ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The U.S. Department of Agriculture, Forest Service will prepare an environmental impact statement (EIS) for the Big Thorne Project located on Prince of Wales Island, part of the Thorne Bay Ranger District of the Tongass National Forest. The overall effort will be implemented through the use of various contracting authorities available to the Forest Service, including timber sale, service, and stewardship contracts, by combining some of the timber harvest activities of this project with restoration and enhancement activities to be analyzed separately. This EIS will consider the cumulative effects of the timber harvest activities and reasonably foreseeable stewardship activities in the area.
