Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2010–0022]

Parts and Accessories Necessary for Safe Operation; Brakes; Application for Exemption From Innovative Electronics

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.
ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA requests public comment on an application for exemption from Innovative Electronics regarding the use of trailer-mounted electric brake controllers, which monitor and actuate trailer brakes based on inertial forces developed in response to the braking action of the towing vehicle. While trailer-mounted electric brake controllers function like an electric surge brake, the Federal Motor Carrier Safety Regulations (FMCSRs) define a surge brake as a “self-contained, permanently closed hydraulic brake system” [emphasis added.] As such, the use of trailer-mounted electric brake controllers on commercial motor vehicles is currently prohibited.
Innovative Electronics is requesting a temporary exemption in advance of petitioning FMCSA for rulemaking to
