-year term.

Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) the accuracy of the
